# DORT

Quality Goes Clear Through

---Small Gasoline Consumption

The present gasoline situation is not so seriously effecting  
 owners of DORT cars because the DORT averages from 20  
 to 25 miles to the gallon of gasoline.

For many other reasons, too, the DORT is the most desir-  
 able car, for example, its economy on oil and tires and its  
 very low cost of operation.

Each DORT is as good as the best ever made.
