Eye Comfort for Reading and Distance

KRYPTOK Glasses are a wonderful convenience to middle-aged men and women who wear glasses.

You can see both near and far objects through KRYPTOKS with equal distinctness. Yet KRYPTOKS cannot be distinguished from single vision glasses.

KRYPTOK GLASSES THE INVISIBLE BIFOCALS

and the nuisance of removing your reading glasses every time you look across the room or at a distance. They relieve the tiring strain upon your eyes caused by frequently looking through your reading glasses, at objects three or four feet away.

KRYPTOKS are solid lenses without seam, line, or blur. They are the only bifocals with smooth, even surfaces—no age-revealing, vision-blurring lines, seams or shoulders.

The Price of Bread.

Europeans are buying war bread more cheaply than Americans. With flour milled from American wheat, bakeries of Great Britain, France, Italy and Belgium are selling bread at from 60 to 100 per cent less than this country's white loaf compounds. These figures are given by Representative Keating, Colorado, father of the child labor bill, who, with other congressmen, asked: "Why not 5-cent bread in America?" In Great Britain 32 ounces of bread sell for 11 cents; in France 35 ounces for 9 cents; in Italy 35 ounces for 8 cents and in Belgium 35 ounces for 11 cents. In Washington, D. C., 14 ounces sell for 10 cents. "Remember," said Keating, "that the grain which goes in this bread was raised and sold by American farmers; that speculators and middlemen made their regular profits; that freight was paid to the seaboard and the highest cargo rate in history expended for its shipment across the Atlantic. What reason can be assigned, then, for the fact that bread is sold cheaper 5000 miles away from the original wheat field than it is at home?"

"Five-cent bread is what the masses of the country need. Those above the ranks of workers are able to eat, even if they are overcharged. But the man who labors should have his table protected. A food regulation which means cheaper wheat for the farmer and cheaper flour for the miller and baker but which does not reach down to the masses of the people, is a farce. The people who find their bread prices do not fall, despite great promises, will be more disappointed than if no effort had been made to relieve them."—Exchange.

To keep flies out of the pantry sponge the windows weekly with a weak solution of carbolic acid and water.

Cherryville.

Indian weather all right! No one ever saw such delightful weather in October in any country.

Over one mile of plank road, running through Cherryville, has been laid. 150,000 feet will be laid before the job is finished. Only \$2.00 a day is being paid and hands are hard to get at that price, but people in the neighborhood are doing the work for the benefit of the community. The planks, heavy fir, were hauled a distance of, at the furthest, some seven or eight miles. C. W. Wells has charge of the road crew and is with them every day and a good job is being done along the entire line. Writers in the Portland papers tell about the road through Marmot being the most desirable up into the mountains. If they were compelled to ride in a high-powered auto they wouldn't care to take another trip very soon. Cherryville is now on the map as this side of the river will doubtless be the main thoroughfare for the trip around the loop, connecting it with the Columbia scenic highway.

The writer recently had the pleasure of a trip over the Columbia Highway on a beautiful bright day. Nothing that has been written or said about this grand and unsurpassed scenic route has been exaggerated or overdrawn in the least. Thousands of people throng the route, especially on Saturdays and Sundays if the weather is at all favorable. The waterfalls are a beautiful sight, especially the Multnomah Falls, Horse-tail and Wakenna.

P. T. Shelly, of Sandy, has sold out the mail route running through this place from Sandy to Welcher. The purchasers are Hazelmander & Senske, both stirring young men who are prompt and obliging and will drive through on schedule time.

Bellrose-Gilbert.

Mrs. Mahoney, of Gilbert, who has recently taken up her residence in the house formerly occupied by the Bunce family, had the misfortune a short time since to run a needle into her hand while sewing and breaking it off. It became very painful and threatened to cause more or less trouble. An x-ray examination was necessary to locate the piece of steel which was removed as soon as found. Mrs. Mahoney is now improving rapidly and will soon have the use of her hand again.

The many friends of Mrs. Bateman in this vicinity will be pleased to learn that recent letters received from her announce that she is well and enjoying her stay in Michigan, although greatly desiring to see her Gilbert friends again. She has spent the summer with her sister in Michigan and as yet is uncertain as to the time when she will return to Oregon.

The Congregation of Bennett Chapel are planning to unite with the Methodists of Lents in a reception to Mr. and Mrs. Jasper, the pastor and wife, which will be held in the Lents church on Friday evening.

Kendall.

The Ladies' Aid met last week at the home of Mrs. Clark. The following officers were elected to serve during the coming year: President, Mrs. Miles; vice-president, Mrs. P. J. Johnson; secretary, Mrs. Pomeroy; treasurer, Mrs. Aukins. The next meeting will be held on Wednesday of next week at the home of Mrs. Johnson.

The Parent-Teachers are to hold a business meeting on Friday evening at the school house.

Mrs. Ham is visiting relatives and friends in Seattle, her former home.

Two of our leading dairies are changing hands. Mr. Ming, of the Rock Home dairy, has sold out to other parties who will continue the business. Also, Mr. Hickey, of the Dover dairy, expects to turn their milk business over to others. Mr. Hickey's continued ill health is largely responsible for his discontinuance of the business, although with the assistance of Miss Davis he has carried on the business for some time in a satisfactory manner and their customers regret the necessity of a change. Mr. Winters, Mr. Peterson and Mr. Crookshank are all doing a good business, but with the present prices of feed and supplies there is apparently no way to keep the price of milk down.

Bread is one commodity the cost of which can be materially reduced. Fifty lbs. of flour will make 75 loaves. With flour at \$3.00 a sack the cost of the bread would be 4 cts. a loaf. If a housewife does not care to bake her own bread or is not equipped to do so, there are others who would be glad to take the flour and deliver 50 loaves of bread, retaining 25 loaves for their work, thus making the bread cost 6 cts a loaf, while the 25 loaves retained for work would cost \$2.50 at bakery or store. The only question is how to get housewife No. 1 and No. 2 together. Who will suggest?

Woodmere.

The Peters and Thomas families of 60th Ave. took a delightful auto trip on Sunday as the weather was much too nice to stay indoors, but no success was realized in fishing.

An accident occurred at Rayburn station on Friday evening, when an

elderly man, familiar to most people of this district as a "newsboy" endeavored to step from the car before it stopped and fell against the electric light pole. He was taken to the hospital in the ambulance, but it has not been learned how severely he was injured.

Mr. and Mrs. A. H. Nelson attended the funeral of Mrs. Pietzold, a friend of the family, at Sellwood on Monday.

Mr. and Mrs. W. S. Corbett have returned from a pleasant trip to Canby, where they visited their children.

A stray cow is doing considerable damage in the vicinity of 65th Ave. and 80th St. The people who have suffered from these depredations feel that they should not be expected to tolerate them but a short time with a smile, as in this case smiling does no good.

Mrs. Wright, of 82nd St. and 65th Ave., was suddenly called to the bedside of her mother at North Yamhill on Monday, she having been taken with a paralytic stroke. Mrs. Wright's son is with the Aviation Corps somewhere in France. He left the first of August, but as yet no word has been received from him.

The little child of Mr. and Mrs. Cordoezan, of 80th St. and 65th Ave. is reported to be very ill in the hospital, suffering with cancer of the head.

Mrs. Ferrell, of 82nd St. was given a very pleasant farewell surprise party on Saturday by her friends and neighbors who wish her happiness and success in her Bremerton home where Mr. Ferrell is employed by the government at ship painting.

Mrs. Peterson, of Gray's Crossing, has gone to Minnesota to visit relatives.

Mr. Douglas has moved his family into the rear end of the Nelson home as caretaker of the home and also their young son.

W.C.T.U. NOTES

The thirty-fourth annual convention of the State W. C. T. U. was held at Albany the 3rd to the 5th of the month. It was a very successful convention notwithstanding the work of the usual four days session, was crowded into two and one-half days. For business dispatch and efficiency it was a model meeting. The spirit of genuine patriotism prevailed the entire program.

The Plan of Work Committee gave a very comprehensive practical plan which was adopted with enthusiasm. The Resolutions were a setting forth of the declaration of principles of the organization; the key word was National Prohibition.

D. Anderson, the father of the Oregon dry law, was a visitor and was received with great handshaking. His address was an inspiration. He paid a great tribute to Frances Willard and to the W. C. T. U. as the leading spirit in the victories gained.

It was with great reluctance that the delegation gave up the past president, Mrs. Jennie Kemp, who had given a ch masterly leadership and had proven herself so great a captain. Mrs. Kemp has accepted a position under the government, connected with the Hoover Food Administration Board, her appointment coming from the government. Mrs. Frances M. Swope, of Arleta, formerly a resident of Lents, is her successor. Mrs. Swope comes to the leadership well trained and having filled many responsible positions. Mrs. Ada Jolly, also of Arleta, was chosen as State Treasurer. Mrs. Mary Tuthill, of Roseburg is the new Recording Secretary. Mrs. Madge Mears, of Shedd, Linn County, was re-elected as Corresponding Secretary.

Mrs. Christina Sommerfeldt attended the convention as a delegate from Mt. Scott W. C. T. U. Mrs. L. F. Additon, also a member of Mt. Scott Union, was an officer of the County organization and by special request did the publicity work for five papers.

Mt. Scott union met on Tuesday afternoon at the home of Mrs. Gessell. The meeting was called to order and at once adjourned in order that the union might attend the reception which the Arleta union were giving the new state president, Mrs. Swope, at the Laurelwood Congregational church. The afternoon was greatly enjoyed. The account of this reception appears elsewhere in this issue.
