

LETTERS FROM THE PEOPLE

Portland, Or., Oct. 7.—To the Editor: Allow me to congratulate you on the publication last week of the article on paving. I was particularly interested in the matter concerning the patent, of which we have heard so much, when the matter of price of paving was discussed. So far as I know, this case from Seattle has not been touched by any other newspaper in Portland.

While it is commendable in a paper to print the local news, it certainly is worth while to print hard facts like those in your article on paving. Many of the citizens of Portland are small property own-

ers, and they have suffered from excessive prices for street improvements. If good paving can be laid for half of the price usually charged, why should the home owner be held up for money which should be used to pay grocery bills and to help keep business normal during war times. And, again, if the paving contractors are loyal why do they not put some of their profits into Liberty Bonds, and thus relieve the home owner who must buy and buy or lose his job?

You are doing good work, Mr. Editor. Keep it up, say I.

OBITUARIES

Thomas K. Anderson.
With true military honors, the body of Thomas Keith Anderson was laid to rest in Mt. Scott cemetery Wednesday morning. Mr. Anderson died at Fort McHenry hospital, Baltimore, September 30, of pneumonia. He was a sister of Mrs. O. E. Lent, of Lents, and had spent practically his entire lifetime here, graduating from the Lents school a few years ago. He was 21 years of age.

Mr. Anderson's mother, Mrs. E. L. Fleming, resides at 1974 East Stark street. A brother, Sergt. William Anderson, is serving the colors in France, having enlisted at Lents. Mr. Anderson's sisters are: Mrs. O. E. Lent, of Lents; Mrs. Howard Askay, of Eighty-second street; Mrs. Otto Herschmann, of Chicago; Mrs. Chathie Watts, of Salt Lake City; Mrs. Claudia Rowland, of Washington, D. C.

Mr. Anderson enlisted at Vancouver in June and at once was sent east for training as an auto mechanic.

Funeral service was conducted by F. M. Jasper, of the Y. M. C. A. service at Vancouver, and Chaplain Bronson. A number of soldiers came from Vancouver to pay a tribute of respect to their fallen comrade. The service at the grave was military. A brief service was conducted at the Kenworthy parlors.

The reason we have so much tobacco for home consumption may be that we are sending more cigarettes than anything else to the boys over there.

There is a street car advertisement that is nice to look at as one rides home, these evenings. It depicts soldiers fighting in a blizzard.

We'll say this by way of consolation: If the Yanks had been preparing for this war for forty years it would have been over long ago.

SUBSCRIBERS, PLEASE NOTE

Subscribers to The Herald will please note that under the new ruling inaugurated by the government in order to conserve the supply of newspaper as much as possible, all subscriptions three months in arrears must be discontinued. While The Herald management would prefer to await the convenience of the subscriber, yet it cannot refuse to do the bidding of the new ruling. Therefore, all subscribers knowing themselves to be in arrears for subscription to this paper for a period of three months or longer are earnestly requested to call in and have their date advanced.

In order that all those in arrears may remember this fact, notices to this effect will be mailed to each individual the first of next week. The great majority of those now three months in arrears are good paying subscribers and have, as a rule, paid up when the year had expired, and these especially we dislike to notify that they must either settle up or have their names removed from the list. But there is no other way, and such being the case we earnestly trust that none will take offense at receiving such peremptory notice. Newspaper publishers are also prohibited from sending or giving out any free papers. Such is the government ruling, and to such we must obey.

Notice to Mothers of Babies.

The Lents Parent-Teacher Circle will hold a meeting Friday, October 11, between 10 A. M. and 4 P. M., for the purpose of weighing and measuring all the children in this district, between the ages of six months and six years. All mothers are requested to come and bring their children, as the government requires us to get this report as soon as possible.

A trained nurse will be in attendance to aid in the work.

When one considers the splendid heroism of the men abroad rushing into the jaws of death and sacrificing everything to serve their country, the war profiteer at home becomes a coward and a criminal in comparison, to say nothing of his being a vulture, seeking to prey on the nation our soldiers are fighting to save.

LIBERTY BOND OR—
By Helen M. Cummings.

Some day is your boy going to ask you why
When need was urgent, stress was great,
Your help was not forthcoming?
When, in Hell's fray, he stubbornly
Fought to hold the line,
Wounded, suffering, almost spent,
Breathing a prayer—
"God give me strength to keep this dread
Heart from Home,
From all I love, from my fair land,
America."
In older days, a battle raged, and so the
story goes,
That just as long as were upheld the
Leader's hands,
So surged the tide of victory
Are you then going to help those boys
of ours—
Your boy and mine—
Uphold their hands and help them save
the free man's right?
Or—fall them and for evermore, be
slaves to Murderous Might!

The man who knows a good thing has a pocketful of War Savings stamps.

The More Bonds the Fewer Casualties.

In the Back

German "Efficiency" has never reached a higher plane than in the foul desecration of the Red Cross emblem in the bombing of plainly marked hospitals in the allied lines.

"Here are many allied officers and men," says the Kaiser. "If they were not wounded, they might dodge our glorious airplanes as bombs are dropped. Being wounded, they cannot move, and so they are killed in their beds or in the air as their beds are blown out from under them."

"Gott being with us, let us blow up all the Red Cross hospitals we can."

So the "Greatest Mother in the World" remains a shining mark for the "Superbeast's" efficient elimination of his enemies.

Since Allied airplanes have become regular visitors to German cities, the Kaiser has discovered such bombing to be a violation of international law.
