THE POWER BEHIND
By C. L. LOCKE

WHY is it that seemingly eighteen million Catholics in the United States have ten times the power and influence as have the ninety-two million non-Catholics?

Why is it that our Health Department has no authority over Catholic institutions, but have complete control over all others?

Why is it that several of our Presidents, nearly all of our Senators, Congressmen, Governors, and all other lesser public officers, are servile to the eighteen million instead of the ninety-two million people?

Press Papal Controlled

Why is it that nine-tenths of all newspapers, magazines, and other publications are papal controlled? Surely, whatever the cause, it cannot be due to numbers or patronage; because, logically, the non-Catholics should supply five times as much subscriptions and advertising as would the Catholics.

Whatever may be said of racial likes and dislikes, these are not sufficient to account for the fear which hangs like a great black pall over the peoples of the world as well as those of the United States.

What Woodrow Wilson Said

"I cannot tell you how many men of business, how many IMPORTANT men of business, have communicated their real opinion about the situation in the United States to me, privately and confidentially. They are afraid to make their real opinions known publicly; they tell them to me behind their hands."—(The New Freedom, by Woodrow Wilson, page 258.)

"I have seen men who, as they expressed it, were put out of business by Wall Street, because Wall Street found them inconvenient and didn't want their competition (same as above, page 186).

Fear Rules the World

"Since I entered politics I have chiefly had men's views confided to me privately. Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of somebody, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so pervasive, that they had better not speak above their breath when they speak in eodemination."—(New Freedom, Wilson, page 187.)

Find the Root Cause

The process of elimination is often slow and tedious; but if persisted in, inevitably will lead us to the root cause of any circumstance, condition, or result. There may be many seeming causes bearing upon a given result, but all of these will fall to give the correct solution until we have found the root cause; then, all of the seeming causes are but so much evidence which help to prove that at last the root cause is revealed. This is the process or law used in scientific research.

Proclaiming the Whole Truth

For more than fifty years, I have been using this process in an analysis of the spiritual, political, and economic conditions of peoples. It has been a long, tedious search for the truth. There may be others who have found the root cause of nine-tenths of human woes; however, I believe I can, without bragging or egotism, claim to be the only one to have claimed the whole TRUTH.

Having traced the many seeming causes to their junction with the root cause, I then looked for the persons who kept the root-cause-system in force. This research carried me through all of the principal histories of the world, giving especial attention to the evidence of those persons who have been most active and ruthless in maintaining the system.

Strong Men Gain Riches

All nations have had their strong men who have accumulated great wealth, then passed on to the Fourth Dimension, leaving their riches to their heirs; these rarely ever hold the fortune beyond the fourth generation. It either becomes encumbered or else is split and divided, so that such fortune could not become a menace to the whole world.

The same is true of nations. People many times have gone into the wilds and builded up a great nation with their hands and energy, assisted only by beneficent Nature. Such people invariably have prospered and risen in all that goes to make real civilization, as long as they worked in unity and at peace with their neighbors; but history shows that when such people have attained a prosperous condition, the insidious Somebody invariably has come in and introduced strife, war, wreck and ruin.

The System Always Works

Had this happened to but one nation and at widely separated periods, we might draw different conclusions; but when it happens to all nations, not once or twice only, but as often as

In the control of a board of Commissioners.

Peonage For All Certain

Should the purpose of the BIG SYSTEM be consummated, God would indeed need to bestow great pity upon both Catholics and Protestants in the entire Western Hemisphere; because, even without giving the BIG SYSTEM greater control than they now have, nothing but the Nationalization of Exchange at Cost possibly can save the United States from slow decay. In which event, I see both Catholics and Protestants sinking to a peonage level.

Hierarchy Fabulously Rich

There is no question in my mind concerning the vast wealth of the Roman hierarchy. I believe they control more visible wealth than do the peoples of all nations combined. Still, many of their subjects are the most destitute of all peoples. In the event of war the Roman hierarchy cares little how many of their own are slaughtered. In fact, history shows they have killed off thousands of Catholic families in order to get the property of those who were slaughtered.

After tracing this heinous system through the histories of so many nations, I do not wonder that the functioning head of the system forbids the reading of anything except such as is especially prepared for their subjects by the System's Censors.

The People "Mootly Fools"

Americans generally now anathematize "Big Business," "Wall Street," and the "Subsidized Press" because of their participation in the "World-War-Fiasco," but these are but the seeming causes, all of which are dominated by the BIG SYSTEM.

Each circumstance, every important event, and all results, for years before the war and since, furnish so abundant and complete evidence of this truth that it makes me sad when I contemplate the denseness of the people of all nations. It appears to me so appalling, so opposite to Christ's teachings, so opposed to all natural law, so enslaving and overloading with needless usury bearing indebtedness, all of which enriches the BIG SYSTEM, and to a very great extent removes opposition to Roman "Empireism."

Great Crimes Planned in Rome

All informed persons now know that the plot which caused the Civil War, the assassination of Lincoln, the bonded indebtedness, the placing of our monetary system in the control of the international agents of the BIG SYSTEM, were planned in Rome.

Why is it that such informed persons "talk in whispers behind their hags," instead of proclaiming the truth aloud? Is it because their dream of papal rule is so sweetly alluring? If so, such persons should read the history of the BIG SYSTEM during the fifteenth century and learn how it was possible for one Friar, in a period of eighteen years to buy out 10,220 persons, and to punish 97,321 others with infamy, confiscation of property, or perpetual imprisonment, so that the total number of families destroyed by this one agent of the BIG SYSTEM amounted to 114,461.

Fathers, mothers, sons, daughters, brothers, sisters and all other relatives were enjoined under penalty of death by torture and fire to give evidence of any and all kinds to the agents of the BIG SYSTEM. The fires of this Inquisition still are smoldering in the purpose and desires of every papal agent in the United States.

Good Catholics Slaughtered

The 114,461 families slaughtered, whom I have mentioned, were the right-thinking Catholics of that period. What is the probable fate of the right-thinking Catholics and Protestants in the United States, should the Roman hierarchy get complete control of our country?

Remember that the Roman hierarchy is a BENCH OF MONKS owning no allegiance to any temporal authority, who hold themselves superior to all other tribunals, from whose edicts there is no appeal, whose spies are in every household, worming into the secrets of every fireside, judging and executing their horrible decrees without responsibility, and confiscating the property of their victims.

Work of Foul Black Vultures

Such is the record of those who have perpetuated the BIG SYSTEM through thousands of years. The histories of all nations are full of accounts of the dehuman atrocities of these black vultures.

History shows that war and slaughter only place a greater burden upon the people that go to war, and at the same time give to the BIG SYSTEM greater power and wealth. Knowing this TRUTH, is it not time that the people of the United States should set an example to the peoples of the world, showing that the only sane and sure way of destroying the BIG SYSTEM is to stop the colossal income of the system by the nationalization of exchange at cost!

ROMAN ENVOYS BUSY

The special car of the Catholic Church Extension Society of the United States of America is now at Linton on business for the Pope of Rome, who is striving to make America a vassal of the Vatican. The Romans are centering their efforts in Oregon.
