Exclusive of permanent improvements at the eastern Oregon state hospital, and the estimate of the biennial expenses for the state training school for boys, state institution heads have prepared budgets showing that they estimate their expenses for 1919-20 at \$2,529,122.30.

Seven fatal accidents, besides 553 non-fatal accidents, were reported to the state industrial accident commission during the past week. The fatal accidents were as follows: Richard Minkenna, Homestead, miner; Klamath Billy, Siletz, lumbering; Thomas Knight, North Portland, flour mills; John Geffors, Cornucopia, miner; Charles Balcom, Oregon City, paper mills; Hjalmar Swanson, Seaside, lumbering; W. W. Fletcher, Neverstiff, logging.

That Sergeant C. C. Triplet and Policeman Charles Smithers, of the state police, who have been in southern Oregon the past two months rounding up bootleggers, have themselves been frequent violators of the bone dry law, was a sensational develop-

ment in the hearing of Policeman Smithers, arrested in a Medford apartment house charged with maintaining a public nuisance. Smithers pleaded guilty to the charge and is said to have made a complete confession implicating himself, Triplett and several others.

W. Cryder, supervisor of the Umatilla national forest.

At last there are signs that Oregon prunes commandeered for use of the United States and allied armies are to move. Messages received by F. W. Ariss, of Portland, assistant commissioner of the bureau of co-ordination of purchases, and food administration officials, brought promise of early relief for growers and packers.

That the government has not abandoned Camp Mills, L. I., where Third Oregon boys had their lives endangered in slush, mud and storms last winter, is indicated through the receipt of orders for 9,000,000 feet of lumber to be moved there. To facilitate the work Miss Marvin will appoint a county historian for each county in the state.

The state board of control is confronted with the peculiar fact that it costs more to accept fuel for nothing than to buy it. An offer has been made of some slabwood near Albany, which the board may have gratis providing the hauling is done by the state. It was determined that it might cost more to deliver it to the institutions than if it were purchased at a point nearer.

Resuming a custom followed in years past for the development of newly reclaimed lands along the gradually receding Tule Lake shore in southern Klamath county, the department of the interior will lease to settlers approximately 7000 acres of land early in November. Bids for these parcels of land, ranging in size from 47 to 100 acres, will be received at the United States reclamation office in Klamath Falls until November 6.

When voters write on the ballot at the general election next month the name of their choice for justice of the supreme court to fill the vacancy caused by the death of Justice Moore they should also make a cross in the little square at the left of the name. This will insure the validity of the vote cast, although the law does not require the making of the cross. Attorney General Brown has passed on this point in an opinion to Gilbert Hedges, district attorney at Oregon City.

HOW YOUR MONEY WILL HELP "BOYS"

Official Statement of Seven Great Welfare Organizations.

Citizens of Oregon, in the week of November 11-15, will respond to the call of the United War Work Campaign for funds to make happy and effective the fighting men of the Nation. That the citizens will uphold the commonwealth's notable record in doing its share to win the war is taken for granted, once the needs are understood.

Oregon's quota in the joint drive of the seven great organizations doing war service work is \$779,000. President Wilson authorized this united drive and named the participating bodies. The purposes for which the funds are needed and to which they are dedicated are vital to the war's success.

The Y. M. C. A. has more than 2000 huts in the great battle zone and is ministering to the boys overseas, in trench and camp, leaving undone nothing it can do to help them. In America the "Y" is in every camp and cantonment. It is with the boys "crossing over" and, at request of the War Department, has recently joined in the task of instructing selectives even before they are called.

War work of the Y. W. C. A. is thus outlined by Mrs. William MacMaster, state chairman:

"Already we have in this country 2,000,000 women doing actual war work, while another 2,000,000 have released men for service by undertaking their work. To the Y. W. C. A., 'the best big sister in the world,' has been committed by the government and military authorities the serious responsibility of directing the thought, creating the environment and furnishing the material needs of this army of girls. Already 105 hostess houses have been opened, War Service Clubs organized, the Patriotic League created, nurses sent where needed and now we are asked to furnish emergency housing for thousands of girl war workers."

John W. Kelley, associate drive director, says of the Knights of Columbus:

"Knights of Columbus halls are in operation in all cantonments, training camps and naval stations in the United States and the halls are also established with the American Expeditionary Forces in France, Italy, Russia and England. The motto is 'Everybody Welcome,' service being given irrespective of race, creed, or rank. Millions of cigarettes, pipes, bouillon cubes, gum packages and tons of chocolate have been given free to the soldiers overseas. One of the specialties is the promotion of athletics and a considerable item in the budget is for baseball equipment, boxing gloves, etc. In the war zone the troops are followed with motor trucks which are virtually traveling huts, fully stocked with athletic goods, stationery, cigarettes, and the like."

Needs and activities of the Jewish Welfare Board, explained by Ben Selling, are:

"In one year the number of our field representatives has grown from 10 to 213. Now we are faced with the demand for 400 additional workers in this country and 100 overseas. The money going into our fund pays necessary expenses and salaries, furnishes Bibles and prayerbooks by the thousands and letterheads and envelopes by the million, and provides camp, educational and recreational activities for the fighters, both here and abroad."

"War Camp Community Service," explains Emory Olmstead, state chairman, "developed from the commission created by the War and Navy Departments, first known as the Foodick Commission. The community is its particular field and thousands of workers are assisting the towns in caring for visiting soldiers and sailors, providing wholesome amusement and clean recreation and surrounding the camps with hospitality."

Functions of the American Library Association, says William L. Brewster, state chairman, are "to provide books and reading matter to the soldiers and sailors through co-operating agencies and directly." Thirty library buildings have been provided at cantonments; 3,750,000 donated books distributed; 1,000,000 books and tons of magazines sent abroad, and 600,000 needed military technical books bought and given the men.

These are some things the Salvation Army does, according to O. C. Bortzmeyer, state chairman: "On lines of communication our huts are open day and night. Then, following their methods, our men and women go right to the trenches and distribute chocolate, coffee, doughnut, and pies. Sixty per cent of the 1000 workers are women. We have now 703 huts and 60 ambulances in service. In the past few months aid has been given the Red Cross in sending abroad 100,000 parcels."

Here's your chance—give to the Y. M. Y. W. K. of C. Salvation Army, Jewish Welfare Board, Library Association and the War Community Service and you help make a soldier, sailor or marine happier and better.

Do you want to get a good book to a soldier, sailor or marine? GIVE to the American Library Association.

GIVE to the war welfare agencies and keep up the morale of our fighting forces.

Send a doughnut to the front line by giving to the Salvation Army.

MISUNDERSTANDING CLEARED UP

A misunderstanding relative to the canteen work of the Y. M. C. A. has been cleared up by the War Department, which issued the following:

"Matter of prices asked by Young Men's Christian Association for its articles sold in canteens overseas already investigated by war department and condition is being remedied. The Young Men's Christian Association was originally asked by General Pershing to run the canteens for the army on a cost basis. In order to do this it had to reckon in price fixing such overhead charges as transportation charges and marine insurance so that prices were much higher than in this country."

"The Young Men's Christian Association made no profits, but lost thousands of dollars. Arrangements now made will enable them to obtain supplies from sources that will reduce overhead charges and keep prices down."

UNITED WAR WORK OFFICERS

State committee officers for the United War Work Campaign are: W. M. Ladd, chairman; O. W. Davidson, director; John W. Kelley, and Mrs. William H. Marshall, associates; director publicity, Ira F. Powers; speakers' and entertainers' bureau, J. W. Day; students, John H. Rudd; victory boys' and girls' feature, Walter A. Goss.

Brewster; Knights of Columbus, Frank J. Lonergan; Salvation Army, O. C. Bortzmeyer; Jewish Welfare Board, Ben Selling.

John R. Mott, of New York, is director-in-chief and Lyman L. Pierce, of San Francisco, is director of the Western Department, embracing eight states, including Oregon.

Huts for Nurses.

Huts for nurses are maintained by the Y. W. C. A. at the base hospitals in France. To extend this work a portion of the United War Work funds to be raised in November will be used.

PERSHING'S "DO WITHOUT IT" CLUBS

Organization of "do without it" clubs in America, as a means of aiding the United War Work campaign, which open November 11, was recommended by James F. Pershing, brother of General Pershing, in an address delivered recently in Portland in behalf of the drive. He urged the American people to make some sacrifices in order to help "carry on" the great undertaking that is to furnish money for war work in the battle zone during the coming year. A great percentage of American people, he said, do not know, from any sacrifices made thus far, that a war is in progress. Relaxation of activities because of peace proposals, he declared, should not be tolerated, and asked people of the country to throw their whole energy and co-operation behind this latest drive for securing funds for the seven big war-working agencies consolidated in the campaign.
