

LOCAL AND PERSONAL

SEND YOUR NEWS ITEMS TO THE HERALD, AND SEND THEM IN EARLY

Readers are kindly requested to bring in news items as early in the week as possible, or notify us so we may send for them. The Herald is anxious to secure all the news of interest to the community, but we are sometimes compelled to leave out or curtail important items because time is lacking to get them into type. Unless it concerns something that occurs Wednesday evening or Thursday morning it should be in by not later than Wednesday evening, and earlier if possible. Also please give your items direct to the Herald office or notify us so we may get them. Of late we have failed to get items which readers desired printed in the Herald because they were not delivered to this office, or were delivered so late that their news value was nil. The Herald is distinctly a Mt. Scott enterprise. We are trying to be loyal to the district in every way, and a little co-operation on the part of our readers in the handling of news items will put the Herald "over the top."
