

THE OREGON WEEKLY INDUSTRIAL REVIEW

Potato Crop This Year is Estimated at Four and Half Million Bushels.

The lumber mill at Halfway is to start operations.

The Dallas laundry has installed new machinery.

The mill at Vale is now ready to handle grain in bulk.

Prunes at Mosier have netted as high as \$1100 per acre.

A 447-acre sheep ranch at Westfall has been sold for \$25,500.

Prineville will vote in November on \$224,000 good road bond issue.

A road contract amounting to \$47,000 has been let at The Dalles.

Road bonds have been issued at Oregon City for 144 miles of paving.

Ten tons of grapes are being used daily at Salem for jelly and jams.

The Hood River apple crop this year amounts two two million boxes.

Highway improvements representing \$18,015,000 are under contract in the state.

The Union Oil company has put in a \$30,000 distributing station at Pendleton.

Four tons of watermelons were harvested from a garden spot at Oregon City.

Douglas county is suffering a great loss of fruit on account of the shortage of labor.

Eugene has started paving the main boulevard to connect with the state highway.

A stock company, capitalized at \$500,000, has been organized at Medford for oil testing.

The Ocheco irrigation bonds have been sold and the project, which is near Prineville, is to be completed.

The packing plant at Roseburg is now open. It is said to be the most modern on the Pacific coast.

Clatsop county dairymen have raised the price of milk 40 cents per 100 pounds, taking effect on October 1.

School opening at Dufur has been delayed in order to allow the children to assist in saving the apple crop.

Prune growers in the vicinity of Hood River are said to be realizing \$1000 per acre from this year's crop.

The C. A. Smith lumber mills at Marshfield, which have been tied up for several months on account of litigation, open October 10, employing a force of 250 men.

Thirty-four thousand head of sheep are being shipped from Antelope to winter range to save the flocks from starvation on short pastures caused by long drouth.

The potato crop of Oregon is this year estimated at 4,600,000 bushels. The oats crop will amount to 8,750,000 bushels; wheat, 2,750,000 bushels. The acreage of corn is the largest in the history of the state.

The Northwest Electric Light & Power Association in annual convention adopted a constructive program. They will require from fifty to one hundred million of new capital to meet required extensions and rebuilding tracks and bridges. They are the largest buyers of lumber and the largest employers of labor state.

The U. S. senate has adopted and sent to conference a bill providing fines of \$5000 and five years' imprisonment for persons convicted of transporting stolen motor vehicles from one state to another.

RED CROSS SEALS TO BE SOLD THIS YEAR

Sixty-five Hundred Tuberculosis Cases in Oregon at All Times.

Once more are the Red Cross seals to adorn our holiday packages and letters. The sale of the seals which was omitted last year in deference to the Red Cross and its membership drive, will be resumed December 1 on a more comprehensive scale than ever before. Oregon's quota is \$44,260.

Floyd E. Dorris, a man of successful experience in various phases of social, religious and educational work in conducting campaigns has recently been made field secretary and director of the Red Cross Christmas seal campaign, which will be conducted by the Oregon Tuberculosis Association, of which A. L. Mills of Portland is president and Mrs. Sadie Orr-Dunbar is executive secretary.

Plans are under way for making the campaign as far-reaching and of as much value as possible, both from the educational and financial standpoints. The state will be organized by counties and in several that Mr. Dorris has already visited he has met with hearty and enthusiastic response.

A survey of the state shows that there are at all times 6500 open cases of tuberculosis in Oregon. Two hundred and twenty-four Oregon soldiers were discharged, after being in the service less than three months, on account of tuberculosis and 300 were rejected by the local board. The association is now employing two special nurses who are devoting their entire time to the care of these discharged men. The names of the men visited were furnished to the Oregon association by the surgeon-general.

A tremendous fight against tuberculosis is to be waged during the coming years by the state and national tuberculosis associations. The work of these organizations is financed chiefly by the sale of Red Cross Christmas seals. Of the proceeds from the Oregon sale 90 per cent will remain in Oregon.

O. A. C. FOOTBALL GAME IN PORTLAND ON NOV. 22

Football prospects at O. A. C. are brighter than for many years. Many former stars have returned from war service where they were big factors in army, navy, marine and aviation football. More important still is the fact that the policy of "Every man out for the game he can play the best" has developed naturally and without strain the best men for the various places. Coach H. W. Hargiss helped develop these men and knows them from the ground up. He is assisted by Brewer Billie who captained the team four years ago when they drubbed the Michigan Aggies. The line-up includes almost two full teams who have won letters in former years by playing in a majority of O. A. C. games. They want to win the conference championship. They

are determined to win the public approval.

Schedule—October 4, Alumni, Corvallis.

October 11, open

October 18, open.

October 25, Stanford university, Corvallis.

November 1, California, Berkeley.

November 8, Multnomah club, Corvallis.

November 15, Oregon at Eugene.

November 22, W. S. C., Portland.

The American mountain laurel will become the national flower of the United States if a bill recently introduced by Congressman Steenerson of Minnesota becomes a law.

Canned Goods Of All Kinds At Lowest Prices

-AND-

Best Flavoring Extracts

Never spoil an otherwise good cake by adding an inferior quality of flavoring. Buying poor grade extracts is far from being economical. You have to use more in order to get the desired results. If you want an extract that gives the true flavors—an extract that is pure, strong and safe, then let us supply your needs. All flavors at reasonable prices.

A Stove is a Pig in a Parlor

No self-respecting family would tolerate a pig in their home. Yet a pig would not make more dirt and litter than do the space-wasting, work-and-trouble-making stove and base burners. Avoid the "pig in the parlor" objection in home heating by installing a

Home Ventilator Furnace

The Original PATENTED Pipeless Model Manufactured only by the HOMER FURNACE CO., Homer, Mich.

which is Clean and Saving of Fuel. Fifteen thousand similarly equipped homes prove it.

The Home Ventilator Furnace takes up no space in the living rooms, and not much in the cellar. Through one combination hot- and cold-air register, the house is filled with healthy heat—not in spots, but in every nook and corner. Fully as efficient as old style furnaces, but costs far less. More efficient than several stoves, yet costs hardly more than a good base burner.

We can install one in a few hours without tearing up your home, and without even disarranging your furniture. Ask for further particulars and prices.
