The Proposed Amendment.

More important, the Telegram thinks, than the election of this or that sort of men, the success of this or that party, locally, is the adoption of the proposed constitutional amendment to the Oregon Constitution providing for the initiative and referendum adjunct to legislation. The Telegram agrees entirely with Mr. Elgie Pomeroy, who recently lectured here, both in his statement of facts and his argument showing the necessity for this reform.

Both parties have repeatedly declared in favor of this reform. All the politicians profess to be in favor of it. Some of them are sincere; others are not. Those who are sincere must work for the amendment, bring it and keep it before the people, talk and work for it, or through inattention and negligence it is likely to be lost.

It is yet a debatable question whether, to be adopted, the amendment will require a majority of all the votes cast in the election or only a majority of the votes on the amendment. This, if it should receive a majority of the votes cast on amendment but not a majority of the votes cast in the election, will be a question for the Supreme Court to decide. As about all other legal propositions, leading lawyers disagree as to this, but the better opinion seems to be that, under the wording of our constitution, the amendment will require a majority of all the votes cast.

For example: Suppose 90,000 votes all told are cast on June 2, and only 60,000 voters vote on the amendment, either for or against. Will it be necessary to have in its favor 45,001 votes, a majority of 90,000, or only 30,001, a majority of 60,000? Probably the 45,001 votes will be necessary. At least, it will not be safe to trust to the other proposition being upheld by the Supreme Court.

Therefore, work is necessary. Every friend of the amendment, every man in favor of this reform, ought to work for it, from now on, and especially work to get out the votes friendly to it, and to see that all voters friendly to it say "yes," and not ignore it, as many voters ordinarily do ignore proposed amendments, not caring whether they are voted up or down.

Several amendments to the Oregon Constitution have, from time to time, been proposed and voted on, but though some of them were meritorious, they have all been voted down; none of them ever came anywhere near receiving a majority of even the partial vote cast for and against the amendment. There has so far been a disposition to vote down all amendments. But this is a different proposition. It is a live, a growing question. It is coming—a greater degree of direct legislation—throughout the country. Let Oregon lead the way. It will be a big feather in Oregon's cap.

Both Republicans and Democrats have gone on record as favoring this reform. They have declared for it, professed their belief in it; now let them keep their word throughout the campaign and at the polls and it will win.—Evening Telegram.

Gov. Taft of the Philippines is in St. Louis arranging for the Philippine exhibit at the great Fair. \$250,000 has been appropriated and it may be increased to \$500,000. It will be no doubt be very interesting to patrons of the Fair.

To Cure Constipation Forever. Take Cascadia Candy Cathartic. No or No. C. C. C. will cure constipation forever.

Have our people any real conception of the magnitude of the acquisition involved in the \$20,000,000 purchase of the Philippine Islands from Spain? It is true, in the purchase of the Louisiana territory, or the acquisition of New Mexico, Arizona, California and Alaska, a wider area may have been involved, but in point of area combined with population, productiveness, actual and possible, and far reaching political problems these earlier territorial acquisitions were child's play compared to the appropriation of Philippines. Take for example the territorial area. Confined to a dozen or two only of the larger and more habitable islands, they present a surface of some 150,000 square miles, equal in extent to all our states south of Mason and Dixon's line and east to the Mississippi except the Virginia, Florida and Louisiana, while the population is about the same. Think of such an addition to one sweep of adjacent domain to our great republic. All Canada or even Mexico would pale in comparison. Take for example the island of Mindanao, by no means the largest, and one of the least developed of the larger islands. About as large as the state of Ohio, its entire soil is as rich as that of Java. The land once cleared, the timber paying a large profit on the work, it is open for sugar and other plantations that will more than tenfold increase the present productions of the island. The magnitude of the interest may be estimated from the fact that there are in the islands still over fifty million acres of virgin timber, upon which only the first inroads have been made—the timber including trees two hundred feet high and often four feet in diameter, consisting of mahogany, sandalwood, etc., nearly all the most valued timber in the world. In their present state the islands support in luxurious ease a population of some 10,000,000. What will they not do when yielding to the immense temptation they offer to American and other foreign capital to develop them up to something like their easy possibilities. In less than half a century fifty millions, instead of their present ten, ought to be a moderate estimate of their population. Well may imagination stagger in view of our national responsibilities involved in the management of such a "Colony." Yet the burden is upon us, and there are grave doubts whether any one seriously believes it will ever be laid down.

Chicago, April 16.—In the works of the McDonnell Odometer Company, at West Thirty-fifth street and Kedzie avenue, engines and framework are being constructed for three big airships, in which Patrick E. McDonnell hopes to reach the North Pole next Summer, says the Chronicle. He is confident that his machines will work, as the model has proved successful. The airships will be built on the dirigible balloon plan, and will be more than 400 feet long. It is claimed that several Chicago capitalists are interested in Mr. McDonnell's venture, the cost of which is expected to be within \$50,000.

Sergeant Julius R. Frederick, a survivor of the Greely expedition, has promised to be one of the party to make the journey, provided the tests of the machine are successful.

Washington, April 16.—Washington people are considerably shocked by the announcement in a local paper that the smart women have begun wearing half hose—otherwise known as socks—otherwise spelled sox—as part of the Spring and Summer toilets. Coolness and comfort are the excuses offered. Managers of the large dry goods firms confirm the report, and admit they have had considerable call for the article mentioned by their feminine customers.

To the readers of this paper who will send their name and address for a sample copy of THE NEW YORK FAMILY STORY PAPER they will receive the opening chapter of Miss Laura Jean Libbey's best story "RETROTHED FOR A DAY." Do not miss this opportunity to secure free the opening chapter of this grand and intense love story. Do not wait until you read this paper thoroughly, but write at once to, Munro's Publishing House, 34-26 Vandewater Street, New York City, N. Y.

Edoate Your Bowels With Cascadia Candy Cathartic, sure constipation forever. No. 25. H. C. C. Co. call, druggists refund money.

THE REPUBLICAN PLATFORM.

Declaration of Principles for the State Campaign of 1902.

The Republican party of Oregon in state convention assembled, proud of its record and past history, its devotion to the principles of human liberty and human rights, its great and imperishable names which lend lustre and glory to the American Nation at home and among the nations of the earth, and as an assurance of its continued fidelity to the great principles for which it has contended in the past in State and National affairs, does hereby make and affirm the following declaration of its principles:

The events of the late war with Spain carried us into the Philippine Islands. We hold it to be consistent with the principles of liberty and of our National life that the sovereignty of the United States should be maintained in the islands, under such local self-government as the people may be, or may become, fitted to participate in. We therefore declare against all proposals looking to the retirement of the United States from the Philippine Islands.

That in the war which President Roosevelt has inaugurated against the gigantic combinations of incorporated capital he has the united and enthusiastic support of the Republican party of Oregon.

We demand and insist upon the passage of the bill now pending in Congress for the exclusion of Chinese, known as the Mitchell Kalm exclusion bill.

We reaffirm our allegiance to the principles of protection in necessary cases of industries still in their infancy or unable to compete with foreign productions.

We recognize the right of labor to organize and combine for mutual protection under the law, and we recommend that the Legislature enact all necessary legislation to protect labor in all its rights and privileges. In the interest of American labor and the upbuilding of the working man as the corner stone of the prosperity of our country, we recommend that Congress create a Department of Labor in charge of a secretary, with a seat in the Cabinet.

We demand that a law be passed by the next Legislature placing all public officers of this state upon reasonable salaries, which shall not be increased during the incumbency of term of office, and beyond such salary they shall receive no compensation as fees or otherwise.

In order to promote the development of the mineral resources of the state, we are in favor of the creation and maintenance of a mining bureau by the state.

We declare our approval and support of the suggestions of President Roosevelt for the irrigation of the arid lands of the country. This work should be undertaken by the United States as soon as possible, and carried forward on a consistent plan, under direction of the General Government.

We urge our Representatives in Congress and Senators to use every effort to secure the speedy opening of the Columbia River between the Dalles and Celilo, and for clearing the river of obstructions to navigation from its mouth to the head of navigation. We urge also renewed and continued effort for improvement of our Coast harbors and streams within the state, and the speedy construction of an isthmian canal.

That the public lands are the heritage of the common people and should be held in trust for the use and benefit of all the people under the homestead laws. We are therefore unalterably opposed to all plans, schemes or propositions for leasing public domains, either to corporations or individuals.

We favor a policy by the state and the United States which shall further foster and support our fisheries, and we request the Legislature to enact such further measures as may be found by experience necessary to obtain this result.

We demand and insist upon the immediate passage by Congress of the United States of the oleomargarine bill, known as the Groat bill, now pending in the Senate.

That we favor the proposed amendment to the state constitution providing for the initiative and referendum, and recommend its adoption by the people of the state. We declare our approval of the principles of the primary law enacted by the Legislature at the session of 1901, and we ask the Legislature to extend this law so that in its main features it may apply to primary elections in all election precincts throughout the state. And we further recommend the election of United States Senators by popular vote.

NOTICE.

Notice is hereby given to all whom it may concern, not to enter upon or trespass upon the premises of the undersigned, situated on Elk River, Curry county, Oregon, for the purpose of hunting, with guns, dogs, or otherwise. Any person or persons so trespassing without my consent, will be prosecuted to the full extent of the law.

ELI BAGLEY.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for anything but if you have kidney, liver or bladder trouble it will find just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent bottle is sold by all good druggists.

NOTICE.

All persons are hereby warned not to trespass upon the lands of the undersigned, situate in Curry County, by depositing material of any kind thereon, or to use any part of the said land for business purposes.

Any person so trespassing will be prosecuted to the full extent of the law.

R. D. HUME.

Wedderburn, Or., Aug. 17, 1899.

Referring to the above Notice, the subscriber would also notify the public, that he is prepared to furnish wharfage facilities on either side of Rogue River fronting the lands owned by him, at the same rates of wharfage as are charged for like accommodations at the wharf at Port Orford, Curry County, Oregon, all reports to the contrary notwithstanding.

R. D. HUME.

NOTICE FOR PUBLICATION.

DEPARTMENT OF THE INTERIOR, LAND OFFICE at Roseburg, Oregon, March 21, 1902.
