Vol. 16. No. 14

## DRY CANDIDATE FOR GOVERNOR

### Dr. Anderson Speaks In Lents In Interest of Republican Nomination For Governor

Dr. J. E. Anderson of The Dalles is announcing himself as a candidate for the Republican nomination for Governor. He is now canvassing the State in his own interests and will speak at Lents in the Evangelical church, April 9th at 8 o'clock.

DR. J. E. ANDERSON

Dr. Anderson is best known throughout the state as the "Father" of prohibition, as he introduced in the state legislature the prohibition law of 1915 as well as the "bone dry" law of 1917. That he is proud of the title is evidenced by the fact that when he filed notice of his candidacy for Governor he ordered the words "Bone Dry; Win the War; Develop Oregon" printed after his name on the ballot.

He is a native of Illinois, but has resided in Oregon for the past sixteen years, all of the time in The Dalles.

As a member of the Oregon legislature in 1913-1915 and 1917 he has always been actively identified with the constructive measures coming before that body. He was a member of the committee which in 1913 put through the measure taking the state printing out of politics, thus saving thousands of dollars to the Oregon taxpayers. He supported Workmen's Compensation; Permanent Registration; Mother's Pension; State Board of Control; Rural Credits as well as all Social Hygiene and other moral uplift measures. During the three sessions he served in the House he has supported every measure which promised a relief and protection to the men and women who toil, and in 1917 took the floor in active opposition to the anti-picket bill. The railroad men have appreciated his support and have officially thanked him for his assistance in passing the Electric Headlight bill; the Fall Crew bill and like measures in which they were vitally interested.

The reform element elected him Mayor of The Dalles in 1913. He was defeated for reelection in 1914, but was again elected in 1915 and reelected without opposition in 1916.

Besides the duties indicated above, the doctor has found time to act as a member of The Dalles school board and senior warden of the Episcopal church. He is a member of the Masons, Elks, Knights of Pythias, Woodmen of the World and Artisans.

## TANGLE IN FAMILY ACQUAINTANCESHIP

### Wife Knows Husband's Folks But Not Her Own.

A number of very unusual incidents culminated in the visit of Mrs. Oscar Stockland of Colfax, Minnesota, to her sister Mrs. Theodora Fox, 6228 92nd street. When a tiny baby, owing to the death of her father six months before her birth, Theodora Olson was adopted by her Uncle and Aunt, Mr. and Mrs. O. O. Haysolt and brought to the Pacific Northwest where she grew up to womanhood and was married without having seen her own people within her own recollection. Her husband, however, while on a business trip two years ago made the acquaintance of her family and the paradox exists that he is better acquainted with her folks than she is, and she is better acquainted with his folks than she is with her own.

Mrs. Stockland was accompanied by her two boys, Marvel and Kenneth and remained for almost a week. Her husband joined her for a very brief visit and they returned home yesterday.

## FIRST ANNIVERSARY OF MARVIN HEDGE

### Eighth Annual Event of Lents Hardware Co. now in Progress.

For eight years the Lents Hardware Company has been in operation by substantially the same management, although this is the first year under the sole management of Marvin Hedge himself, he having recently bought out the other partners.

All who are inclined to doubt the possibilities of Lents as a commercial center are invited to closely inspect the progress made by anyone of half a dozen Lents firms. A comparison of the amount of business done by the Lents Hardware in a year eight years ago, with that now done in a month would probably be an eye-opener to the grouch or the knocker, and might operate as an invigorating tonic. Eight years ago this firm was housed in a little building on the present site of the Multnomah State Bank with a floor space of 25 x 30. It now has a floor space of 25 x 60, with a full basement and a balcony. They handle now just double the lines of goods or departments that they kept in stock at that time. An important departure that is quite recent is their mail order business. Owing to the new parcel post regulations parcels weighing from 1 lb. to 70 lbs can be shipped to points reached through the Lents Post Office at a cost not to exceed .45¢. A farmer living out on one of the rural routes can thus telephone in for a keg of nails and have it delivered to him cheaper, and often quicker than if he came and called for it himself. In Marvin's next issue of the L. H. C. News he expects to give detailed figures on the cost of mail order buying under this plan. He is now advertising a special anniversary sale, details of which appear in another column.

## SUSANNAH LEE BARLOW CHAPTER

The Susannah Lee Barlow Chapter, D. A. R., of Oregon City at the last meeting was called to order by Mrs. E. E. Brodie, Chapter Regent. The program follows: Flag salute by those present; Reading of last minutes by the Secretary; A motion was carried to collect old gloves and send them to Lipman Wolfe & Co., to be made into vests for aviators. A motion to gather trinkets to be melted up and fund therefrom to be used for patriotic purposes for this chapter. Then it was moved that Mrs. J. M. Knight, Chaplain of Willamette Chapter be made godmother of this Chapter. Refreshments were served and adjournment followed.

Hezekiah Johnson, grandfather of Mrs. McKnight was a pioneer of 1845 the same year in which Susannah Lee Barlow arrived in Oregon. He founded the Baptist Church in Oregon.

## VICTIM OF ATTACK AT MILL RECOVERING

### Alleged Assailant Taken Into Custody. After Hiding Several Days.

Nel Seely, 606 Union Ave. was the victim of an attack at the Rice-Kinder mill last Saturday. He has regained consciousness and seems to be recovering. According to Seely's story there had been some trouble between him and C. B. Mills an employe of the mill who worked under him. As he was leaving the mill Saturday afternoon he says Mills attacked him from behind. He believes he was struck by some heavy instrument.

Both City and State Warrants were issued for Mill's arrest and he evaded the officers several days. He was finally arrested Tuesday morning at his home at Lents.

## CLAPP-DAVIDSON

Mrs. Bertha Ryder Davidson daughter of Mr. and Mrs. Geo. Ryder of 33rd Avenue, was united in marriage to Loren Clapp of Oregon City, March 27th at Vancouver, Wash.

The bride is a charming and accomplished lady and a great favorite with her neighbors and friends and will be much missed by her parents and those living in the locality in which they reside.

The groom is a well known and respected young man of Oregon City, where they will make their home.

The good wishes of their many friends go with them to their new home.

## LENTS LOSES ITS BANKER

### Sherman Harkson Has Purchased Interest of H. E. Bloyd in Multnomah State Bank.

The Herald is sorry to learn that Mr. Bloyd, cashier of the Multnomah State Bank is leaving the community. We are glad however to extend a cordial welcome to Mr. Sherman Harkson who has purchased Mr. Bloyd's interest. Following is an open letter from Mr. Bloyd:

Portland, Ore. April 3, 1918.

To my Friends in Lents and vicinity:—

I have sold my interest in the Multnomah State Bank and wish to express my sincere appreciation for the spirit of friendship and loyal co-operation you have shown me while I have been working among you.

I trust that your relations with my successor, Mr. Harkson, will prove as pleasant as they have with me.

I have not yet decided definitely what I shall do in the future but think for the present I will go down to the farm and "Swat the Kaiser" by helping to raise more wheat and meat for my Brother and Yours "Over there."

Sincerely yours,  
H. E. Bloyd.

## LOCAL MAN HAS POLITICAL HOPES

### Tremont Man Has Announced Himself Candidate For Sheriff.

Owing to the fact that Mr. John Cook is a local man, this paper has extended to him the courtesy of a short complimentary writeup.

Mr. John Cook was born in St. Paul, Minnesota, February seventeen, eighteen eighty-six, attended Public Schools, also Commercial Colleges there; started as an apprentice in printing office at fifteen, quitting at eighteen to enter the United States Railway Mail Service. At twenty-one he came West to enter Railroad Construction and Civil engineering, which occupation he followed until June, nineteen seventeen, when he was appointed special deputy in the Portland Bureau of Water Works, which position he now holds.

He has taken active interest in many city and county measures, being a Multnomah County taxpayer for many years.

He is a member of many Fraternal Orders in the City of Portland and has many personal friends who vouch for him.

If he is successful in receiving the nomination at the primary election and elected in the Fall Mr. Cook promises to fulfill the duties of that important office to the best of his ability, which he hopes, will be an honor to Multnomah County and to himself.

## Simple Quaker Wedding

A wedding characterized by its extreme simplicity was solemnized at the Friends Church, Easter Sunday evening at 9:00 o'clock. Miss Gladys C. Coe, daughter of Mrs. Emma Coe, 608 Halsey St., became the bride of Wilbur A. Haworth, 8042 83rd Ave., S. E. Miss Terrell, pastor of the church and Rev. F. Marion George of Sunnyside preceded the couple down the aisle. Miss Coe entered leaning on the arm of the bride groom. She was tastefully attired in a simple and serviceable gown of soft, cream-colored wool material.

Three beautiful Easter plants were the only decoration in the church.

The ceremony was very short and simple; Miss Terrell propounded the serious questions and Mr. George pronounced them man and wife. While the choir sang, the congregation came forward and extended congratulations.

## Woodmere School Notes.

The pupils have begun planting their garden this week getting in the early things. It comprises over half an acre of ground near the school premises. The teachers are supervising the work. Miss Foster and Miss Ewing have been giving instruction in agriculture throughout the year which will be brought into practical use in the garden.

The sale of War Saving and Thrift Stamps is holding a steady pace. In the four school days of last week \$895 worth were sold. Mr. Dickson assures us this is no "blue sky" proposition either.

## AUTO ACCIDENT 92d ST. AND WOODSTOCK AVE.

### Woodmere Man Run Down and Injured by Automobile.

Thursday evening about 5:15 Charlie Nelson of Woodmere returning from work at Milwaukie, alighted from an automobile at 92d and Woodstock Ave., just in time to be struck by another machine proceeding south on 92d St., driven by a man named Erickson. Nelson was quite badly injured internally, four ribs being broken. He was taken to Dr. McSloy's office and later to his home.

## BENSON-EMMERSON.

At the home of the bride's parents, Mr. and Mrs. B. G. Emerson, 6329, 96th St. at 4 o'clock Easter Sunday, Miss Mabel J. Emerson became the bride of Sergeant Bernard Benson, 410th Aerial Squadron, Vancouver Barracks. Rev. F. M. Jasper of the Methodist church performed the ceremony using the ring service. The bride was attended by Miss Frances Hartwig and the groom by Mr. Edw. Langan. Miss Ellen Anderson played the wedding march. After the ceremony Mrs. Jasper sang "A Perfect Day" and "Just For One Day."

A delicious repast was served after which the bridal party departed for Portland. Sergeant Benson will remain with the Aerial Squadron and Mrs. Benson will make her home with her parents.

## MILITARY MORALS.

One of the uses of the proceeds of the Liberty Loan that will appeal strongly to the great mass of American people is the care and attention given to the moral welfare and protection of the American soldiers.

Heretofore with the American Army and even now with some of the armies of our allies the moral welfare of the soldier was and is a matter largely ignored. In the German armies provision is even made for immorality.

It is to the glory of American arms and American national character that of the men who wear the United States uniform a high standard of conduct is expected and demanded, and provided for. Kipling's "Single men in barracks" are not to find their prototypes in the American Army.

Gen. Pershing says there is no cleaner-living body of men in the world than the American Army in France.

## POWER

"But give me a lever long enough and I will move the world." The ancient physicist had never heard of electric power. He would doubtless open his eyes in wonder today to see how nearly the "lever"—electric power—is moving the world.

The use of electric power has come so rapidly upon us that few realize how much dependence we place upon it as a people and as individuals. Without it the wheels of industry would stop, transportation would be seriously affected and darkness would prevail.

Electric horsepower has released millions of human power for more important tasks and if we are to progress—if indeed we are to win the war—electric power must take an even more important place in our industries and in our daily lives. President Wilson has referred recently to the importance of development of the water power of the country and has suggested legislation which will help toward this end.

Not only this but the President and Secretary McAdoo have gone farther and indicated that public utility commissions and other regulating bodies take into consideration the greatly increased cost of operation of these companies today, due to sharp advances in cost of labor and material, and grant them speedy relief where necessity demanded in order that their high efficiency may be maintained as a war necessity.

The new cucumber crop will soon be due and it would be just like Seattle to feed all her people on them until they are doubled up and then take a new census.—Gresham Outlook.

The use of grain for any purpose save for food, detracts from our ability to win the war and establish universal freedom.

The Kaiser has ordered that no more grain shall be used in Germany for making beer. He don't care how much is used by his allies in the United States.

## LOAN WOKRERS "CARRY ON"

### Efficient Army Organization Ensures Success of Drive--Expect to Reach Quota in Week.

A novel arrangement has been effected for carrying forward the Third Liberty Loan Campaign. The city has been divided into districts corresponding to the Mail Carriers Districts. The Commander in chief is Guy W. Talbot. Jas. A. Cranston will be general over the odd numbered districts and Julius Meier over the even numbered districts. There will be 10 Colonels under each General and 10 Captains under each Colonel. Each Captain in turn will have the appointment of 10 workers in his district.

Lents territory comprises three Districts 189, 190 and 191. Colonel Harry Anderson is over Districts 189 and 191 and F. R. Peterson and George Orton are the respective Captains. Mr. Peterson's headquarters are at his store, and Mr. Orton's at Ralph Stanz' Real Estate Office. District 190 is in Col. Corbett's division, and W. E. Giggins is the Captain with headquarters at his store. Mr. Peterson has appointed the following workers in his district, Rev. E. A. Smith, C. C. Cutting, Harry Vail, Jno. S. Howe, A. D. Kenworthy, Mrs. C. P. McGrew, Mrs. Ollie Wheeler, Mrs. Otto Katsky, Mrs. Mabel Snyder and Mrs. W. S. Sanders.

The arrangements have been so well perfected that it is thought the Loan will go "over the top" in the first week.

## NEW HOME FOR WOMEN TO BE FINISHED SOON

### Suggestions For Name Wanted by Chief of Police.

The new detention home for women is now being erected on Sandy Boulevard, adjoining the county farm. It will be ready for occupancy by May 15th. This will take the place of the present temporary home at Kelly Butte. The women who are to be confined there will have useful employment during their incarceration.

Chief of Police Johnson has asked that the people of Portland assist in selecting a name for the home, which is being constructed as a war emergency measure. It must be a name which does not suggest prison life, detention or internment.

## THE SOLDIER AND THE BOND BUYER

"It is a sacred duty of every citizen and it should be regarded as a glorious privilege by every patriot to uphold the Government's credit with the same kind of self-sacrifice and nobility of soul that their gallant sons exhibit when they die for us on the battle fields of Europe." Secretary McAdoo has issued no stronger call upon the American people to support the Liberty Loan. The third loan will soon be opened. Behind every American soldier in France, back of every American sailor on the seas, there should be a worker and a bond buyer at home. Theirs is the braver part, but we who remain at home can be no less useful if we exhibit that self-sacrifice that they demonstrate in risking their lives.

## Sugar Card Rules.

Before you can be buried in England your sugar card must be produced. The register of vital statistics, before he issues a certificate of death, is required to make certain whether the dead person was registered under the sugar distribution scheme. This is done, it is said, to prevent fraud, as unscrupulous persons might continue to use a dead man's sugar card for a long time unless some means were taken of canceling it.

Americans are awakening to the fact that the liquor men are disloyal. Any class of men who degrade and debauch the youth of a nation is disloyal.

## Classified News.

The politician rushed past the official Cerberus into the editorial sanctum. "What do you mean?" he roared. "What do you mean by insulting me as you did in last night's Clamor?" "Just a moment," replied the editor. "Didn't the story appear as you gave it to us, namely that you had resigned as city treasurer?" "It did. But you put it under the head, 'Public Improvements.'"

## EASTER PROGRAMS VARIED AND BEAUTIFUL

### Lents Churches Observe Easter Festival With Interesting Services.

BAPTIST CHURCH  
A Service Flag containing five stars was dedicated at the morning services. The stars represent the names of the following young men who have gone from the church: Ralph Nichols, Clarence Johnson, Roscoe Williams, William Spalding, and Mr. Kohler. Mr. Smith, the pastor, preached a sermon on "Good News" taking as his text "Now is Christ Risen from the Dead."

In the evening the Sunday School rendered a beautiful Easter program of tableaux and songs assisted by the choir. The Easter offering for the Congo Mission enabled the Sunday School to take two shares of \$10 each in the Mission. The church has gone over the budget apportioned for Missions by 30 percent this year.

## EVANGELICAL CHURCH

The Easter Program began at the regular church hour, 11 o'clock. Rev. Shupp christened several infants. The Sunday School rendered a beautiful program of exercises and recitations. The children's choir under the able leadership of Harold Bradford gave a delightful program of Easter music.

## FRIENDS CHURCH

The Easter Spirit prevailed the whole Sunday School. Easter lilies and daffodils gave the festive air of springtime to the church.

A beautiful Easter exercise was given by the young girls of the Sunday School under the direction of Mrs. Barker. It was entitled "Portraying the Spirit of Easter," and it made a sublime impression upon the congregation. Dora Dunbar as the Spirit of Easter brought the precious message of Christ's death and resurrection to the heathen lands represented by Alice Carr as India; Evelyyn Hyland, Turkey; Mildred Beck, Japan; Mildred Fish, China and Wilda Mann as Africa. She showed them the cross, "the Symbol of God's love" and while she told the "most wonderful of all stories," Life (Eleanor Adamson) and Light (Goldie Carr) trimmed the cross with white streamers and garlands. Love, Joy, Peace and Hope wore bright-colored ribbons in and out among the nations, bringing the ends to Easter who gathered them all around the cross as she finished her story. They all knelt together and sang, "Out of my bondage, sorrow and night." At the close of the song the organ played, "In the Cross of Christ I glory," as the girls rose and passed out. Lois Barker represented Love, Nona Cook, Hope, Viola Spencer, Peace and Vivian Shields, Joy.

The choir rendered the beautiful anthem, "Halleluiah for the Cross," and Mrs. Barker sang. Miss Terrell, the Pastor, gave a beautiful and inspiring Easter message. At the evening services the chorus rendered appropriate numbers.

## ST. PAUL'S EPISCOPAL

Easter lilies and palms graced the altar and wave and daffodils and other yellow spring flowers embellished the rest of the church.

Special Easter music was rendered by the choir and Evelyn Grittings Blaklee sang the "Holy City" for the Offertory. Rev. Oswald W. Taylor preached an Easter sermon on the "Resurrection."

## HOLZHAUSER-FITCH

At a quiet home wedding Mrs. Celia Fitch, 9921 Darrin avenue became the bride of Mr. Chas. Holzhauser. In the presence of only the immediate relatives, the ceremony was performed by Rev. Homer Cox at 8:30 on the evening of March 23rd.

## GARDEN CULTIVATION

"Garden Cultivation" will be the topic discussed at the next regular meeting of the War Garden Class conducted by the Extension Service of O. A. C. at the Meier & Frank auditorium on Friday at 3:30 p. m. Professor J. E. Cooter, Supervisor of School Gardens in Portland will deliver the lecture. Prof. Cooter is a soil expert and very familiar with local conditions. When, how deep, and how often to cultivate will be the general trend of the discussion. Bring along your questions as they add spice to the meeting and bring out the important points. All are welcome.

Study garden culture now or the Kaiser Kultur later.
