FRANKLIN HIGH NOTES.

The patient, persistent, painstaking efforts of Coach Dewey for the past three years have been abundantly rewarded. Just before his departure into Y. M. C. A. work at Camp Lewis he had the pleasure of seeing Franklin's first football team win the Interscholastic Championship by finally defeating Jefferson High last Friday afternoon. Their score in the series was phenomenal, 8 wins, no ties, no losses. The score against Jefferson was the same as that against Washington, viz 13-0. Late reports have it that the umpire and referee are convinced that it should have been 19 or 20 to 0. The whole Mt. Scott District, which is tributary to Franklin, is rejoicing in this success.

Last Saturday evening in spite of the rain the jubilant Franklin High boys and girls held "high" carnival on the "Platter" of the school, in celebration of their football championship won last Friday afternoon on Multnomah field in a contest with Jefferson High. The loving cup will be awarded by the city and will be treasured by this, the youngest high school in official. Last Monday morning a more official celebration was held in the assembly room for about an hour and a half. The captain of the winning team is Everett Barber, and the credit is largely due to the beloved coach, Prof. Dewey. The students are mixing their rejoicings with regret for Prof. Dewey leaves for the American Lake army post to take up work in the Y. M. C. A. camp, having been granted leave of absence during the war. Franklin High appreciates the disinterested and loyal help which Prof. Dewey has given to athletics, particularly as (it is understood) he has given them "gratis."

The acute state of rivalry which exists between Jefferson High and Franklin High was evidenced one evening last week at the land show, when after the third number of an evening's program by the Franklin Glee Club the Jefferson rooters raised such pandemonium that the singers were forced to close the entertainment.

Preparations are well under way for the commencement exercises to be given by the Franklin High graduates the 25th of January next. The girls of the class have fixed a maximum limit to their graduation expenditures; but it must be admitted that they fall a little behind the Jefferson girls who, on account of the war, are planning to receive their diplomas in their middie blouses.

Coach Dewey left Franklin Monday. He goes with Franklin's first team to play La Grande Thanksgiving Day. He will not return to school until the end of the war but will report to Camp Lewis. The students gave him a farewell at assembly Monday.

Saturday night a celebration of the bringing up of the football team to championship form was held on the gridiron. There was a big bonfire, and a musical program was led by the glee clubs assisted by local talent on Ukeleles. Seniors sold refreshments. Considering the rainy evening a large crowd shared the fun.

"RENDER THANKS TO GOD, THE RULER OF NATIONS"

By the President of the United States of America. A Proclamation

SIMPLE RECORD OF FIRST THANKSGIVING

When Devout Pilgrims Showed Gratitude for their Blessings

"O UR harvest being gotten in, our governor [William Bradford] sent four men on foot- ing, so that we might after a more special manner rejoice together after we had gathered the fruit of our labors. They four in one day killed as much fowls as, with a little help beside, served the company almost a week. At which time, amongst other recreation, we exercised our arms, many of the Indians coming amongst us, and among the rest their greatest king, Massasoit, with some ninety men, whom for three days we entertained and feasted, and they went out and killed fine deer, which they brought to the plantation and bestowed on our governor and upon the captain [Miles Standish] and others."

Such is the historic record of the first Thanksgiving in Plymouth colony 291 years ago. Less than a year before the Mayflower, bearing its little band of 102 Pilgrims, anchored off the rock-bound New England coast. Alone in the boundless wilderness of the New World the heroic Puritans struggled through the relentless winter, battling with snow and wind, savage foes, hunger, sickness, and death itself. In three months their number was almost one-half of the entire company. But with the spring time life looked more kindly upon the exiles; summer smiled on their corn fields, and autumn brought abundant harvest. A few little dwellings had been built, and preparations had been made for others, making a tiny oasis of homes on the desert of the New World. Then it was that Governor Bradford issued his first proclamation, and the Pilgrims and their Indian guests partook of that first and now historic American feast.

ESTACADA TO BE A "TIE-TOWN."

With the present demand for all kinds of lumber, Estacada is fast becoming a shipping center for the products of the various mills adjacent, with heavily loaded auto trucks bringing sawed ties and dimension lumber both day and night to the loading docks here.

According to the report of a party of the P. R. L. & P. Co., officials, who Monday were in Estacada arranging for more shipping and loading facilities, this city will soon justly be nicknamed "Tie-Town," for many hundreds of thousands of sawed ties will not only be shipped from here this winter, but will be stored here.

With the officials was J. Canby Morgan of Portland, who owns a large tract of timber on Clear Creek in the vicinity of the old Blittner Mill. Mr. Morgan has now completed arrangements with the Cox & Park Shingle Company near his property, to install proper machinery for cutting ties and expects that mill to keep a steady stream of ties coming into Estacada for shipment. These ties will be loaded from the spur track leading to the old wood factory, or may be handled on the cannery spur in Terrace Addition.

Engineer Thomas Pumphrey of the railway company states that his company is planning to pile and store for future use over 100,000 ties on the right-of-way property between the Estacada Park and Hotel property, extending from the Springwater road to the depot.

Such activity in the lumber business cannot help but bring prosperity to this city and adjacent country, for the tie cutting demands much labor and the stand of timber in this section is one of the most extensive in the Northwest.—Eastern Clackamas News.

Hoover says eat candy made of fruits and nuts and syrups—to help our allies.

IT has long been the honored custom of our people to turn in the fruitful autumn of the year in praise and Thanksgiving to Almighty God for his many blessings and mercies to us as a nation. That custom we can follow now, even in the midst of the tragedy of a world shaken by war and immeasurable disaster, in the midst of sorrow and great peril, because even amidst the darkness that has gathered about us we can see the great blessings God has bestowed upon us, blessings that are better than mere peace of mind and prosperity of enterprises.

We have been given the opportunity to serve mankind as we once served ourselves in the great day of our Declaration of Independence by taking up arms against a tyranny that threatened to master and debase men everywhere and joining with other free peoples in demanding for all the nations of the world what we then demanded and obtained for ourselves. In this day of the revelation of our duty, not only to defend our own rights as a nation, but to also defend the rights of free men throughout the world, there has been vouchsafed us in full and inspiring measure the resolution and spirit of united action.

We have been brought to one mind and purpose. A new vigor of common counsel and common action has been revealed to us. We should especially thank God that in such circumstances, in the midst of the greatest enterprise the spirits of men have ever entered upon, we have, if we but observe a reasonable and practicable economy, abundance with which to supply the needs of those associated with us, as well as our own. A new light shines about us. The great duties of a day awaken a new and greater national spirit in us. We shall never again be divided or wonder what stuff we are made of.

And while we render thanks for these things, let us pray Almighty God that in all humbleness of spirit we may look always to him for guidance; that we may be kept constant in the spirit and purpose of service; that by his grace our minds may be directed and our hands strengthened and that in his good time liberty and security and peace and the comradeship of a common justice may be vouchsafed all the nations of the earth.

Wherefore, I, Woodrow Wilson, president of the United States of America, do designate Thursday, the 29th day of November next, as a day of Thanksgiving and prayer and invite the people throughout the land to cease upon that day from their ordinary occupations and in their several homes and places of worship to render thanks to God, the great ruler of nations.

WOODROW WILSON,

By the president: Robert Lansing, Secretary of State.

ERRATA.

We regret that in the obituary of "Grandma" Drake last week, there were some errors which we would like to correct.

Clayton Drake of Lents, was the only son of Charles R. and Selma Drake. Clayton Drake's entire family, including Mrs. Ben Brunwell, were present, with the exception of Mrs. Burt Turnbow, as previously noted. Miles N. Drake, of Lewisville, Nebraska, Colonel S. Drake, and J. N. Drake, deceased, are step-sons of Mrs. Drake. Another son of Colonel Drake, Truman, who is in the East, was unable to be present.

We have since learned that Mrs. Drake has a sister, Mrs. Mary Brickley, 97 years old, who is living with her daughter, Mrs. Pointer, of Portland, but was unable to be present. Two brothers of hers, A. C. and Oliver Croaman, and a sister, Mrs. Lewis, are buried in Pennsylvania.

E. O. MORTERUD DIES.

On Friday last E. O. Morterud, father of E. A. Morterud of Morterud's Meat Market, died. He was buried Tuesday morning at Greenwood Cemetery. Only the immediate family was present.

WOODMERE SCHOOL ENTERTAINS CROWD

Much Credit Due School Officials For Most Enjoyable Evening.

A double benefit entertainment for the Red Cross and the school funds was staged at the Woodmere School Friday evening. The large assembly hall was crowded, many being unable to find seats. An excellent musical and miscellaneous program was rendered. A most attractive feature was the continuous performance side show in Room 20, which was well patronized. So great was the demand for more performances in this department that the teachers finally had to call a halt about 11:00 p. m. "Sid" Call says it was worth four bits of any one's money. The actual cost was one jitney. A sextet of young ladies imitating a steam calliope were repeatedly called back, and one of their number who imitated the playing of a violin evoked prolonged applause. A stump speech by a lady from a 14 year old boy was much appreciated. The parodies on Mother Goose Rhymes took the audience back to the days of long ago. Rollin Call and Lyle Peters made a dandy job of canning the Kaiser in the good old Yankee way and had to respond to an encore. Rollin figured three times on the program. Lunch wound up a most enjoyable evening, and was served on the first floor.

Farewell To R. A. Gibson

On Tuesday afternoon a number of neighbors and friends met at the home of Mr. Thall in honor of Mr. and Mrs. R. A. Gibson of Buckley Avenue, who are leaving Saturday for Chicago. About 25 were present. The reception lasted from 2 to 5, refreshments were served and an enjoyable time is reported. The Gilbert district has become justly noted for these successful social affairs.

CLOSE TO HEARTS OF ALL AMERICANS

Particular Reason Why Thanksgiving Should Be Celebrated Here.

ONE of the oldest and best beloved holidays in the whole year comes to us this week—oldest in our history because the Puritan fathers celebrated it when they did not celebrate Christmas, best beloved because it is a holiday all our own, typically American through and through. Nations all over the world celebrate Christmas, New Years and Easter. Even our Independence day has its echo in the French July 14, but Thanksgiving day is the entire property of the American people, and perhaps this adds the extra luster which makes it a day apart in the heart of every citizen.

Its origin was in the farms, where the harvest season was closed with a day set aside for the giving of thanks for the crops just harvested. In reality it is a national harvest festival, but its meaning has come to cover more than just the harvest season alone. Now this holiday is accorded us for the rendition of thanks for the blessings of the entire year.

We find that during the Revolution the observance of this day for giving thanks had become so general that congress recommended each year a Thanksgiving day. This was an annual occurrence until the end of the war, when a day was set aside in 1784, for rendering thanks for the return of peace. Again in 1789 Washington appointed a day of thanksgiving for the adoption of the Constitution. It was in this year also that the Episcopal church formally recognized the right of the civil government to recommend such a feast day.

Sympathy is the only charitable gift of some people.

ARLETA LIBRARY IN GRAVE DANGER

If for prince or peasant, Buy it now!
Buy it surely in November, Or at least before December; You'll be glad if you remember— Buy it now!

While there are no crowds to bore you, Buy it now!
