HAND CRUSHED IN MILL MACHINE

E. Locke Of Lents, Suffers Loss Of Fingers And A Fractured Wrist At Mill.

E. Locke, residing on the hill in the North end of Lents, employed in the Rice & Kinder mill had the great misfortune to catch his hand in the cogs of a wheel, the roller slipping and badly crushing it. The accident occurred on Saturday morning last shortly after the mill started up. He called for assistance, holding himself out from being drawn into the machine for fully fifteen minutes before the mill was shut down and his release effected, himself assisting in loosening the bolts necessary to effect his release. He was taken to the Good Samaritan hospital where it was found necessary to remove all the fingers on the injured hand. It was feared for some time that it would be necessary to remove the hand at the wrist, but he seems at this time to be doing so nicely that it is hoped this will not be necessary. His arm was also broken at the wrist. He has a wife and three children.

VOLUNTARY ENLISTMENT STILL POSSIBLE.

Home County to Receive Credit For Enlistment No Matter Where Applicant Appears.

Until his name has been actually posted by his local exemption board as called up for physical examination, any man subject to the draft is free to enlist as a volunteer in the Army or Navy of the United States.

Much misunderstanding has arisen on this point, but the foregoing statement may be taken as official and correct.

After a man has once been notified to appear for physical examination, he is subject to the military authority and can no longer enlist as a volunteer. But until that time there is no restriction against enlistment on his part.

Voluntary enlistment made since June 30th will not be credited against the quota on the first draft of the state and of the county from which these volunteers come. But assurance has been given by the Provost Marshal General at Washington that they probably will be credited against the next draft.

The interests of every county in the state, no matter how remote, are very carefully guarded in the matter of giving credit for volunteer enlistments.

I Believe In My Country

I believe
That there are greater things in life
Than life itself;
I believe
In climbing upward
Even when the spent and broken thing
I call my body
Cries "Halt!"
I believe
To the last breath
In the truths
Which God permits me to see;
I believe
In fighting for them,
In drawing,
If need be,
Not the bloody sword of man
Brutal with conquest
And drunk with power,
But the white sword of God,
Flaming with His truth
And healing while it slays.
I believe
In my country and her destiny,
In the great dream of her founders,
In her place among the nations,
In her ideals;
I believe
That her democracy must be protected,
Her privileges cherished,
Her freedom defended;
I believe
That, humbly before the Almighty,
But proudly before all mankind,
We must safeguard her standard,
The vision of her Washington,
The martyrdom of her Lincoln,
With the patriotic ardor
Of the minutemen
And the boys who fought
In her glorious past;
I believe
In loyalty to my country,
Utter, irrevocable, inviolate,
Thou, in whose sight
A thousand years are but as yesterday
And as a scotch in the night,
Help me
In my frailty
To make real
What I believe.

PACIFIC COAST RESCUE SOCIETY

Appeals to Housewives for Canned Fruits and Vegetables—A Little from Each Home Sufficient

To The Mothers and Sisters of Oregon:—
It will be needless for me to go into details and explain to you the problem of feeding 35 girls and 60 babies. The task is difficult at any time, but a tremendous burden at present. I appeal to you to remember the girls and babies during this canning season, and put up a little extra to ship to the Louise Home and the Albertina Kerr Nursery Home, where we are caring for abandoned mothers and babies, and we assure you that whatever you can do in their behalf will be greatly appreciated. Why not form a club in your town and ship a barrel of canned fruit or canned vegetables at Thanksgiving.
Address correspondence to Gen. Supt. W. G. MacLaren, 195 Burnside St., Portland, Oregon, for shipping instructions.

BLAZE CAUSED BY LIGHTED MATCH.

An alarm of fire sent in early in the day on Wednesday, to which the Kern Park company responded, proved to be the residence of J. Ruel, 10205 59th Ave. The conflagration was caused by the careless use of matches. The house was saved with only about \$45.00 of damage. The heroic work of Mr. Ruel however, did more than anything else to save the building as the Kern Park company's equipment does not include chemical apparatus and there was no hydrant within half a mile of the burning building. Perhaps some day Fire Department Headquarters will learn that the Lents volunteer fire department has a chemical equipment especially for the local water limitations. To send only hose equipment to sections where there is no water is folly yet it is done repeatedly. The Kern Park boys made a record run and did good service considering what they were up against.
Mrs. Ruel is an invalid and when the fire broke out Mr. Ruel immediately carried her out of the house to a place of safety and then went back and commenced to fight the flames with such success as to nearly have them under control when the department arrived.

BIG ATTRACTIONS FOR COUNTY FAIR

Those who enjoy riding on a Ferris wheel will have that gratification for the first time in the history of Gresham and the county fair when the fair opens in September.

The fair board yesterday closed a deal with the Browning Amusement company for a Ferris wheel, a giant merry-go-round, a dancing platform and a bunch of shows, besides several concessions of an amusement nature. The aggregation will fill one-fourth of the available space on the amusement trails.

Another contract was signed with Professor Frank Miller for a series of balloon ascensions and parachute drops. These attractions, together with the evening Chautauqua concerts will keep everyone interested every day and evening of the fair. The riding devices and the dancing together with the tent shows will make the usual charges, but the Chautauqua will be free to all inside the gates. The balloon and parachute drops will be free attractions.

There will also be a good racing card for the three last days of the fair. President Lewis was authorized to make arrangements with Ed Fortuna, a well-known turfman, for a full series of racing events. A. J. Krueger, one of the fair board directors, was appointed superintendent of the race track and grand stand. The Chautauqua programs will be arranged by the entertainment committee consisting of Theodore Brugger, C. M. Lake and A. F. Miller.

The local auxiliary of the Red Cross held their regular meeting in the sewing room of the school at Lents Wednesday afternoon. Owing to some work which is being done at the school they will meet at private homes for a few weeks. The day of meeting has been changed as it was found that many who would like to assist in this work could not be present on Wednesday. Hereafter the meetings will be held on Tuesday afternoons of each week.

The meeting next week will be held at the home of Mrs. J. C. McGrew, 8741 56th Ave., S. E. The attendance was good at Wednesday's meeting, but previously the number has been small.

LAST CANNING LESSON FOR LENTS ON MONDAY

Next Monday morning at 9:00 o'clock will occur the last of the series of canning demonstrations at the Lents school. These demonstrations have been exceedingly profitable and interesting to those who have attended and it is hoped that there will be a large attendance at the last one held. While not definitely known, it is expected that vegetables will be the basis of this last demonstration, which will be held in the cooking room of the school.

for some time. It is hoped that by changing the day more of the ladies will find it possible to attend. In this time of our country's need the women should rally and do their part, even at the sacrifice of other duties.
