### FOLLOWING BOOKS RECOMMENDED BY ARLETA LIBRARIAN

The Arleta librarian, Miss Wil Hutchinson, has listed the following books as well worth reading: Steward Edward White's "The Gray Dawn." Forbes Lindsay's "Everyday Efficiency." A practical guide to efficient living written for the ordinary man and woman.

Clayton Sedgwick Cooper's "Understanding South America." Here is a book that ought to be in the hands of every intelligent reader, of every teacher, and of every employe of a commercial house with export trade.

"The Phonograph with a Soul"

We are not an installment house, but we stand ready to carry out Mr. Edison's request: "Give every honest man and woman a chance to have good music in the home."

Speaking of music, Mr. Edison recently said: "Music is more essential than literature for the very simple reason that music is capable of releasing in practically every human mind enlightening and ennobling thoughts that literature evokes in only the most erudite minds."
