There is a growing sentiment in this county in favor of imposing a school poll tax upon every man between the age of 21 and 50 years of age, under the same terms that the county poll tax is imposed, the money to go into the school fund of the county where collected, to be apportioned among the districts as other school funds are apportioned. Such a law would make contributors to the support of our common schools large numbers of men, citizens, aliens, Chinamen, who under the present law contribute nothing to the cause of education. We would be pleased to have the opinions of others, either for or against, on the subject.

Impaired Digestion

May not be all that is meant by dyspepsia now, but it will be if neglected. The weakness after eating, fits of nervous headache, soreness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

Hood's Sarsaparilla which strengthens the bowels and digestive system.
