### LET'S STOP THAT LEAK

OUR Community's money belongs to us. It should be used for the improvement of our town and for the good of our country. Are we allowing it to leak away? And are we doing anything to discover the leaks? Can't we put home trade to work? There is a workman who can stop the leaks. The tool he uses is mutual patronage. We farmers and merchants should get together as masters and use this powerful agent to stop the leak that is fast draining the resources of this country. It takes Co-operation. That's all.
