

BUY AT HOME PAGE

The Cartoons on this page are well worth a careful study. They are changed every week. This Buy-at-Home Campaign is an educational one, seeking to show the wisdom and common-sense of supporting the home town. Every resident, property owner and business man is vitally concerned and should get behind this movement. The business men whose announcements appear on this page are already active in the campaign to boost our own community.

THE CYCLONE

The fury and danger of the Cyclone is nothing compared to the destruction levied by the mail order business. The havoc caused by this evil will never be known. It cannot be reckoned in figures. One well-known mail order house alone issued and circulated in one year twenty million catalogs, and there are also 1,000 mail order houses in the United States today. Towns have been wiped out of existence, land values wrecked, farms depopulated and business brought to a standstill. Thinking people of all classes—farmers, merchants, manufacturers—are now alive to the danger and have begun work to counteract its effects. Every town is being urged to wage a campaign of education to arouse the thought of the people. The imaginary, long-distance bargain has never yet measured up to the standard and value of home-bought goods.

Food Will Decide The War

—We must remember that every flag that flies against Germany is, by proxy, an American flag; that those fighting in our defense cannot be maintained over this winter without the food necessary for their armies and ours; and for their men, women and children at home. Their needs can be supplied only by the resolute personal service of every man, woman and child in this country. This is your individual service in this war.

Eat Plenty, Eat Wisely, But Do Not Waste
