We Make Paints, Varnishes
 For Women's Use at Home

THOUSANDS of women with keen home pride want to do their own painting and varnishing at home, and thousands do—with materials we make.
 We make those materials especially for home use. You ask for "Fuller's Home Service" Paint Products.
 And we maintain a special "Home Service Department" furnishing free information and detailed directions which will enable anyone to do his or her own work.
 You simply describe the article, how finished now, and the effect you want to get. We tell you how, the kind of paint, the kind of brush—the things you need to know to do good work.
 You'll be surprised, delighted

to see the transformation you yourself can make in home things—furniture, floors, walls, woodwork, bric-a-brac, etc.
 "Just a can of paint or varnish and a little work that's fun," works wonders.
 Our knowledge of paints and painting practice has been gained through 72 years' experience. We are one of the country's largest manufacturers of paint products and make the very finest kind of goods.
 Don't think because you've never done it that you can't do work like this yourself. Try it with our help. Just follow Fuller's Specifications and you'll get the desired effects.
 Remember—don't allow surfaces to rot. It costs less to paint them.

Fullerwear
 "The All-Purpose Varnish"
 Adapted for any surface either inside or outside. The most durable varnish obtainable. Withstands interior wear and weather exposure. Does not scratch, peel, rub off or turn white. Dries overnight.
 FULLERWEAR is Fuller's Specification for all-purpose varnishing at home—for furniture, tables, chairs, linoleum, etc. Boiling water cannot harm it, nor rolling furniture. Dries dust-free in four hours. Walk on it overnight.

W. P. Fuller & Co.

 Write us now—a postcard—for booklet of Fuller's Specifications.

Consult our Advisory Department relative to the questions you may have in mind.

Arleta News Notes

(Continued from first page.)
 The service at the festival center was enjoyed by a number from this section Sunday. The amplifier was a novelty and the pastor and choir be distinctly heard. Thousands enjoyed this fitting close to the week of festivities.
 The Fourth U. B. church will hold a fair today, afternoon and evening, on the church grounds. All departments will have booths. The ladies' aid will serve a 50-cent chicken dinner, the brotherhood hot dogs and the Otterbein Guild a candy booth. A good time is anticipated.
 C. H. Blanchard entertained Herman Loading, secretary of the Farmers Insurance Co., and secretary, on Wednesday evening, the occasion being Mr. Blanchard's 62nd birthday.
 The Welfare club of the Presbyterian church met at Mrs. Fred Reese's, 5319 72d street. There were 16 present and delightful refreshments were served. The secretary was instructed to send a community letter to Mr. and Mrs. E. M. Keys, who was at one time superintendent of the Sunday school of the church but who now resides at Spokane, Wash.

EVANGELICAL CHURCH
 Children's day was observed Sunday night, each class of the school being represented in a creditable manner. A liberal offering was taken for the missionary cause.
 The W. M. S. met with Mrs. E. M. Schaeferman on Wednesday of this week.
 The Y. P. A. will hold its monthly business meeting in the church basement Friday night, June 17th.

Do your own thinking. The other fellow is liable to think for himself first.
 You may be superior to the person to whom you are talking, but it is the height of ill breeding to show it.

HERE AND THERE

(Continued from Page One.)
 Knights of Columbus closed their 13th annual state council meeting in Portland Monday night with election of officers. During the year three new councils were organized and one revived. The membership increased approximately 1000 in twelve months and the growth was such that the state is now entitled to four representatives to the national council session.
 W. F. Bent, park inspector, arrested Kenneth Bonebright, Walter Hutchinson, Herbert Christensen and Bud Kenney at the Rose City speedway Monday afternoon on charges of larceny and trespassing. The youths, ranging from 18 to 20 years old, are said to have been caught stripping brass and copper from the locomotives used in the head-on collision staged by Portland post of the American Legion Saturday. Legion officials announced that an example would be made of the men arrested and that prosecution would be sought.

Mrs. Martha Moller of Canby, engaged to Harold Schayden, was notified that her fiancée had been killed in a Washington logging camp. She at once started for the city but was identified in her post office and was killed, which led to the report.

Hy Eilers, president of the Oregon Eilers Music House, and well-known Portland business man, was lodged in the county jail Monday night, found guilty by Federal Judge Bean of contempt of court for failing to produce the company's books on order of the judge. It is charged that Eilers is refusing to produce the records and that such action embarrasses the creditors of the Eilers company in their efforts to settle up the affairs of the company.

The streets on which traffic is congested will be comparatively free from parked automobiles if the ordinance discussed by the city traffic committee Monday afternoon is approved by the city council Wednesday, June 22. The ordinance was drafted by L. E. Latourette, deputy city attorney, and will be revised and submitted in about a week for further consideration. A public hearing will be held before the question goes to the council for final action.

SCHOOL NOTES

The public school term at Lents closed Thursday of this week and has been a very successful year for all concerned.
 Wednesday a delightful luncheon was given in honor of Misses Bess Osborne and Gladys Mitchell, retiring teachers, both of Gresham, who will be married in the near future. An elegant cake was furnished each prospective bride at which Misses Loretta Chapman and Evelyn Lawrence officiated in distributing generous pieces to Prof. Thaxter and the 24 teachers present. The room was most appropriately decorated with beautiful flowers for the occasion.
 Miss McDonald's room held a picnic at Council Crest and Mrs. Chick's room at the Oaks Thursday.
 Most of the teachers will take university extension work this summer.
 A new school is expected to be opened in the Maryville district next year, which will relieve the congestion at Lents, Woodmere and Kellogg schools.
 Prof. Thaxter desires to thank parents and pupils for their hearty cooperation in making the past school year a most successful one in the Lents district.
 The date of the opening of the next school year is Tuesday, Sept. 6.

DAILY VACATION BIBLE SCHOOL NEED EXPLAINED

As a background for his announcement of the Arleta daily vacation Bible school, Dr. W. L. Van Nuy of the Presbyterian board of Sunday school education, said that the school is an emergency device to meet a crisis in education. We have become conscious of the fact that an appalling number of children are not receiving any direct instruction in the fundamentals of Bible knowledge. The Intechurch survey placed the figure at 27 million or 63 per cent of the youth of America under the age of 25 years. This is more significant when we remember that the foundations of American democracy were essentially religious and that the only democracy that can stand and that is "for the people" must rest on the sanctions of religion and morality secured by faith in God and reverence for the word and law of God. Whenever a generation that is not controlled by these forces comes into control of the policies and relationships of the country, the essential foundations of democratic government are swept away. An examination of the problems that trouble America today or the problems that distress communities or burden individual hearts, will show that the great majority of them spring from this lack of spiritual foundations in the lives of those who are leaders of today.
 The crisis is emphasized when we consider the proportion of time given to the formal teaching of the Bible in one year in Portland in the school whom the church is touching. At least 25 hours per week are given to instruction in the various branches of secular education to the average American boy and girl. The children whom the church is teaching receive less than one hour a week in the teaching of the Bible. In the actual study of the text and content of the Bible a boy would go to Sunday school for six years with absolute regularity before he would spend as much time as the sixth grade boy does in one year in Portland in the study of arithmetic. This is the reason the Bible is as a child's book to such multitudes today. They have never spent as much in becoming familiar with it as they spent in one year in the study of arithmetic or any branch of common learning.

It is important that our boys study arithmetic. But it is even more important that they become strong and reliable in the desire to use that arithmetic to bring right results. The eternal and universal laws of mathematics become obscured when the heart is not right. What we sometimes call the "human element" is a factor in all scientific investigations. The uncontrolled "human element" is an influence that may render the results of all learning entirely unreliable. Two and two do not always make four when a mind uncontrolled by the teachings of religion wields the pencil. It may make five when results are to come to the operator, or three when they are going the other way.

The daily vacation Bible school gives more consecutive, graded instruction in the Bible in a standard program of five weeks than the average Sunday school is able to give in an entire year. And when we consider the possible efficiency of a lesson period, once a week, and often without preparation, in an unsuitable environment, and with materials not adapted to the child mind, the relative value of the regular, graded daily study is greatly increased.

In such considerations as these we find the explanation for the phenomenal increase of these schools during the past few years and there is every reason to expect that the interest of Portland will be fully equal to that in other parts of the country.

In answer to a question put to him Dr. Van Nuy said that his idea is not, in pressing the claims of children, to "juvenile" the church, but to INSTRUCT the children.

ST. PETER'S CATHOLIC CHURCH

The Rev. Peter F. Beutgen, aged 60 years, died at St. Vincent's hospital Monday morning of pernicious anemia. Several years ago Father Beutgen was a flu sufferer. Two successive years the disease attacked him and anemia came in its wake. Since January, 1920, he has been confined a good deal because of his illness.
 The funeral was held from the Cathedral Thursday morning with interment in the family plot in Mt. Calvary beside the bodies of his father and mother, Nicholas F. Beutgen and Mary Beutgen. Wednesday night the body was waked in the Cathedral. The Knights of Columbus furnished the bodyguard.
 As a boy of 18 Father Beutgen came to Oregon in 1878. He studied for the priesthood at Montreal, at St. Hyacinth's, and continued his studies at Louvain. He was ordained in Mt. Angel, April 15, 1888, by Archbishop Gross and said his first mass in the same place, April 22, 1888. Father Beutgen was placed on the coast mission and while in this work built the most westerly church in the United States, Star of the Sea, at Bandon. For nine years he was stationed at St. Peter's, Lents.
 Surviving Father Beutgen are the following brothers and sisters: N. D. Beutgen, Mrs. F. J. Flynn, Mrs. Francis Kierman, Mrs. Frank Hennessey, Portland; Mrs. Mary Wicke, Ramsey, Mont.; J. M. Beutgen, Los Angeles; Francis Beutgen, New York.
 —From the Catholic Sentinel of June 9th.

St. Joseph's services were held in the local church Thursday in memory, and on Saturday all the children will receive communion for the same intention.
 At a mass meeting held Sunday the action of the July 4th committee was, with their approval, rescinded, and it was unanimously decided to raise \$500 by direct assessment. Different committees were appointed by the chairman, A. J. Boland, to thoroughly canvass the parish.
 Under Mount Angel news, we read

that Francis Coloria received a gold medal for general excellence at the close of the school term. Francis is at present with his parents.
 Phil Sheridan branch of the A. A. F. R. I. R. met Thursday night. At the next meeting Father O'Flynn promised to have present a young Irish lady who is now on her way from her home in Cork, who will tell of her terrible experiences during the past year, during which she saw friend after friend dragged off to jails and internment camps and a number brutally murdered.
 Masses on Sundays are at 7 and 9.

Task for Chemists.
 The technical chemists of the world are asked to solve a very tempting puzzle. They are told that if they can only discover how to get it out, there is to be had from Jerusalem artichokes a substance which can be turned into a sugar sweeter than cane sugar. The yield per acre of artichokes would be higher than the yield of beet sugar per acre of beet and higher than the average yield of cane sugar per acre of cane. Truly an alluring bait, and an opportunity to make the land flow, if not with honey, at any rate with something not unlike it.

No Meal is Perfect Without Good Meat

Relishing a meal puts a fellow in a good humor (the ladies are always that way.)
 Without meat there is always a feeling of something lacking. And if you have meat, and it is not of the best, the relish is not there.
 The obvious thing, therefore, is to buy the BEST—meat that produces a relish; that puts you in good humor; that puts you in the pink of condition.
 The quality of the meat you eat is more important than the quantity. It has QUALITY if bought from us.

Eggiman's Market
