## FOSTER ROAD IN TENTATIVE BUDGET

### Committee Waits on County and an Appropriation is Recommended for Paving Part of Road.

The Committee appointed at the banquet a few weeks ago to investigate the possibility of paving Foster Road, have been actively on the job ever since. A good deal of quiet, personal work has been done by the Chairman, Judge Worden, and several meetings have been held with a view to reporting progress and ascertaining the attitude of the various component parts of the district. The following program was finally agreed upon by representatives of the Arleta district as well as the local, and was made the basis of a visit before the County Commissioners yesterday morning:

1. For paved connection between the Foster Road where it enters the city at 102nd St. and the center of the city.
  2. For an 18-ft strip of paving from 102nd to 72nd to be laid upon the present base, at County expense.
  3. For an appropriation of a sum equal to the cost of a similar strip from 72nd to 52nd; said sum to be turned over to the city to be drawn upon by the property owners of that district when putting in the full city improvements required there.
  4. For paved connection from the junction of Foster Road and 52nd St., to complete the link.
- Such new road bed not to be torn up or disturbed by other city improvements for a period of ten years.
- In response to the personal work that had been done the road committee recommended that Foster Road be paved from 102nd to 82nd at an estimated cost of \$20,000, and that 82nd should be paved from the Clackamas County line to the Section line, and along the Section line Road to Sixtieth at an estimated cost of \$72,000. This would leave

## MRS. KEMP ADDRESSES LENTS GRANGERS

Lents Grange held an interesting all-day session on Saturday last. The morning session was taken up with work in the degrees and routine business. Mrs. Edith T. Weathered and Mrs. Jennie M. Kemp were the speakers at the afternoon session. Mrs. Weathered spoke on the relation which the Grange sustains to life and of the advantages which were accruing to both city and country by the dovetailing of mutual interests brought about by better rural conditions, good roads, automobiles, telephone and rural free delivery.

Mrs. Kemp addressed the Grange in the interests of the food conservation campaign, taking for her subject, "Women in War Time," speaking on the many phases of present day conditions in which women were vitally interested and in which they could help the government to win the war just as surely as though they were permitted to go to the front. Incidentally, some good-sized jobs were handed out to the men past military age as well, such as helping to rid the country of rats which are annually destroying as much grain as it would take 100,000 men to produce; and also to give themselves up to the solving of hog cholera problem, as authorities give it out that enough hogs died with the cholera last year to feed 100,000 soldiers five months. "In a very large degree," Mrs. Kemp said "it is the mothers who are going to win this war." Many little human interest stories were told illustrative of the heroism which is being shown by the mothers of the fighting nations.

A bountiful luncheon was served during the noon hour. There were many visitors from neighboring granges, including Pleasant Valley, Evening Star and Woodlawn.

### Up To Him.

She had just uttered the fateful "yes." "Do you think dearie," he went on, "that you can manage with my salary of \$20 a week?"

"I'll try, Tom," replied the girl. "But what will you do?"

### Tried Both.

Colonel: Well, what do you want?  
Hobo: Colonel, believe me, I am no ordinary beggar. I was at the front.  
Colonel: You were?  
Hobo: Yes, sir; but I couldn't make 'em hear, so I came round to the back.

## HELP WANTED MALE OR FEMALE

### Six Hard Worked Business Men in Need of a Little Assistance From The Arleta District.

Every night from 7:00 to 9:00 and during the greater part of the day a few public spirited citizens spend their time, shoe-leather and energy, rain or shine, in visiting the homes in the Arleta district explaining the benefits that will accrue to the district with the advent of a new public library, and soliciting funds to purchase the lot necessary to secure this building.

The Portland Library Association found they were in a position to turn one of the very few remaining Carnegie Libraries out this way, and after full investigation of the needs of the community chose the Arleta district, and laid down certain specifications which would have to be met before the building could be secured. These were briefly to provide a lot in a position suitable to the Association. One was finally O. K'd at 46th avenue and Foster Road, and this energetic committee are busy night and day securing subscriptions of \$1 and up until the required \$1800 is secured. To date they have raised \$1260, and would have completed the task if it had not proven to be such slow work. On account of having to stop and explain the matter fully to each party they find they can only make a few visits each day, and most of these must be made in the evening when the men folk are at home.

The library will serve a district of about 1600 blocks, with many thousand homes, so it should not be at all difficult to raise the entire sum. If all who read these lines, if they have not already given, will get in touch with the committee at once and send in \$2 or \$3 or \$5 or \$10, much time and energy will be saved and it will be a fine test of true public spiritedness. Mr. Leach is the Secretary, at the Phoenix Pharmacy, Kern Park, Tabor 465.

## ST. PAUL'S GUILD GIVE SUCCESSFUL TEA.

The Guild tea given by the ladies of St. Paul's Wednesday afternoon at the home of Mrs. A. Geisler, 92 nd St., was a most successful and pleasurable event. The spacious rooms were filled with guests. The program consisted of a few choice numbers which included an instrumental solo by Mrs. Leo Katsky, who delighted her friends by responding to a most enthusiastic encore. Mrs. Blakesley, of Woodmere, formerly soloist of Trinity Church in Syracuse, N. Y., sang two numbers, accompanied by Mrs. Katsky. Mrs. Blakesley is a beautiful singer with a winning personality and won the hearts of all. Mrs. J. S. Whiteford, of the Bishop's office, Field Secretary for the general board of missions, gave a very interesting talk on the work being carried on under the church in Alaska. Mrs. Whiteford was Field Secretary of the Social Service Commission of the Diocese of Chicago when Bishop Sumner was chairman of that committee. Before coming to Portland she served for some time as secretary of the missionary district of Spokane.

Mrs. Powell, Educational Secretary for the State of Oregon, spoke regarding the study course for the year.

Mrs. Boatright displayed some very beautiful bags which at once elicited the admiration of all the ladies present. It was learned that they were to be placed on sale at the Bazaar which is to be held on Wednesday of next week at the home of Mrs. J. J. Johnson, of Woodmere station. It is safe to assume that many of the ladies who were present at the tea will be unable to resist the temptation to become the owner of one of them.

At the close of the program Rev. Taylor, Rector of St. Paul's, spoke briefly after which refreshments were served. Mrs. A. Geisler, Mrs. S. J. Allen and Mrs. F. P. Allen were the hostesses. They were assisted in serving by Mrs. Robb, Mrs. Clark and Mrs. Guy Robinson.

The bride: I want a piece of meat without fat, bone or gristle.  
The Butcher: Then, Madam, I'd suggest that you buy an egg.

### On The Mt. Scott Line.

Among the passengers on a trolley car was a drummer with but five minutes to get to the station to catch his train. Getting very fidgety, the salesman inquired of the conductor:

"Can't you go any farther than this?"

"Yes," said the conductor, "but I have to stay with my car."

## ENTERTAIN A SOLDIER ON THANKSGIVING DAY

A local committee has been appointed for the securing of entertainment in the homes of the vicinity for the soldier boys on Thanksgiving. This action is in conformity with state and national plans to have our soldier boys entertained in the homes of the country upon Thanksgiving Day rather than to provide them with a dinner at the camps, since it is believed the boys would appreciate the atmosphere of "home" even though it is not their own, as much as they would the roast turkey and other good things usually provided upon this day. Surely there is no home in the country where a Thanksgiving dinner will be prepared but what a soldier boy would be welcome. The ladies of this committee will undoubtedly meet with a generous response from the people of Lents.

The Lents committee consists of Mrs. Pearl Freeberg, chairman; Mrs. J. Allen Dunbar, representing the Friends Church; Mrs. Geo. Rowley, of the Methodist Church; Mrs. Esther Fankhauser, of the Evangelical Church and Mrs. McKinley, of the Baptist Church.

## FORMER LENTS PASTOR PASSES AWAY

On Monday afternoon at the Kenworthy undertaking parlors occurred the funeral of Rev. W. F. R. Browne, formerly pastor of the Lents Methodist church, who died at his home on 82nd St., Sunday morning after an illness of over a year's duration. Rev. Dr. Stansfield pastor of First Church, delivered the address of the occasion. The services were in charge of Rev. C. L. Hamilton, of the Montavilla church. Dr. Lane, of Centenary, Rev. Lacy, of Salem and Rev. F. M. Jasper, of the Lents church, participated in the services, which were impressive. Six of his brother ministers bore the remains to its last resting place.

William Robert Fredrick Browne was born in London England, July 6, 1866. His father was a surgeon physician and a member of the Church of England, in which his children received the customary religious training. Two of his uncles distinguished themselves in the English Church, one becoming Bishop of Winchester, the other was Bishop Steer of Africa. While in England he attended school at Rugby, after which he spent some time in France studying the French language.

When William was seventeen years of age he migrated to Canada, about two years later his heart was warmed by Methodist fire, he was converted and became a member of that Church. He attended the University until disastrous fire cut short his college career. He was so zealous and devoted in his new life that he could not be contented with the ordinary forms of church activity and soon was licensed to preach.

Continuing his journey westward he moved next to Western Canada, where he entered into the active ministry. In Shell River, Saskatchewan he met Marietta Tighe who later became his wife, in 1894. Immediately afterward he came to North Dakota where he was received on trial in that Conference during the same year. He was ordained a Deacon under Bishop Charles McCabe in 1900 and three years later was ordained Elder under Bishop Fitzgerald. In the North Dakota Conference he served as pastor of Edinburg, Dresden, Willow City, Ellendale, and Velva. He was transferred to the Oregon Conference in 1904, and was appointed to Myrtle Point which he served for one year, after which he served Coquille and Bandon one year, Marshfield two years, Drain two years, Estacada three years, Silverton two years, and Lents one year.

He was highly esteemed by his brethren in the ministry, and served for several years on the Board of Examiners, and also on the Board of Conference Relation. Brother Browne was an accomplished scholar, a clear thinker, and conscientious and systematic in his work.

He began to decline in health while stationed at Estacada, and since that time there have been periods when he has been a great sufferer. During the last year of his ministry he accomplished his work only under great difficulties.

## WAR AND THANKSGIVING.

There is a curious irony in thanksgiving festivities while a nation is at war; in almost every home there will be at least one empty chair but it is perhaps just this situation which will draw more closely together the ties of family affection. Commenting on this condition, a writer in the November issue of Good Housekeeping says: "Let us try, first of all, to collect a big family. Find someone who would otherwise have to sit down to some lonely table. Economize we must in every way conceivable. It is possible, however, to plan and execute our menu with such cunning art that the economies will never be suspected." Here is a suggestion:

Uxbridge Vegetable Soup, Toast Strips, Roast Turkey, Giblets Stuffing, Fried Apple Garnish

Baked Squash, Creamed Turnip, Onion Latticed Potatoes, Spaghetti, Creole Sauce

Home-made Picallilli, Cranberry Sauce, Rings of Brown Bread

Cold Slaw, Russian Dressing, Crisps

General Taylor's Padding Concordia Sauce

Old-fashioned Pumpkin Pie, Apple Tart, Cheese

Candied Orange Peel Coffee

Every item in the foregoing may be prepared inexpensively and after showing how, the author even suggests economical carving. To quote: "When serving, carve slices and serve without the bones. What is left on the platter may be used in soup."

In connection with this article, a message, published in the same issue from Herbert Hoover, is of genuine interest. "The Thanksgiving dinner this year should be festive, but not ornate. The day should be one of real Thanksgiving even for the mother who prepares and serves the dinner herself. Thanksgiving would not be Thanksgiving without a chicken or turkey or without cranberries in some form. Potatoes and other vegetables there should be. Cornmeal bread is suggested as a reminder of our country's need to save wheat. Mince pie is omitted because that means unnecessary use of meat. Pumpkin pie is typically American, reminiscent of the first Thanksgiving day, and it has but one crust, thus economizing in wheat-flour."

## PUBLIC SERVICE A PATRIOTIC SERVICE

The idea put forth by the San Francisco Chamber of Commerce, that voters have a right to demand the services of the highest type of citizenship in public office as a patriotic duty, is gaining ground.

Western states that will in 1918 elect legislative, county and state officials are awakening to the necessity of commanding the best men regardless of party for unselfish service to the state.

The small type of political operator who goes into office to make what he can out of it for himself in cash, or to use his position for profit or personal advancement at this crisis is not in demand.

Great military necessities are staring the nation in the face, with rapidly mounting war taxes, with enormous responsibilities for food regulations, control of transportation and manufacturing.

The day of small-minded self-seeker and political profiteer has passed, and as the greatest men in the nation are serving on boards and commissions to increase national efficiency, big men must serve the state.

A political efficiency commission should be organized in each county in the state, and proceed to search with a big-meshed dragnet for men of the largest calibre, and the cleanest records for unselfishness.

The people have the right to demand the services of such men in city, county and state governments, that exploitation of the people in this great crisis of the nation's life be reduced to a minimum.
