## WHICH ROAD?

**WHICH** road? This is the question every country community is facing today. In our community there are only two kinds of people. And they travel on just two roads. There are "home town patriots" and the "out-of-town patrons." There is the "Trade Home" road and the "mail-order" road. Which class are you in? What road are you taking? It should be easy to decide. Every time we fail to patronize home interests we are boosting an outsider. Every time we take the mail order route we are boycotting our home town. Which road? The only answer for us is the road to the right.
