New York Asleep.

New York is never entirely asleep, but possibly 3,000,000 of her inhabitants doze part of the night. We roar ourselves to sleep. The process is very gradual. Early infancy and senile old age retire with the chickens. The gay throng of youth and middle age makes a hot pace till midnight, then slowly the pulse begins to grow feeble. By nearly all honest folk are in bed, leaving the city to the rounders. Cars run at long intervals. Now and then a carriage gives a flutter. Imagine 3,000,000 persons lying on the "dead level" for six or seven hours, some on pillows of down, some on curbstones, some beneath silk counterpanes, some beneath the star-spangled blue quilt of heaven. Queen figures they make to be sure.

Imagine 2,000,000 human beings lying flat on their backs, or sides, in tiers 15 or 20 miles long and from three to 12 deep! Three millions snoring! How grand the concert! Three millions dreaming! Three millions in nightgowns, nightshirts, pajamas! One million in white cambric with lace! One million with hair done up in curl papers! One million covered with cold cream or vaseline! Half a million overloaded with food and drink, groaning in a trouble sleep! —New York Press.

Grant's Pass, Or., Aug. 11.—The Rogue River hatchery, on Elk Creek, is doing exceptionally good work this season, and will eclipse all former records in the matter of turning out young salmon. Some 5,000,000 eggs will be hatched during August and September. By next May these fish will be ready to turn loose. That the hatchery is doing a vast amount of good is evident by the increase in the number of salmon that make the run up the river during the summer.

Guthrie, O. T., Aug. 9.—In a fight between Deputy United States Marshals and a gang of outlaws that took place late yesterday in the Osage Nation, one outlaw is reported killed, another seriously wounded and Wiley Haines, a Deputy Marshal, is said to have been fatally wounded.

Seattle, Aug. 9.—Alfred H. Brooks, head of the Alaska division of the United States Geological Survey, arrived here today on his way North, where he will personally visit and inspect the work of six of the seven survey corps now in the field. He will visit Southeastern Alaska, the Tanana and Seward Peninsula, but does not expect to be able to reach the party now at work in the Cook Inlet country.

Topeka, Kan., Aug. 9.—Heavy rain today throughout the Eastern and Central portions of the state, have caused all the streams to rise.

Many persons in North Topeka are moving out of their homes, although there seems to be little danger. While damage is being done, no repetition of the May flood is feared.

Demure is dried swamp root.
Clean blood means a clear body without it. Cascarets, Candy Cather clean your blood and keep it clean, by stirring on the fatty liver and driving all impurities from the body. Begin to day to banish mucus, rheumatis, rheumatism, and that sticky biliousness, and you are taking Cascarets—beauty for ten cents. No drug-gists, satisfaction guaranteed, 10c. 50c. 1.00.

Air Ship Makes A Successful Trial.

San Francisco, Aug. 11.—The story of the successful trial of the dirigible airship designed by Dr. August Greth after 20 years' experimenting is told by a message today as follows:

Early yesterday morning the airship soared 1,800 feet, though held captive. On the second trial, still captive, the doctor went up, managed the propellers and gave direction successfully. The marvel is called the California Eagle, and it is the intention to sail it over the city the first calm morning, and on over the bay. Associated with Greth is Captain T. S. Baldwin, one of the most famous aeronauts in the country. The two say they will construct a bigger machine and go to St. Louis and compete with Santos Dumont.

London's Latest Count.

A report recently published by the London County Council gives all that is known about the world's metropolis to the end of March, 1902. It showed that in the administrative county of London there are 571,708 inhabited houses, which shelter 4,536,541 persons, or an average of 7.93, as compared with 7.71,10 years before. Industrial workers aggregate 1,013,177, less than three-fourths of whom are males. The mortality in London during that year was greater than that of Amsterdam, Brussels, Copenhagen, Stockholm and Berlin, but less than that of Paris, St. Petersburg, Vienna and New York. By 1904 London—i.e., the County Council—will own 1084 miles of tramways and light railways. In 1901 the gross profit on those in operation was £148,797. In the last 10 years there has been a general decrease in offenses against the law, save drunkenness, and arrests for this have increased from 537 per 100,000 population to 846, or over 50 per cent. The ratable value of the city increased from £19,963,285 in 1897 to £39,769,069 in 1901.—Oregon Daily Journal.

Madrid, Aug. 10.—The Spanish cabinet has ratified the appropriation of \$100,000 for a display at the St. Louis Exposition. This is considered a most important matter as it is taken as a sign that ill-feeling against the United States on account of the late war has disappeared, at least as regards national affairs.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is especially successful in promptly curing back, kidney, bladder, uretic acid trouble and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everybody but if you have kidney, liver or bladder trouble it will be found just the remedy needed. It has been tested in many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample sent free by mail, also a book telling more of Dr. Kilmer's Root and how to find out if you have kidney or bladder trouble.

Any and all persons claiming adversely to the above described lands are requested to file their claims in this office on or before said 18th day of July, 1903.

TIMBER LAND ACT JUNE 3, 1878.—NOTICE FOR PUBLICATION.

United States Land Office,

Roseburg, Oregon, March 2, 1903.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An Act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, Henry W. Potter, of Pendleton, county of Umatilla, State of Oregon, has this day filed in this office his sworn statement No. 5182, for the purchase of the NE_{1/4} SW_{1/4}, Lots 3 and 4 of section 30, Twp. 31 S. R. 13 W., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes and to establish his claim to said land before E. A. Dodge, U. S. Commissioner for Oregon at Myrtle Point, Oregon, on Saturday, the 26th day of September, 1903.

He names as witnesses:

J. H. Garbutt, H. A. Guerin and F. L. Wells, all of Eugene, Oregon; and E. S. Wells, of Myrtle Point, Oregon.

Any and all persons claiming ad-

versely to the above-described lands are requested to file their claims in this office on or before said 26th day of September, 1903.
