**LENTS**  
Irvin T. Fossler conducts a most up-to-the-moment meat market, located on Foster road just a step or two across 92d street. It would be hard indeed to find a better place to procure the piece de resistance for your Sunday dinner.

The Yeager Theatre is the movie home of the people of Lents. Thousands find pleasure each week at this popular show house, and each is a booster for Manager Robinson. The favorites of screenland are shown here and the people of this district are as familiar with the high-class artists as are the residents of the actors' home towns. Only plays of the highest type are shown at the Yeager with a range that takes one through all the laughs of the funnier, "funny" to the sighs and cries of the heaviest "heavies" in their most pathetic scenes. It's a great place to spend an evening—any night of the seven—and Manager Robinson invites you to come.

The M. & K. Market carries a most complete line of groceries and meats, is centrally located and enjoys a godly share of the business of the community.

Lents is exceptionally well served with restaurants. T. E. Gilkey has taken over the place at 6009 92d St., and now has his place fixed up in first-class shape.

Wm. Parrish, proprietor of the Cottage Restaurant, 9125 Foster road, provides a service that not only entitles, but gets, him a goodly share of the business.

Axel Kiidahl, proprietor of Lents Garage, is well known to the people of the Mt. Scott district. His place of business is conveniently located and prompt, efficient and economical service has brought him a host of patrons.

Katsky Bros' department store is well equipped to render any service in their line. Their location is well known to most of the residents of the Mt. Scott district.

The Economy Furniture Co. is everything that the word "economy" implies. Mt. Scott residents will find here most courteous consideration and prices in keeping with the quality of goods desired.

S. S. Allen is a young man who but recently embarked in the feed business. His location is on Foster road a short distance east of 92d street. Mr. Allen, though a young man, knows thoroughly the business in which he is engaged and his increasing patronage attests his application to business.

P. E. Reed, transfer and fuel, has been in business a long time and is well and favorably known.

Wm. Weingart of the Mt. Scott Bakery puts out the largest loaf of bread in the district for 10 cents. Also Mr. Weingart has the distinction of being the only baker in Lents capable of making the better grades of wedding cakes. His pastries cannot be beaten.

**Prolific Olive Trees.**

There are few trees that bear edible fruit which are good for more than half a century, the olive tree standing alone with its long period of usefulness to mankind. Some of these trees are extremely long lived. There are some in Syria which are known to be more than 400 years old; and not only are they in a flourishing condition, but they bid fair to bear fruit for another century or two. Formerly the olive trees were not expected to produce fruit oftener than once in three years, but with improved methods of culture they now bear abundantly each season. In ancient times the olives were thrashed from the trees with sticks, but now the Syrians pick them by hand, thereby preserving their trees and also improving the quality of the fruit.

**Hunt in Autos in Alaska.**

Times have changed in Alaska from the days when trappers mushed over the snow fields to hunt for game. Citizens of Fairbanks are hunting caribou by automobile, so say recent arrivals at Seattle. Automobiles are coming into their own in the territory and the bureau is advised that "the days of real sport" around the northern Alaska town are featured by motoring out to the herd where thousands of caribou are leisurely grazing, bagging a few animals, dumping the carcasses into the tonneau of the car and driving back with the winter's meat supply.

**How Edison met the U-Boats**

Call or write for free bulletin  
"What Did Edison Do During the War?"

**THE U-Boats** were getting bolder and bolder. The world watched,—fearfully. Then, suddenly, miracles began to happen. American ships developed an uncanny way of dodging torpedoes. Have you wondered how all these things happened?

Read "What Did Edison Do During the War?" It contains Uncle Sam's official announcement of the devices and plans worked out by Mr. Edison when he "joined" the Navy, and became President of the Naval Consulting Board.

**The NEW EDISON**

"The Phonograph with a Soul"

This bulletin also tells how Mr. Edison kept the New Edison, his favorite invention, within reach of every home,—although it cost him millions in profits. The New Edison has advanced less than 15%

in price since 1914, and this includes the War tax. This bulletin also tells how Mr. Edison sponsored the Budget Plan, whereby you can arrange your own terms for your New Edison.
