A CORRECTION

Editor Mt. Scott Herald: I wish to correct a statement in the Herald of last week in regard to the birthday dinner. The birthday dinner was not given entirely for me. It was given for all G.A.R. men in Reuben Wilson Post and Shiloh Circle who had a birthday in the past three months. There were several of them at that dinner who are as justly entitled to the honor as I was. Too much praise cannot be given the ladies of Shiloh Circle for the splendid dinner. They had everything good to eat. The beans and the birthday cake were lovely, beans like mother used to bake them. The circle has a birthday dinner every three months. You quoted me as 82 years old. I am 82 years young. —John Walrod.

BURIED LOOT IN CELLAR; YOUTHS HELD FOR THEFT

After digging ten feet into the cellar floor beneath the building at 6423 46th avenue, Monday afternoon, Policemen Taylor and Drennen of the auto license investigation division, unearthed a number of tires, tubes and other accessories, which led to the arrest of two youths, and will probably solve a score of auto thefts and house prowling jobs.

Signed confessions of the two youths cleared up eight separate thefts, indicated that they were implicated in three others and also implicated several other members of a gang which has been operating in the Mt. Scott region for about two months.

The first of the two youths was found, after a search of several days, to be serving a seven-day sentence in the city jail for drunkenness, committed there by the juvenile court after he had fictitiously given his age as 17.

He is Felix Nordlund, 19 years old, 1524 68th avenue. The two policemen obtained a signed confession from him. The confession included the robbery of the Fifth church, Scientists, 1424 62nd street, committed June 6, when a typewriter and some money were stolen. It also cleared up the robbery of the Shipley filling station at 52nd and Powell Valley road, from which \$275 worth of tires and tubes were stolen.

Another case was the stripping of an automobile belonging to the city of Portland which was parked at Myrtle Park. The thieves placed the car on jacks and stole three of the tires. The machine stolen from Theodore Zimmerman at 65th street and 45th avenue was included in Nordlund's confession, which read that he and two other youths had taken the car and had intended to drive it to Hood River.

STREET RAILWAY TOLD TO KEEP ITS PLEDGES

The city of Portland, through City Attorney Frank S. Grant, last week filed with the public service commission a petition asking for an order requiring the Portland Railway, Light & Power Co. to do a large amount of maintenance and reconstruction work on its street railway lines in Portland, estimates for which were considered, if it is maintained, when the commission permitted the company to increase its street car fares.

The city of Portland asks that an order be issued requiring the reconstruction and repair work to be done forthwith, or that the company be required to show cause why the street car fares should not be proportionately reduced in accordance with the sum which the company has failed to expend for such work.

The petition reviews the steps that led up to the granting of the order that increased the car fares, showing that the company represented that it would be necessary to do reconstruction work at a cost of \$656,900; that the company represented that for a period of 12 months following the allowance of adequate fares it would be necessary to spend \$10,000 each month for maintenance work, in addition to the normal expenditures to place the street railway in a satisfactory state of repair; but that the company "has failed entirely to this date to do such extra maintenance work and has also failed, neglected and refused to do a large part of said reconstruction work, only a small part thereof having been done by said company to date."

The petition alleges that by reason of this neglect the street railway lines and the streets occupied by them are in an unsatisfactory and unsafe condition for both street car and vehicular traffic.

LOCAL BOYS TO PLAY BALL IN LABOR DAY GAME

The Arleta Athletic club baseball team will meet the Veterans of Foreign Wars nine on the Vaughn street grounds Monday afternoon, starting at 2:30. This game was scheduled as a special attraction for Labor Day, and one of the hardest and best played games of the season is being looked forward to.

Both teams are made up of nearly all Mt. Scott boys. Manager Lovery, who is handling the affairs of the Veterans, has practically the same squad he had last year under the name of Hesse-Martin. Fans will remember how these two teams battled for his team in "Lefty" Heiman and Johnny Brand, with Pagan doing the receiving. Several Franklin High school stars will be seen in the Arleta lineup.

Phillip Drake of Lents will be on the mound for the Vets, with "Red" Moore, also a Lents boy, behind the bat. Manager Brooks of Arleta will have two local boys to do the heaving for his team in "Lefty" Heiman and Johnny Brand, with Pagan doing the receiving. Several Franklin High school stars will be seen in the Arleta lineup.

Nobody likes to listen to a tale of woe—unless it is his own.

MYRA B. SMITH

Funeral services for Mrs. Myra B. Smith, of 92nd street, who died last week, were held Monday afternoon at 2 o'clock from the Sunnyside Friends' church. Mrs. Smith was formerly superintendent of Portland Commons and was a sufferer from cancer, which on Thursday caused her demise. She was born October 26, 1879, in Damascus, O. She came to Portland with her husband, Edward D. Smith, in 1903, and immediately became engaged in mission work with the Portland Commons.

For several years Mr. Smith was pastor of the Sunnyside Friends' church and his wife assisted him both in missionary and ministerial work. Mrs. Smith is survived by her husband and three sons, Edward Jr., Ora and Jesse Smith.

"Myra Smith, though eloquent in oratory and song, preferred to devote herself to the poor and the outcast," said Mrs. Lola Baldwin Sunday. "For 21 years she arranged at least one religious meeting a day. Thousands of persons who did not know her name will remember the quiet, earnest, sweet-faced little Quaker woman who preached and sang the gospel on the streets and in Portland missions."

BURGLAR TAKES DOLLS WHILE FAMILY AWAY

"Don't cry, little girl, don't cry. They've stolen your doll, I know." The Hoosier poet might well have written it that way, but probably he realized the meanness to which the burglar of 1921 would stoop. Two dolls, one eighteen inches high and the other a foot tall, were stolen from the home of A. L. Sherk, at 7219 55th avenue recently, while the family was away on a vacation.

Laurence and Kenworthy are said to have confessed to prowling the house but denied taking the watch.
