OBSERVE HUMANE WEEK, APRIL 12 TO 17, INCLUSIVE

"Be kind to animals week" is from April 12 to 17, and humane Sunday is April 18. All over our land and in many other countries ministers of all denominations are giving a part or all of their sermon hour on humane Sunday to a humane talk. Sunday school and public school teachers give humane entertainments. Their activities are considered by humanitarians as a wonderful boon to the cause, as it helps to bring anti-cruelty work more strikingly to public notice and has won many converts for the service of kindness to the dumb creatures that our all-wise Father has put here to dwell among us. Every one should be willing to preach the gospel of kindness but just now until the importance of the humane cause is more thoroughly recognized in our own community, I take this means of soliciting the assistance of our local ministers and teachers. Literature or any help desired for humane services may be secured from the office of the Oregon Humane Society, 153 Court House, telephone Main 378. Recently several dogs and cats have been poisoned in the Mt. Scott district, so I especially wish to call the attention of the Mt. Scott Herald readers to the danger of such practice, as little children are as liable to get the poison misculously scattered about as the animals; and if the culprit who puts out poison is punished to the fullest extent of the law covering such a crime, even that will not bring back our children and pets who have suffered and died for the sins of others.

GERTRUDE SCOTT BERNAL.

Sixty-eight thousand girls disappeared from their homes in the United States last year, a large proportion of this number being runaways. The problem in the case is to find out if the principal share of the blame lay with the girls or the homes.

A peculiar thing that has been noticed about these gentry who declaim the loudest against American laws and institutions is their instant invocation of these laws when anybody attempts to use their own methods against them.

The increase in pay of railroad workers just allowed will amount to \$30,000,000 yearly and the public will have to pay it. It will have to pay it because, even then, riding will be cheaper than shoe leather.

Another thing that the old man doesn't understand is why he has a sore throat and can't speak above a whisper while his daughter who faces a blizzard with a bare chest hasn't a snuffle in her sniffer.

The former emperor and empress of Austria, who are reported to be financially embarrassed, are living in an apartment. Thus doth the lack of kale make the whole world kin.

The woman who constantly imagines that some wicked man is going to flirt with her is in the least danger of all.

Politicians Throwing Hats Into the Political Arena

Evans' scalp. He has announced his attorney, is going to get after Walter self as a candidate for the republican nomination for district attorney. Stanley is a pretty good chap and knows his profession. He has had considerable experience in municipal matters and in case he should beat Mr. Evans to it in the primaries, it will be of great advantage to him in the new office. Mr. Evans has had two terms and has made good in every respect. He is an able lawyer and most attentive to his business.

EASTER AT ST. PAUL'S EPISCOPAL CHURCH.

One of the most beautiful Easter services since the opening of the church was held Easter Sunday at 4 p. m. The members had taken pains to have the service well advertised and the public generously responded, the church being filled. The choir did excellent work under Miss Marjorie Taylor, daughter of the Rector, Rev. Taylor. The musicians were assisted by Mr. Coe of Trinity church choir and Mrs. H. T. Blakesley of Woodmere. Rev. Taylor delivered a most able sermon on the Resurrection, many present were carried back to better years and childhood days. Some who had not been to church in years found their way back to St. Paul's for Easter. The offering was the largest in the history of the church being nearly \$60. Rev. Taylor has been with this church nearly 11 years and if it could be possible is more beloved each year.

We were glad to see our former president, Mrs. Furth, out to service on Easter Sunday after a long absence in Seattle.

We missed with regret at service Easter, our past president of the Guild, Mrs. Maffitt. We hope she may soon recover.

Samuel Allen, junior warden of St. Paul's, writes that he greatly missed Easter at St. Paul's. He has not been absent before on Easter since the church was opened 10 years ago.

Fourth U. B. Church

The Fourth United Brethren church at Tremont had its annual Easter egg hunt for the Sunday school kiddies under the direction of Mrs. C. P. Blanchard. About 50 youngsters sought and found with squeals of delight. Easter favors were the rewards to the most successful hunters. Next Sunday morning at this church Mrs. Blanchard's topic will be "Overcomers." In the evening she will talk on "Why not more Spiritual Power?"

Last Sunday morning at 6:30 members of the various societies in the Mt. Scott district met at the Kern Park Christian church for an Easter song service. After a short service at the church they drove in automobiles along the main street of the district, singing Easter carols as they went. The Kern Park Christian Endeavor Society will meet with the B. A WORLD REBUILT

By the Golden Rule
not by the rule of Gold

THIRTY denominations of the Church are uniting in a simultaneous campaign in the week of April 25th-May 2nd.

They are uniting because the task before the Church is too great for any one denomination; because there must be no duplication of effort; no waste.

These churches know that the world needs many things; but it needs Faith most of all.

They know that there can be no final solution of our economic problems that is not a spiritual solution, based on the teachings of Jesus Christ and His Golden Rule.

They have had the courage to survey the whole task, and to ask for a budget large enough to sustain (1) the work abroad, (2) the work at home including the church's part in the huge task of Americanization, (3) the colleges and (4) hospitals supported by the Churches, (5) the religious training of the young, and to provide (6) a living wage for the Church's ministers.

The budget is large in the aggregate; yet if each person who loves America would increase his contribution by only a few dollars the whole amount would be easily subscribed.

We face the task of rebuilding the world. Let the cornerstone be a strong and vital church in every American community; and the measuring rod by which the builders build must be the Golden Rule.

Freshest Eggs and Finest Butter

Butter and eggs have a highly nutritive value and should have a prominent place on every table. But quality is an important feature to watch.

Rich, delicious butter adds greatly to the tastiness of the meal, and we always have plenty, both creamery and country made. Cheaper grades for cooking.

Our eggs come in fresh every day—right from the poultry farms. And we charge no more than you would pay elsewhere for inferior quality.
