for your CHRISTMAS SHOPPING. What would be more appropriate and more appreciated than a fine White Sink for the kitchen or new fixtures for the bathroom, or say a Laundry Tub for the basement or kitchen; a Gas Heater—all the essential things that go to make the work lighter and easier for Mother and the Whole Family.

### PUBLISHER'S NOTICE

Hereafter, from this date, all entertainments given notice in the Herald, where an admission fee is required, will be charged at regular advertising rates.

Also, obituary notices and cards of thanks will be charged for at cost of composition.

The Herald has repeatedly cautioned its readers regarding walking on the public highway, especially on Foster and other main traveled roads. If you must do so, always take the left side of the road you are traversing. Then, unless the autoist is neither blind or drunk, you may stand a shadow of a chance of escaping an accident.

Lots in Laurelhurst addition sold at auction last Saturday, sold at a much lower price than the valuation placed upon them by real estate agents and speculators. Yet, many of them brought their real valuation, aside from the improvements. This should be a warning hereafter to the speculators in lots who are trying to hold up people that desire homes, but are discouraged by the high prices asked for vacant lots by land sharks.

This is a fair sample of the reasoning of the man that don't advertise: "Here I am with my store. It is a good store and people ought to trade in it. If they haven't got sense enough to do it, that's not my fault." He doesn't stop to think that most everybody is busy with their own affairs; that, while a merchant may have things the customer is interested in, they don't have time to ferret out all the articles and bargains that they would be glad to know of. Therefore, it is legitimate and proper and highly necessary that you call those things to their attention in the right way. The writer had an experience not long ago that proved this contention beyond a doubt. An article of no little value was desired and it was something a little out of the ordinary supposed to be carried by any store in Lents to which he felt under any obligations, and consequently purchased elsewhere to the amount of several dollars that could just as well have been kept "at home" had the business man not have "kept his light hidden under a half bushel."

### FACTS ABOUT EXPOSITION TO BE HELD IN PORTLAND

Will open in 1925. Its scope will embrace the whole United States. It will commemorate completion of highways linking the east with the west and the north with the south on this coast.

A corporation will be formed for the purpose of providing working capital and an organization to execute the project.

United States Senator Chamberlain will introduce a resolution in congress soon memorializing the states and asking their cooperation.

The Oregon legislature will be asked formally to invite all counties in the state to lend every possible assistance.

The exposition probably will be held on ground along the Columbia river highway beyond Parkrose, there being almost unlimite space available at that place.

The exposition will eclipse the Lewis and Clark fair of 1905.

## Just What Does Our Service Mean to You?

Not content merely with offering motorists tires with real built-in mileage, we go further and help our customers get the last mile out of their tires.

As a Goodyear Service Station, besides carrying a complete stock so you can get what you want when

Use it—it will do the same for you. you want it, we inspect your tires regularly to detect tread cuts, fabric breaks and signs of under-inflation, poorly adjusted brakes, or misaligned wheels, so they may be corrected.

That is what our service means to you. It is not idle talk—frequently our methods save our customers \$2.00 to \$25.00 or more per tire in mileage.
