What do you want your Christmas Gift to say?

Pay whatever you wish down and the balance in small weekly or monthly payments

You can't express it, can you? Nor can anyone else. The things we feel most deeply never put themselves into words.

But our feelings have a language of their own—music. You can say your Christmas message with music. That is why the New Edison is a Christmas gift of deepest meaning.

Give a New Edison and you give not only the most human musical instrument, not only an exquisite piece of furniture, but you give also the very soul of music.

You can hear for yourself how faithfully, how completely the New Edison expresses that which you want to say for Christmas. Come in and let us play some of the beautiful Christmas songs for you, such as "Silent Night, Holy Night," by Frieda Hempel. Listen to the soulful appeal that falls on the ear like a gentle caress. Then you will know why the New Edison is "The Phonograph with a Soul."
