The NEW EDISON The Phonograph with a Soul MOOD CHANGE CHART

Edison Owners will you take the lead?

COME in! Get a supply of Mood Change Charts! Start with your own family. Have every member fill out a Mood Change Chart. Then get five friends to fill out Mood Change Charts.

Do you know what music does for you? You are tired from the day's work or play. The New Edison, with its perfect realism, RE-CREATES a soothing melody. You are refreshed rejuvenated.

What melody will change your mood in that way? How does this melody affect your friends?

The Mood Change Chart is a way of finding out. It is a new and fascinating mental experiment,more entertaining than the Ouija Board. You and your friends will get real pleasure out of helping Mr. Edison,—with "Mood Change Parties."

The Mood Change Charts you fill out will be studied by Mr. Edison. They are the very key to the problem he has attacked in his great research into the effects of music on the minds and moods of men.

Note: If you don't own a New Edison, make the experiment in our store.
