SCHOOL EXHIBIT LAST FRIDAY DECIDED SUCCESS

Every citizen is urged to do his or her part in the removal of fire hazards and to co-operate in the general movement to bring about better conditions.

"Each neighborhood is urged to co-operate in neighborhood movements for the cleanup of hazards.

A LUXURIOUS FORD FITTED FOR TRAVEL

Mr. and Mrs. Selden Roseborough, S. W. Schoeb and mother, Mrs. Christian Mitchell, arrived in Lents Tuesday afternoon from Alene, Oklahoma, having come the entire distance in a Ford car, leaving Oklahoma last July. The trip was made without any special adventure and the purchase of only two new tires enroute. But, this Ford was a somewhat different rig from the average "Tin Lizzie". In fact, you wouldn't have known its breed if it wasn't for the nose-piece. The body was as large as some houses, nicely painted with beautiful scenery on the sides and the interior having almost all the luxuries of a modern dwelling, including electric lights, a cute little kitchenette, a willow rocker—everything homey. The party will spend the winter on the coast.

Mr. Roseborough is a nephew of Mrs. E. K. Shaw, 3711 76th street, S.E., and the lady was overjoyed to meet the travelers whom she had not seen for many years.

Where Millionaires and Working Men Rub Elbows With Nonchalance.

By ALBERT BRITT, Editor Outing Magazine.

The thing about your Colorado mountain parks that impressed me—an Easterner—most is the democracy that prevails everywhere. Up in Rocky Mountain National park I particularly observed it. In the hotels and on the camping grounds up there, the millionaire and the working man rubbed elbows with the nonchalance that only the western atmosphere can impart.

We do not find this spirit in the East, for the resorts we have there each cater to a certain class. Class distinction is omnipresent from the high-priced hostelry at Newport to the cheap boarding house at Asbury Park. But in the Rocky Mountains all class distinction is erased and it matters not whether I am a social leader or a shoe clerk.

The people of the middle West know the possibilities of a vacation spent here, witness the 200,000 that have visited Rocky Mountain this year. But the people of the Allegheny mountains will have to be educated.

AN INTERESTING LETTER FROM CONSTANT READER

Editor Mt. Scott Herald:

Say, neighbor, on the square, did you ever stop to think what sort of a community we would have if everybody bought all they use from the local merchants? Why, if all the food and clothing consumed by the people of Lents and a few block each way were bought from the local merchants the stocks would be greatly increased and large two, three and four story buildings would have to be erected to accommodate them. Thus would the business area be extended and property values greatly enhanced. Can you picture the shoe bill alone for the 700 and more children in the Lents school? And its dollars to doughnuts you can today buy a better shoe for a given sum in Lents than in any large store down town. Then what could you do if all the patronage was given to the Lents shoe dealers? Why men and women, you are your own worst enemy when you go to the city for goods when your own home merchants have better articles for which they often ask less than you pay down town. Then again, you could be wonderfully helpful to your local paper by simply saying to the merchant: "I saw your ad in the Herald". There is that Eagle Garage advertising Denby Trucks. You have read and reread the ad, of course you have. Well, the next time you see the Davis boys tell them so. You often buy candy at the Square Deal Candy Shop. You have read the ad in this paper many times, why don't you tell that pretty and accommodating clerk so the next time you go in there. When you call Porter Yett, the City Motor Trucking Co., tell him you see he is not ashamed of his business and has

an ad in the Herald. Hello, Samiels, (that's next door to Dr. Hess' office) I see your advertising in the Herald that you will give double trading stamps on every Thursday. My wife will certainly take advantage of that. There is that "Quality and Service" mentioned in Mr. Trumble's ad. You've seen it, You know you get it when you like to come and look at the smile that never wears off. We'll wager that smile expand. "Eggiman, give me some of that butter you advertise in the Herald". Simple, easy, won't hurt you a bit, yet it would mean a great deal to this paper, and would help to foster the spirit of community building and betterment. The Lents Junction Mercantile Co. Just call em up, and say you see they are advertising a new and dependable deliveryman in the Herald, and have them send your grocery up. Bear in mind, that the community is just exactly what you make it.

The Lents Garage has two interesting ads each week, well worthy of perusal—we know that Dort cars cannot be excelled for the money and they have been appointed the official service station for the famous Dodge Bros. cars.

No better service can be secured in the city than at the Mt. Scott Drug Co., the Multnomah State Bank, The Perfection Confectionery, or at Gribble's Garage. They are constant advertisers and deserve the patronage of this community.

Patronize and encourage your local institutions and they will grow larger and give you better service, and with their growth will come a gradual increase in all lines, your own included. Constant Reader.

BIRTHDAY PARTY

A delightful birthday party was given Master Gardner Shepherd Stout, Saturday, October 2, celebrating the arrival of the age of 5. About 30 little friends were present and enjoyed a jolly good time at the home of his parents, Dr. and Mrs. Wm. T. Stout, at 5603 77th street, indulging in game and eats only as children of this age can do justice to such an occasion.

A THREE CORNERED COLLISION ON FOSTER ROAD

There is always something doing in the vicinity of the Lents Junction Mercantile Co., but Tuesday morning, it was a little livelier than usual. It seems that the immediate cause of the excitements, was the meeting of an auto driven by Mrs. S. Radlow, 6617 85th street, another by Mr. Starbuck of the Moll Grocery, located in the Gilbert district, and a wagon and team, Oliver Anderson handling the ribbons, residing in the same locality at the same time at or near the Mercantile Co., corner on Foster road. While the results of the collision did not prove serious to life or limb, Mr. Anderson's wagon was considerably wrecked, hay and feed stuff in his vehicle being scattered to the forewinds and the driver badly shaken up. When a reporter for the Herald arrived on the ground all were trying to talk at once and tell "how it happened", which they will no doubt review later to the high sheriff as the accident occurred just a few feet out of the city incorporate limits.

GET ACQUAINTED MEETING

The regular monthly meeting of the Lents Parent-Teachers association will be held in the assembly hall of the Lents school, Friday, October 15, at 2:45 p. m. There will be a short business session after which Miss Gessie Eassley will render a vocal solo. Mrs. Frances S. Hayes of the Public Welfare Bureau will speak.

Remarks by principal after which light refreshments will be served. All parents are most cordially invited to be present and meet our new principle Mr. Thaxter and our teachers and spend a social half hour with them.

TYPOGRAPHICAL ERROR

In Herbert Gordon's announcement for mayor in last week's issue, in his fourth reason for entering the mayoralty race, the word "not" was omitted, consequently giving the direct opposite meaning to his statement. We publish as corrected:

4. We have not been increasing the taxable wealth of the city. We have failed to encourage private investment, which will give us a greater field for taxation, in place of increasing the taxes of the present property owners. I feel that private investments should be encouraged.
