

Local News--Personal Gossip

D. C. Lewis, well known Portland attorney and member of the legislature was a Lents visitor Monday.

Lents school closed Thursday for the balance of the week, in order to repair the drainage system in the basement.

The mother of J. E. Updike is engaged in picking, preparatory to returning to Chehalis, after having remained for the winter in Lents.

New advertisers in the columns of the Herald are D. C. Lewis, attorney at law, Woodstock Electric Co., P. Chanese, Kern Park contractor, Portland Gas & Coke Co.

In the hurry-burry work of getting out the paper and attending to numerous orders for printing, the Herald overlooked recording the birth of a son on February 22, Washington's birthday, to Mr. and Mrs. Geo. Selfridge of 55th avenue.

An Irish concert will be held in St. Peter's parish hall Sunday night, the 20th. The history of Ireland's wrongs will be recited in song and story. The latest Republican songs will be sung by an Irish girl recently arrived. Irish step dancing will feature the program.

"Mickey," the Herald printer's devil, was sent to the garage hall on an errand Saturday morning and he somehow or other wandered into the room where the candidates were going through the ritual of the order. Somewhat dazed by seeing the group of blindfolded men and women, the aspiring young newspaperman had his wits about him to a degree which told him it would be a wise idea to "beat it" before he also rode the goat.

A new real estate office has been opened on Foster Road, opposite the postoffice. The firm is composed of Messrs. Dolson and McDermott and they will engage in a general real estate business. They believe the Mt. Scott section to be a desirable place in which to live and have faith in its future. They ask the Herald to tell the people of this locality to list their property with them.

It has come to the attention of the publishers of the Herald that there has been some question raised as to the number of copies circulated each week of this paper. As we state on the top of the first page, the Herald has a guaranteed circulation of 1500 copies, and that statement is absolutely correct. To any of our advertisers or others interested, our paper bills are always open for inspection, and we feel that if those who have been instrumental in circulating the rumor that the Herald does not carry out its claims could be present on the day the paper is printed and see the large piles of papers which go out, it would rest their minds upon this question.

The Lents Parent-Teacher association will not hold their regular meeting Friday, March 18, on account of the school being closed.

Mrs. Thresher, 5303 99th street, was called to Kirkland, Wash., the evening of the 16th by the serious illness of her mother, Mrs. Kate Jaggar.

C. Guthrie, 3544 64th avenue, entertained about 25 members of the U. B. church at dinner last Sunday. The afternoon was spent in singing and discussing the Bible.

Painters and decorators are at work on the interior of the Mt. Scott Drug Co., and the appearance of this up-to-date store has been considerably improved by the changes.

This is the season of the year when hens are prolific. Several reliable advertisers of hatching eggs and baby chicks have ads in the Herald's classified columns. Those wanting to increase their poultry flocks or make a start in the chicken business would do well to read the offers.

Mr. and Mrs. F. P. Coulter of 92nd street and Mr. and Mrs. John Graves of 6207 91st street, motored out to the home of Mr. and Mrs. S. W. Morrison, near Boring, Sunday morning and spent a most enjoyable day visiting and helping to devour the fattened calf which Mrs. Morrison had prepared for the occasion.

An amusing feature of the sewer campaign occurred Wednesday, when proponents of the project reported to the Herald that the distribution of circulars containing arguments in favor was being held up for an extra day because of the condition of the streets after the hard rains. It was necessary to give the men doing the work an extra day.

There will be a musical and literary entertainment given for the benefit of the superannuation fund of the Evangelical association in the local church of that sect this (Friday) evening at 8 o'clock. No admission will be charged but an offering will be taken and all are urged to bring as many pennies as they are years old. The affair will be under the supervision of the Y. P. A., and the program which has been arranged is an excellent one.

A reader of the Herald writes to us as follows: "We wonder what the Lents people are going to do about the typhoid and other germs the Kern Park and Arleta sewer people are bringing us and leaving in an open ditch to run from the Estacada car track to Johnson Creek and on down the creek to the Willamette river. We had better think twice before we say yes to such a vital question." We would suggest to the inquirer that if there is any abuse of sanitation rights that the matter be taken up with the county health authorities.

EVANGELICAL CHURCH

The W. M. S. will meet at the home of Mrs. Ernest Tremay, on 92nd street, Wednesday afternoon. They will have as their guests the Mt. Scott society.

Mr. and Mrs. Bill Anderson entertained the young ladies' class of the Sunday school at their home last Friday night. The Andersons reside near the Franklin high school.

We expect to observe Easter Sunday with appropriate services. Those desiring to be baptized at that time will please notify the pastor.

Be sure to keep in mind and plan your time for the special revival meeting to begin April 18th, with Dave Hill, the lumberjack evangelist, as principal speaker.

The pastor has announced that he expects to preach a sermon to the young people next Sunday night, Everybody come. If you stay away, you may be classed among the old people.

Come, everybody, to the Y. P. A. program Friday night. If you do not, you will miss a musical and literary treat. Excellent talent has been secured and we desire to show our appreciation by having a full house. The committee has given much time in arranging the program and the expense has been considerable, so we feel you cannot be disappointed in what we have to give you. There will be no admission charge but an offering will be taken for the superannuation fund.

FRIENDS CHURCH

The young people of the church will have charge of the Sunday evening service next Sunday. Following is the program: Song leader, Doris Mann; special songs, Quaker Giants; special song, Quaker Maidens; duet, Yvonne Smith and Helen Waldron.

The testimony meeting will be led by Violet Littlefield, a student of the North Pacific evangelistic institute. The messages will be given by two of the young men of the church also students of the same institute, Jasper Ballou and Carroll Tamplin. The ushers for the evening are Troy Lamb and Orris Smith.

Other services of the church will be held at the usual hour and time. There will be a specially called business meeting of the church Thursday night to consider the recommendation from the pastoral committee in regard to the calling of a pastor.

ST. PAUL'S EPISCOPAL CHURCH

Sunday school at 3 p. m.; preaching service at 4 p. m.

Ladies' Guild meets at the church every Wednesday during Lent at 2 p. m.

A short devotional service is held at 3 p. m. Wednesdays, conducted by Rev. Oswald W. Taylor. A cordial invitation is extended to all these services.

Last Wednesday afternoon Rev. Taylor gave a very interesting talk to the guild explaining the work done

by the different departments of the church. He also spoke of the triennial convention to be held in the Portland auditorium in the summer of 1922. This convention will be in session for three weeks and will bring to this city several thousand visitors—bishops, clergymen and laymen from all over the United States, Alaska and the islands of the Pacific.

BAPTIST CHURCH

Sunday school at 9:45; a good graded school to meet the requirements of the scholars.

All members of the boys' classes, the Kings' Messengers and the Willing Workers' classes, are expected to attend a special sermon for young people at 11 a. m.; theme, "God's Call to a Youth."

Preparations are under way for a special Easter service at 11 o'clock Easter Sunday, by the school. This will be under the direction of Mrs. W. S. Thompson.

The song and story, "Love Triumphant," will be given Easter Sunday evening by the choir. This is even better than the "Star of Glory," given at Christmas time.

Young Peoples' prayer meeting at 8:30. This is a live and timely subject.

The junior boys and girls meet every Sunday at 3 o'clock. Evangelistic services Sunday evening. Subject: "A Great Preacher's Change of Tone." Good music.

If your boys and girls do not have a church home, let some of the teachers know and they will have some one all for your child.

The church has missed the presence of Mr. and Mrs. Thompson for a few services. They have been singing for Dr. Reid, state evangelist, at University Park.

It is expected to have Bruce Evans here in a union meeting with Methodists and Baptists. The meeting will probably be held in the Methodist church.

LAURELWOOD M. E. CHURCH

Services Sunday at 11 a. m.

Rev. W. J. Servig, superintendent of the Anti-Saloon league, will lecture on "America's Opportunity in the World's Crisis."

In the evening, lecture on South America.

Choir practice every Wednesday at the home of C. C. Smith.

Church night every Thursday evening at 6 p. m. at church. Bring your lunch and spend the evening.

On Friday, the 25th, there will be a special musical entertainment of very high class, under auspices of the men's class.

Iva M. Kinney entertained a number of her friends at her home, 6228 92nd street, Tuesday evening, March 15, in honor of her birthday. Games were played, refreshments served and a most enjoyable time reported.

SEWER FIGHT IS WAXING WARMER

Continued from first page.

would be called on to pay upwards of \$500 a lot for improvements. Mr. Mann did make such a statement, but in the next breath (and concerning his own opponents remain silent) he said that his figure included not only the cost of the Johnson Creek drainage sewer but also surfacing of the streets, laying sidewalks, connecting of the drainage trunk with another trunk for sanitation sewer, putting in laterals, connecting the houses with the sanitation sewer system and all other possible improvements. He admitted, and it has been forcibly brought out in council and by city engineers, that the cost of \$30 for a 50-foot lot and \$38.50 for a 50-foot lot for the Johnson Creek drainage sewer would not and could not be exceeded; in fact, private contractors have estimated that the bids on the project would run considerably under the engineer's estimates.

City engineers did not go on, after quoting Mr. Mann, and quote City commissioner Harbour, who, immediately after Mr. Mann's statement, declared that the only thing the property owners were now being called on to decide was the Johnson Creek sewer and that all the other items included in Mr. Mann's figures would come only at such time as the property owners asked for them.

The P. R. L. & P. Co. is definitely opposed to this project. President Franklin T. Griffith and Vice-President, Franklin I. Fuller, definitely state to members of the city commission that they would oppose the improvement of Foster Road. Why? Because from 72nd street to 72nd street the P. R. L. & P. Co. tracks are adjacent to and parallel to Foster Road; that as abutting property owners the P. R. L. & P. Co. would be assessed heavily for the improvement of the road and for the sewer. That to escape this assessment the company would be forced to move its tracks to the center of the Foster Road and deed its right of way to the city, and would be under a great expense, not only for paving between the tracks, but for moving its tracks and putting in standard rails in place of the two tracks of rust now serving as tracks along the 20 blocks in question. And all this expense would have to be borne without one penny of added revenue. No, the P. R. L. & P. does not want this improvement made.

I have said that improvement of Foster Road hinges definitely on the carrying out of the sewer project. This is not an unauthorized statement. City Engineer Lauregard has definitely stated that no way of making the improvement possible can be devised as economically other than by providing the drainage afforded by the Johnson Creek project. The city commissioners having, as they should have, absolute faith in their engineers, have taken the position that no money shall be spent in road improvement which will only be wasted through lack of drainage. Foster Road is now built up above grade. To lower it to grade, the city engineer holds, would require drain-

age, otherwise it would not be a road but a canal, in winter.

This sewer which is now being proposed is a main trunk sewer to be used at this time for drainage purposes only, carrying storm water to Johnson Creek. But it is to be constructed so that when the time comes (as it is bound to come later if we do not ourselves request it) that the board of health requires sanitation sewerage for this district, it will be available for such use. Then all that will be necessary will be to connect it up with a trunk sewer from Johnson Creek to the river. We'll have that bill to meet some day. Instead of having it come all at once we can now start paying in ten annual installments for that part of it which is now absolutely necessary. Then when the time comes for the sanitation sewer we'll have the trunk from 52d to Johnson Creek built and wholly or partly paid for and will be better able to assume additional costs.

I have only touched on some of the outstanding arguments in favor of this sewer and Foster Road improvement. I cannot, however, ask you for any more of your valuable space. I only want to ask the residents of the district to give careful consideration of their own interests before voting against this proposal. It is for the benefit of all that the project is being put forward; most of all perhaps to the home owner, but the acreage tract holder, who is in the field only for speculative purposes, will find that he, too, will reap the rewards with the others in the enhanced value of his property.

HARVEY BLAKESLEE, Vice-President, Woodmere Community Club.
