Mayor Baker, in his speech Saturday evening at what is described as "a Ku Klux Klan love feast," is reported as saying: "We have gathered here as a group of patriotic citizens and we need not apologize for that."

But if it was not necessary to apologize for his presence there, why did the mayor do so? It does not require a very intimate acquaintance with the Freudian psychology to see that His Honor was uneasy in his mind. It is not usual for American citizens to feel called upon to explain their presence at a dinner table; something in the surroundings must have stirred the mayoral conscience.

A great mystery apparently surrounds the affair. The Rev. Dr. Gallagher of Belfast and Portland, who presided, said that neither Mayor Baker nor Governor Pierce knew who were the sponsors of the dinner when they accepted the invitation to attend. On the other hand the Telegram says that the two officials were in communication beforehand as to the advisability of attending.

The Telegram's statement receives apparent confirmation from the circumstance that other prominent citizens who were asked to attend knew it was a Klan gathering and staid away.

It certainly adds to the splendid advertising Oregon has received in recent months to have the press associations carry throughout the country the announcement that the governor of the state and the mayor of the metropolis were present at a Ku Klux Klan love feast.

The completely patriotic character of the assembly seems open to some doubt for P. S. Malcolm, who admits that he is the most patriotic citizen of the state, declined to attend.

NOTES AND NEWS

The Ku Klux Klan and the Scottish Rite Masons would better investigate Dr. Elmer B. Bryan, president of Ohio University, who demands the maintenance of religious education. In a talk to the educators assembled for the annual convention of the department of superintendence of the National Education Association, Dr. Bryan declared that fine school buildings, equipped with the latest appliances, are of no use unless the Christian education is the only hope of the nation, provided we place supreme emphasis where supreme values reside," he said. "Education, like the human being, once it has lost its soul, has nothing left that is worth having. Unless education takes account of the soul, the nation is doomed to go smash."

The Rev. Kenneth D. Miller, speaking before a Methodist meeting in Cleveland, put in a good word for the immigrant. "The fabulous wealth of America has been produced by the toil of the immigrant," he said. "The immigrant has been like a part to a Ford car. He has been cheap. He has been subjected to horrible abuse and unbelievable wear and tear. When he breaks down he is sworn at. It is noteworthy that nothing is said about inviting these people to share our life with us. New parts are needed for the machine, that is all."

Great Seal 140 Years Old

The great seal of the United States was adopted by Congress 140 years ago. The design was suggested by Sir John Prestwich, an eminent English antiquary, to John Adams, then United States minister to Great Britain, and was formally accepted by Congress on June 20, 1782. It is composed of a spread eagle, bearing on its breast an escutcheon with thirteen stripes, and its talons holding an olive branch and thirteen arrows, symbolic of both peace and war.

I looked upon a mountain,
I looked upon a plain,
I saw a lot of green stuff
And it looked like waving grain.
I took another look,
I thought it must be grass—
But goodness, to my horror,
It was the freshman class.

DEATH OF MRS. M. E. HENIKA

Jennie Lillian Pierce was born in Little Falls, N. Y., November 16, 1866, and died at her home on 50th avenue and 66th street, Portland, Saturday morning, March 3. She moved to Michigan with her parents at the age of 15 and was married to Manuel E. Henika, May 14, 1890, at Kalamazoo. In 1906, with her husband and three children, she came west and settled in Portland, where they have dwelt ever since. Early in life she united with the Baptist church, of which she was a consistent member until her death. Her interests in life centered in her home, her church and her friends. She is held in grateful remembrance by many for her quiet unassuming acts of kindness. Beside her husband, she is survived by her brother, Frank Pierce and three children, Irma, Mrs. Elwida Lincoln and Louis of the Pacific Telephone company. The funeral occurred Tuesday afternoon at Holman's chapel and was conducted by Rev. E. A. Smith, of the Lents Baptist church, a former pastor, and by Rev. Owen T. Day, the present pastor of the Arlet Baptist church of which Mrs. Henika was an active member.

Have YOU a Youthful Walk? Cantilever Shoes Make It Possible

Could you do Walter Camp's famous "daily dozen" with your feet strapped to boards?

Ordinary shoes are like boards on your feet. Your arch cannot flex in them because they are reinforced with steel between the leathers of the sole. Ask your shoemaker to show you when he is resoling a pair of shoes. See how impossible it is to bend them at the arch.

A Cantilever Spring
Dr. Douglas Stewart a leading specialist, says: "The foot is a cantilever spring so made that when it is allowed to function normally it carries the body with the greatest possible ease and resilience."

The Cantilever Shoe is made with a flexible arch which permits the cantilever spring of your foot to function normally. It gives that ease and resilience which characterize a perfect carriage. This can only be accomplished by giving perfect freedom to the muscles of the foot. The flexible arch of the Cantilever Shoe fits snugly, while it forms a natural support to the instep.

Makes Life Easier
Cantilever Shoes give an added zest to your pleasures and lighten the daily round of your duties. They are stylish as well as comfortable. The modish, rounded toe and the medium heel are worn by women who are particular about wearing correct clothes.

That youthful, swinging step is made possible by wearing Cantilevers. Buy a pair tomorrow and know what it means to walk miles out-of-doors or at your every-day work without fatigue.

Constipation

is the forerunner of nearly all human sickness. Waste matter remaining in the intestines sends its poisons throughout the body. Resistance is weakened. Strength is undermined—colds, headache, influenza and other sickness are invited momentarily.

The Old Way

you feel constipated in the morning. You wait until night, then take a laxative of the old-fashioned, slow acting type—What follows? You wait till next morning for results. A whole day lost!

The New Way

CURREY'S SYSTEM CLEANSER

is a harmless water laxative and intestinal antiseptic. It really flushes the system as only water laxative can do—quickly, gently, completely it removes the poisonous waste material. No waiting till night to take—then waiting till next morning for results.

Currey's System Cleanser

taken on arising gives relief while the morning is yet young. It safe guards the health—removes the poisonous waste from the bowels without dangerous loss of time. Relief is certain and complete.
