FARMERS! THIS IS YOUR WAR. BUY LIBERTY BONDS

Success of Teutonic Arms Spells Despoliation for American Producers

Let us think for a while how the war concerns the farmer.

We went to war with Germany partly because the rulers of that country refused to let us send to Europe our ships laden with grain and cotton. They sunk the ships and cruelly murdered our sailors. Now suppose we allowed them to stop all our shipping, where would you be? None of your goods would be sold in foreign countries, with the result that you would get nothing like the prices which you get today. This war is being waged partly that you may obtain fair prices for your goods.

What is going to happen if we lose this war? Prices of farm produce will drop; the Germans will impose taxation upon you which will cripple you for the next twenty years. Worse than that, if the Germans get over here, they will treat you in just the same way as they have the farmers of France, Belgium and Italy. In these sections farm houses have been shot to pieces, crops wasted and burned; even fruit trees chopped down, the cattle stolen, the men sent into slavery to work for German masters, their women ill-treated in ways that cannot be talked of in print, their little children have had their hands chopped off in order that they may never fight or do any more useful work again.

You may say "such things will not happen here." They said this in France, in Belgium and in Italy. Such things will happen here just as sure as you are alive, unless we smash the Germans so utterly that they are unable to reach this country. The German fleet and the German army will take just one week to get here if we are beaten. They have made up their minds that America shall pay.

Is there a farmer who will stand forward now and say, "This war does not concern me?"

You have money that you do not need at present. Loan it to the Government at good interest; when you want the money back again, you can borrow on your bond, or sell it. Uncle Sam will take care of your money until you need it and pay you interest on it.

Go and buy a Liberty Bond tomorrow.

Don't be a slacker, and don't fool yourself with the idea that you are too far away from the war for it to hurt you. Remember 1914, when the Germans upset the world's shipping, and you took what you could get for your products.

Think of the twenty years starvation prices ahead of you, in case we are beaten.

This is your war, and if you won't get in it you deserve to lose your American Citizenship.

Call in at the bank tomorrow, and talk it over.

Third Liberty Loan

By Cella Louise Crittenton

Seriously considered, with insight and understanding, the Third Liberty Loan means but one thing—stability. The unification of Government and people.

The much or little which the people place at the hands of the Government, proportionate to what they possess, will have behind it not alone the voice of the people but as well the united will and force of the people against a war which threatens to engulf the whole national family.

We are being just to ourselves if we place our money where it is safe. And we are living up to the dictates of our national conscience, which also is our family conscience.

The most safe and reasonable investment possible is with our Government. For the Government is but ourselves viewed through the magnifying glass.

If we were born in the United States we love our birthplace. It is home. If we were allowed to adopt the United States that offered to us more than our oppressing birth-country; offered to us more freedom, a wider scope, then through that adoption we have gained a privilege worthy of even greater devotion and love.

So, let us all be glad that a Third Liberty Loan is pending. It is a good sign that we trust ourselves, that we are ready depositors in the Protective Bank of Home.

"Keep the home fires burning" is no light slogan, lightly spoken. Only when the fire is quenched by a bomb dropped down through the home-chimney, can we fully realize how precious and prized is that cherished and cheerful flame.

We must not and shall not wait for that.

The Third Liberty Bond awaits us and we are ready.

YOUR DUTY AND WHY

"We are fighting this war for the next generation as well as this. We are dedicating the life blood of this nation that our children and our children's children MAY ENJOY THE BLESSINGS OF LIBERTY—OTHERS IN THIS COUNTRY WILL GIVE THEIR BLOOD: YOU GIVE YOUR MONEY."

—George W. Wickersham, Former U. S. Attorney General.

THE GRIP OF FREEDOM

Prominent Ex-Progressives are Endorsing Ralph E. Williams for Republican National Committeeman

Portland, Ore., April 20, 1918. To the Republican Voters of Oregon:

We, the undersigned, all former Progressives and now registered Republicans, wish to add our endorsement to the candidacy of Ralph E. Williams, of Portland, for re-election on May 17, to the position of Republican National Committeeman. We endorse his candidacy for the following definite reasons:

In the first place, if Mr. Williams had not invited and encouraged the Progressives to join with the Republicans of this state in 1916, there would have been no active co-operation between the two forces and Oregon would undoubtedly have been lost to the Republican cause. Mr. Williams advocated the adoption by the Republican National Committee of a similar program of amalgamation and co-operative action in other states. If his suggestions concerning California and Washington had been followed, those two states would also have been found in the Republican column after the national election.

Mr. Williams' attitude of friendliness toward Col. Roosevelt is generally known to Republican leaders throughout the country and state. The same spirit of unity which Mr. Williams was so largely instrumental in effecting in Oregon in 1916, he also strove successfully to bring about at the recent meeting of the Republican National Committee at St. Louis.

The new chairman of the Republican National Committee, Will H. Hays, who was elected at the St. Louis meeting, has joined with George W. Perkins, Chairman of the Executive Committee of the former Progressive party, in commending Mr. Williams' efforts to achieve harmony at St. Louis. On the occasion of his recent visit to Portland Mr. Hays called attention to the splendid spirit of harmony which now prevails among all elements of the Republican party in Oregon and earnestly urged that it be maintained.

Mr. Williams' record as an earnest supporter of the Government in the energetic conduct of the War, is widely known, owing to the aid he has given to all war activities.

We believe in all fairness, that Mr. Williams' services, as outlined above, entitle him to re-election. We also believe that you are entitled know where we stand with regard to his candidacy and for that reason, we have addressed this statement to you.
