THE KNOCK OUT

How many rounds before the knock out? That knock out blow, when "Mr. Out-of-Town Trade" gets his final "wallop" from home interests. Are we in training for it? Here is a fight in which the interest of the entire country are one. It is all of us—you and me and our children and our neighbors, our town and our neighboring towns—against this one evil. Our champion is ourselves—all of us, welded together into one co-operative whole. Will our man win? And when? It all depends on us. If we think as one man, act as one man, trade at home as one man, then we are in good training for that final knock out. In reality we are not at the ring side. We are in the fight. In this picture we see ourselves, arrayed as Home interests, triumphant.
