COLLECTION OF CLOTHING TO BE SENT NOV. 4-10

Rev. John Handsaker of 6395 5th avenue, Near East Relief secretary, reports that he is finishing up the collections of clothing. The people of Portland were asked for 20 tons of clothing and the committee has received about 20 tons. This has been under the super-vision of the C. E., B. Y P. U. and the Epworth League young people. A free entertainment given by the Hippedrome to the school children brought results. The admission was a bundle of old clothes. Each child brought a bundle and it took three trucks to haul them away. Dr. H. P. Packard, a physician, in Persia was compelled to leave on account of war disturbance last December in mid-winter and met with an experience that was quite inter-esting to him at least. The Turks stole his clothing except that he had on at the time a lightweight suit. When they arrived at Mt. Ararat of Bible fame at the city of Erian, a relief station, they found these bundles, which looked good to him. Mr. Handsaker said this brought home to him more the real need of

these people. " The boxes will be sent to New York by boat and from there to Constantinople without repacking. Notes are put in the boxes asking the receiver to notify him if they were not in good condition.

Some are sent across the Black Sea to Batoual on the eastern shore where there are 16,000 Greek refugees who have sent special requests for clothing, food and relief workors

One of the interesting features that Mr. and Mrs. W. E. Rambo of Baker City, who went last year as workers and spent a strenuous year. When they had finished the year's work they were entitled ! come home, but chose to stay an

other year. It is hoped by the workers that some of these articles will get to where the Oregonians are. The boat will leave New York November 10 and will resch Con-stantinople about February. The committee is depending on the Sun-day schools for the Christmas cffering.

MORRISON BRIDGE WORK IS COMPLETED

No longer will that trip to town for Mt. Tabor, Montavilla and Brook lyn residents carry with it a tedious stroll around the end of the Morri-con street bridge, The west ap-proach was finished Saturday, so that street cars could once more routed over the structure. Within a .few moments the wire car apin place. Regular service was re-

COMMITTEE 'HARD AT IT'

The committee in charge of the community improvement plan are making a strong effort to have the petitions prepared in the very near future. The large maps which were being prepared by the city to cover all the territory to be improved are now finished and will be in the hands of the committee in a few days. These maps are made so as to show all streets, blocks, and lots of the entire district, and in addition to this wll give the assessed value of each lot and the cost of the improvement of same.

These maps will be placed, as soon as received, in a couple of convenient places in Lents so that persons desiring information in regards to their property may be greatly benefited by the use of them.

This improvement plan is one of the biggest and most needed undertakings probably ever attempted by this community. This improvement, when completed will be a very valuable thing to property owners, and will without a doubt greatly increase the value of all property so improved.

It is the hope of the committee, and they sincerely request that all property owners in this district will assist in this work and help "put it over" with the least possible opposition.

As there are other communities anxious to improve, and all want to take advantage of the municipal paving plant's offer of "paving at cost" it is urged that everybody pull together so that we may get our petitions in the hands of the City Council ahead of girls last Friday evening at 7:30 with games and music. They were others.

HOLD YOUR BONDS UNTIL FEBRUARY 1

The Federal Reserve Bank of San Francisco is broadcasting a warning throughout the Twelfth Federal Reserve district to holders of Fourth Liberty Loan temporary coupon bonds not to present their bonds for exchange into permanent coupon bends of that issue prior to February 1. The Permanent Coupon Bonds of

the Fourth Loan are not now available because of unavoidable delays in printing. Despite previous adices, thousands of dollars' worth of these bonds have been sent or offered to the Federa! Reserve Bank through banks and by individuals, resulting only in confusion and disappointment to the owners of the bonds because of inability to effect the exchange now. TO ESTABLISH HOME FOR HOMELESS WAIFS

It is planned to establish a farm home in Benton county, near the state agricultural college, where college, where homeless and dependent waifs may be given home training under all home influences. There they will receive the best of moral, educa-

tional and physical advantages. The W. C. T. U. has formed a special corporation under the laws of the state to inaugurate and operate a farm home of this charac-ter. Governor, Ben W. Olcott has given the movement his stirring en-dorsement. Welfare workers in every part of the state have lauded the W. C. T. U. for its humanitarian efforts.

It has been estimated that \$125,-000 will be needed to put this farm home in operation. The local quota has not been announced, but it will be comparatively small. The local branch is confident that the good, broad-hearted people of this community will over-subscribe to this * fund when the drive gets under

way. The movement for the establishment of a farm home for dependent and orphan children originated with the Woman's Christian Tem-perance Union, and so enthused was over the possibilities of an institution of this kind that the state organization of the W. C. T. U. de-cided to make it one of the big achievements before the close of the present year. The drive will begin November 15. *

BENNETT SAYS GAS

RATES WILL GO UP

At a meeting called by the car riders' committee of Kenton, held at Kenton school auditorium Tuesday, William D. Bennett, candidate for public service commissioner, warned the public against a raise in gas rates. He charged that the gas company now has engineers and accountants at work preparing data in support of an application for increase in rates, which they propose to make soon. He warned the people that they must be prepared to face increase in rates all along the and that they should organize line and have investigations made so that they will be prepared to get a full hearing when the matter comes

Mrs. Sager and Mrs. Hess celebrated Hallowe'en at their homes. The guests gathered at the home of Mrs. Hess, 5406 92nd street, where the evening was spent playing five hundred. Afterward the guests were escorted across the street to the home of Mrs. Sagers, where an elaborate lunch had been prepared. Covers were laid for 25. The decorations were typical of the season, with Hallowe'en colors. The guests included Mr. and Mrs. Fred Geisler, Mr. and Mrs. E. A. Droste, Mr. and Mr. and Mrs. E. A. Dioste, Mr. and Mrs. John Hanken, Mr. and Mrs. John Howe, Mr. and Mrs. Chester McGrew, Mr. and Mrs. Walter San-ders, Mr. and Mrs. Frank Sanders, Dr. and Mrs. McSloy, Mr. and Mrs. Irvin Fossler, Mr. and Mrs. Coyt Dosier, Mrs. Maude K. SENDING CHRISTMAS MONEY TO EUROPE

Persons desiring to send, money to European countries so as to reach its destination by Christmas should not anticipate sending same later than November 15, 1920. During the Christmas rush there is more or less danger of delays ow-ing to the vast quantities of foreign mail to be handled. The question is often asked, "What is the best way to send money home?" As banks are now able to give a comparatively now rate on European exchange, it has been found very satisfactory and far more simple to send the money via bank foreign exchange draft.

Your local bank is now in position to sell you a foreign draft on nearly any city or country in Europe, and at a low rate. The bank would be pleased to have persons desiring information as to the cost and means of sending these drafts to call at the Multnomah State Bank and same will gladly be explained

If you are in favor of this improvement, talk to your neighbor about it and he will soon agree with you that this is the greatest thing ever attempted by this district.

Watch the Herald from time to time for all the progress being made by the committee and its helpers. of which you should be an active assistant.

will hold its regular executive meeting Tuesday, November 9, at 2:45 p. m., in the teachers' room. All officers and chairmen of com-

mittees are requested to be present. A correction for the benefit of the Lents public: In the "Lents News" of the Monday Oregon Journal there appeared an item stating that the visiting nurses had installed a hot lunch counter in the Lents school. The visiting nurses have had nothing to do in regard to the hot lunches in the school. These lunches are conducted under the direction of the Lents Parent-Teacher association. Five years ago these lunches were instituted under the supervision of the P. T. A. Mrs. Otto Katzky was then president of the association. The parents are invited to inspect these lunches at any time and see one of the many kinds of good work this association is doing. The visiting nursels do-ing excellent work n her line, but the hot lunches do not come under her direction.
