

Proved Wednesday! to Lents!

Big Audience at Yeager Theater Hears Helen Clark and Joseph Phillips in EDISON Tone-Test

In a test of direct comparison, made Wednesday at Yeager Theater, before a large audience, the New Edison scored a complete and convincing triumph.

Helen Clark, the famous contralto, sang in direct comparison with the RE-CREATION of her voice by the New Edison. To every ear, there was no difference between her living voice and her RE-CREATED voice.

This is the most drastic phonograph test known. No other phonograph has ever sustained it. No other phonograph has even attempted it.

The New Edison's marvelous performance, of Wednesday vindicates everything that has been said or claimed for its perfect realism.

Helen Clark stood on the stage next to a shapely Chippendale cabinet. She began to sing. Her golden notes soared over the auditorium, bringing all under its magic spell.

Halfway through her song, she suddenly stopped

singing. The New Edison, at her side, took up her song,—and continued it alone.

Singer and phonograph thus alternated, throughout the song.

The only way the audience could be sure which was singing, was by watching Miss Clark's lips,—so exactly like the living voice was the RE-CREATED voice.

Joseph Phillips made the same test of comparison with the RE-CREATIONS of his baritone selections. Again the same result—there was no difference between the RE-CREATED voice and the living voice.

Proof was piled upon proof! Evidence was massed on evidence! The end of the concert found the audience absolutely and completely convinced, through its own personal experience, that there is no difference between an artist's living performance and its RE-CREATION by the New Edison,—that listening to the New Edison is, in literal truth, the same as listening to the living artists.

The NEW EDISON

"The Phonograph with a Soul"

You can have an Official Laboratory Model in your home. You can own an instrument which will do everything done Wednesday in the test. Come in. Hear the wonderful Official Laboratory Model for yourself. Learn about our Budget Plan, which puts our Official Laboratory Model into your home for no more than you would "pay down" for a talking machine.

Only one question can still bother your mind. This question we now answer.

The instrument used in Wednesday's tests was not a special model. It was an Official Laboratory Model, taken from regular stock. Every Official Laboratory Model in our stock is guaranteed to sustain the same test of direct comparison with living artists.

MT. SCOTT DRUG CO.

MRS. MARICLE WRITES

Mrs. H. E. Maricle has written the following letter to the Herald:
Hamlin, Alta., Canada
Sept. 22, 1921.

Mt. Scott Herald Editor: As we haven't the addresses of some of our friends in Portland, will write a letter for your paper in regard to our journey by auto.

I am thankful to say we had good weather and arrived in Hamlin three weeks ago last Monday, with very little trouble. We made the journey in 11 days. We enjoyed very beautiful scenery, especially along the Columbia River Highway. We camped on some very pretty grounds, with every convenience for travelers.

George Smoke and Bud Haselett came with us, and took turns in running the car. Each have a place on a couple of neighboring farms. They seem to like it out here, although Bud is a little afraid of the cold weather. They have choir practice every Wednesday evening at the school. The boys have joined the choir.

I would have written sooner but have been so busy helping sister during harvest. I would like to have some of my friends write me.

Mrs. H. E. Maricle,
Hamlin, Alberta.

EBERHART BROS. ADD TO PLANT

Eberhart Bros. have added a Mannheim Force Feeder to their new plant to be housed in the addition which they have built to the Foster Road warehouse at 9326 Foster Road. The feeder will roll or chop a ton an hour, and can be fixed to crack five tons of corn an hour. The feeder was purchased from a Portland flouring mill. Before the improvements are finished to the Eberhart Bros.' place elevators will be installed.

"Sandy" Gregor's Year of Progress

Start with \$59 and in 15 months own a vulcanizing shop, an automobile repair shop and a filling station. If you can do that you will equal the record of "Sandy" Gregor, 6010 82nd street. With \$59 in June 1920, "Sandy" started. Now he owns, besides the place at the above address, a repair shop at 6101 82nd street and a filling station at First and Washington streets which he purchased recently. That's "Sandy's" year of progress. The Herald would like to hear of others.

U. of O. Enrollment Increases

UNIVERSITY OF OREGON, Eugene, Oct. 6—(Special)—An enrollment of 2034 had been reached in the University of Oregon at the close of the fifth day of the fall term, which opened September 26. This includes 150 students in the medical school in Portland, which is a regular department of the university proper. On the Eugene campus alone 1884 students have registered and late entrants are expected to swell the total to 1950. This indicates an increase of more than 20 per cent over last year's enrollment, according to Carlton E. Spencer, registrar.

W.C.T.U. NEWS

Among those who will take part in the W.C.T.U. state convention in Oregon City, Oct. 12-14, are the mayor of Oregon City, Rev. Mr. Wire, Robert Kirk, Mesdames Eva Emery Dye, E. B. Anderson, Edginton of Hood River, T. L. Leonard of Ashland, Mary L. Mallet, G. L. Buland and Lola G. Baldwin, and Messrs. E. A. Baker, J. A. Linville and Mrs. Ada Jolley.

Lents Man Organist

Rouen Faith has been secured as organist for the Atkinson Memorial church during the coming season. Mr. Faith is a promising student of Dent Mowrey of New York, and now in Portland. Mr. Faith's work as accompanist with the excellent voices in the quartet will insure good music at this church.

Plan Anniversary Celebration

Lents assembly, United Artisans, at the regular meeting in Lents Grange Hall, Wednesday evening, planned to hold the 27th anniversary celebration at the Multnomah hotel, November 4. At Wednesday night's meeting four were initiated, and visitors were present from other city assemblies.

NOTICE

I will not be responsible for any bills contracted by C. H. Topping or the Consolidated Motor Service. A. N. Gregor. 41-31x

Former Lents Woman Dead

Word has just been received of the death of Mrs. Marian Lovett, cousin of Mrs. C. L. Austin, 9524 58th avenue. She and her husband will be remembered as proprietors of a furniture business in Lents for about five years. Mr. and Mrs. Lovett left here in 1919. She passed away at Laramie, Wyo.

Mrs. M. F. Thompson and family have moved into the house at 6024 93rd street.
