Dealer in Town Lots, and Improved and Wild Lands.
Filings and Final Proofs Made on Homesteads and Pre-emptions.
GENERAL CONVEYANCING.

DENNIS CUNIFF, JR.,
Dep. U. S. Mineral Surveyor
Surveyor for the District of Oregon.
Gold Beach, Oregon.

Town and County.

Mart Sherrard spent Sunday night in town, having come up on business.

Hans Adolphsen is spending New Year with his parents and friends at Port Orford.

Dorothy, the little daughter of Mr. and Mrs. H. T. Stewart, is quite ill at the Tribune home.

Miss Anna Dean has a genuine opal which she found on Agate beach, and had ground and polished at Coquille City.

The steamer Bandon will call at Port Orford on her next trip from San Francisco and land a lot of freight, if weather permits.

Guaranteed Forest Reserve Scrip for sale in large or small quantities, by Frank E. Alley, upstairs over Land Office Roseburg, Oregon. Will place same for non resident purchasers.

We had a thunder storm last week, during which hail stones, as large as marbles, broke four window panes in the south end of the Knapp Hotel.

A communication from Hon. J. H. Upton which we should have received last week was mislaid at Myrtle Point, and hence did not appear in our last issue.

Will Prince and Theron Fromm came down from Bandon Monday with Hume's team, and say the salmon eggs they went after have been shipped to Rogue river by the Berwick.

Mr. Adolphsen has been seriously troubled with a knee-cap, which was injured in his youth, and suddenly resumed its torture in his old days. He was getting better at last account.

Otto Neumann was in town Sunday night on his way to Gold Beach with a Bandon livery rig. He brought two passengers to this place, and drove Miss Kabby to Rogue river.

Miss Anna Dean, who has been enjoying her holidays at Port Orford, departed by Saturday's stage for Coquille City, where she will resume her position in the office of the Sentinel.

The fight of Attell and Moran, the plucky English champion, for the light weight championship of the world, which took place in San Francisco New Year's day, resulted in a 25 round draw.

Perley Crowley of Sixes river, and Miss Stella Harry, were married Christmas at the home of the bride's in Brewster valley, Coos county. They will reside at Mr. Crowley's home on Sixes river. We wish the young couple long life and much happiness.

At Chasco, Oregon, on December 19th, 1907, Rev. Wallace Cutter of Smith River, Cal., performed the ceremony of uniting in marriage Mr. Frederick J. Finch and Miss Ida M. Cooley. The wedding took place at the residence of the bride's sister, Mrs. E. Buzzini.

Lester E. Thompson and Miss Phoebe Edith McLain were married in the reception room of the White Temple at Portland, Tuesday afternoon, December 24th, 1907. The bride is an accomplished Curry county girl, whose many friends wish her "bon voyage" on the sea of matrimony.

MARRIED—at the home of the bride's parents, Mr. and Mrs. W. R. Miller of Ophir, on December 31st, 1907, M. Jesse Pullen and Miss Rena Miller. The bride was born and raised in Curry, and is the youngest daughter of Mr. and Mrs. Miller. The groom is an industrious young man from Coos county, and the happy young couple begin life with the best wishes of the Tribune and a large number of friends.

The County Court has ordered the opening of the new road from Denmark to Sixes river, and let the contract for construction to Fred J. Hofess, for \$4449.00, to be completed by next August according to advertised specifications. The people here generally approve the action of the court, inasmuch as the cost is much lower than was expected, and faith is had in the ability of the contractor to push the work through in an acceptable manner. One great advantage which the new road will have over the old is the convenience of gravel, and this should be put on before next winter, and it is said that considerable money can be raised and voluntary work done for the purpose.

The Meltonah football team defeated the St. Louis team at Portland New Year's day.

B. W. Dean and family went out to their Elk river home Monday, where they will remain some weeks getting ready for spring crops.

Mrs. Mary Wood of Hillsboro, Oregon, believed to have been the oldest woman in the United States, died at her home Jan. 1st, being 120 years old.

Miss Kabby, a trained nurse from Coquille was in town Sunday night on her way to Gold Beach to attend Alf Gaultlett's little daughter who is very low with some brain affection—reported to be meningitis.

The largest turkey marketed so far was killed at the L. Konhagen shop last week. It weighed 48 lbs. and was shipped to Tacoma. Supposing it brought 16¢ cents per pound, its value would be \$8.00. Who can beat this?—Roseburg Spokesman.

The Berwick came out of Rogue river last Thursday on her way to Coos bay with a cargo of salmon. Although she had goods for Port Orford and could have landed at the wharf all right, she passed on by as if she had a spite against this place. She will land on her return providing she does not go by again.

There have been, we believe, three sets of experts sent in here to examine a survey of a few sections in Tp. 33 S., R. 11 W., made by Hon. W. S. Byers, ex-Surveyor General, who is no doubt the best surveyor of the lot, and perhaps ran the truest lines in the rough region. At last it is to be approved when a little more tape is tied on,—some of the squatters on the land have grown gray waiting for the great finale.

Dr. Mann started for Portland last Tuesday to attend medical convention being held in that city.

Miss Willard went to the home of Mr. James Hughes last Saturday to remain a few weeks as teacher in his family.

Clinton Malchorn and Allie, Will and Court Guerin, went to San Francisco last week on business trip, also for a pleasure trip.

News has been received from California of the marriage of Miss Mattie Sabin, formerly of Langlois, to Mr. Clifford of California. Miss Sabin's many friends here will be glad to extend congratulations.

The marriage of Miss Mary Haagenen to Mr. James Chenoweth took place Tuesday, Dec. 31st, at 1-30 P. M., the Rev. Mr. Roach officiating. A sumptuous dinner was served and a very enjoyable dance followed in the evening. Miss Ethel Cheever and Mr. John Haagenen served as bridesmaid and groomsmen. The bride was dressed very tastefully in white silk ornamented with white natural flowers. An unusual number of gifts, both beautiful and useful were received. We all wish the young couple a happy and prosperous life.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommending the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invincible Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

Do You Open Your Mouth
Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they eat and what they drink. This is the only way to insure their health and vitality. The ingredients of which their medicines are made are studied and understood the more will their superior curative virtues be appreciated.

(COQUILLE SENTINEL.)

Misses Nettie Carey and Kittie Thom arrived yesterday from Eureka, Cal., where they are taking a training course in a hospital, the former going to Bandon and the latter to Myrtle Point to visit their parents.

J. E. Quirk has sold a half interest in his business to S. L. Curry of this city and the business will be conducted under the title of "Quick's Exchange." The new firm will continue in the manufacture of household specialties and as soon as they get their engine and other machinery they will be able to do all kinds of wood turning.

The big fight New Year's eve at Bandon resulted in a draw for the first preliminary between Jorgenson and Johnson, and a decision for Rose over Kennedy. The latter is from Eureka and has a good reputation as a boxer. The main event of the evening, the fight between Frank Blackerby and Terry Monte, resulted in a decision for Blackerby on repeated fouls by the Hawaiian, whose greater endurance was calculated to win the contest. Ernest Erickson acted as referee.

(MYRTLE POINT ENTERPRISE.)
Miss Callie Chandler left Wednesday for Elk river where she is to teach a term of school.

Mr. and Mrs. Perley Crowley left Siskyou the 27th for their future home in Curry county on the Sixes river.

Mr. James Button and Miss Myrtle Mullen were united in marriage Wednesday evening, the first, at the Myrtle Point Hotel, Rev. Thomas Barlow officiating.

It is estimated that there are 20,000 logs in a jam on the North Fork between Gravel Ford and the Fox bridge. The jam will not be broken until it is certain that there is enough boom room on the lower river to hold them, when they are released. The logs came from several camps along the river, J. M. McDonald being a large owner.

E. V. Hawley, a grandson of Orville Dodge of this city is here on a visit and to look up the possibilities for electrical development in this section. Mr. Hawley is principal of the electrical engineering department of the agricultural college at Corvallis. He has been investigating the possibility of developing electrical energy from the Middle Fork at a point about six miles south of Myrtle Point.

The track was under water between Coquille and Coquille a portion of last week, and trains were unable to make the trip.

A branch from a lemon tree, containing two large lemons, has been on exhibition at the chamber of commerce office. The branch is from a tree growing in the open air at Supt. Hennessey's place at the Newport mine, and it is said that the tree is well loaded with fruit.

The steamer Delhi, which takes the place of the Plant while the latter is receiving a thorough-overhauling will be due tomorrow from San Francisco. The Delhi is the property of the P. S. S. Co., and has a capacity of 950 tons, gross. She has accommodations for a limited number of passengers.

News was received from Gardiner last week, and afterwards corroborated by the stage driver, that the chief engineer and two of the crew of the San Gabriel were drowned Tuesday afternoon. It seems, from reports received here, that a party of twelve were enjoying a ride in W. P. Read's little gasoline launch Midget, and that a fire started in the launch, probably from a match dropped in the bilge, where cylinder oil had collected. To extinguish the fire, it was decided to "list" the boat, so that the water would come over the rail, as no other means were at hand. The result was that the launch capsized, drowning three of the party.

A GUARANTEED CURE FOR PILES.
Itching, Blind, Bleeding or Protruding Piles. Druggists refund money if PAIN OINTMENT fails to cure any case, no matter how long standing, in 6 to 14 days. First application gives ease and rest. 50c. If your druggist hasn't it send 50c in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

CURRENT TOPICS.

Editor TRIBUNE:—It will be remembered that, at the State election in Nebraska last November, Sparks, Democrat was elected Governor, and Fitzgerald, also Democrat, was elected to the office of Supreme Judge. It will also be remembered that "Larry" Sullivan, late a North End Portland rouser and Republican boss disbursed a corruption fund of confessedly half a million dollars in the interest of Sparks and Fitzgerald, both whom were elected, while the whole Republican ticket with these exceptions, was successful.

Sullivan had gone down to Gold field early and stumbled onto some valuable ground and was said to be worth \$200,000, besides having organized sundry corporations to represent various prospect holes capitalized at colossal figures. Shares in these companies were floated on the market which, during boom time, were unloaded on suckers mostly. With those accumulations the promoter became eligible to membership in the Mine Owners Association proceeded to hatch a conspiracy against the Miners Union, to be held in abeyance however, until the sign was right to spring it into fruition. A part of this conspiracy was to elect the right man to the Governorship and another to the Supreme Bench, hence the herculean fight that was made to pull the men they wanted in their business through, and be it said to the credit of the Republican candidates who were slaughtered, they seem not to have been capable of abusing themselves to the behests of conspirators, who needed a Governor to call on the President for the interference of the army upon occasion, and a Supreme Judge who would declare the Nevada statutes which makes discriminations against Union men a felony unconstitutional.

With all things secure as they thought, the conspirators proceeded to disclose their hand by tendering worthless scrip in payment of hard earned wages, which they knew would provoke a strike and hoped would precipitate acts of violence, and, failing in this, and as if determined to have a row, the conspirators proclaimed a cut of \$1 a day in the wages of miners, and that no members of the Western Federation would again be employed upon any terms, this in the teeth of the State law against just that sort of discrimination, and when threatened with prosecution under said law they simply laughed outright and said the same had no terrors for them as it was "unconstitutional." And let the fact not be overlooked, that the members of the Mine Owner's Association are every where and always great sticklers for "Law and Order!"

Finding that they could not goad the men into an out break, they called on Governor Sparks to deliver the promised goods, which he did in defiance of all law and decency, and for which lawless act he ought to be impeached, for there was not the semblance of legal reason for calling for troops to be quartered in Nevada.

On November 16th, President Roosevelt wrote to Mr. Cortelyou on the money situation and appealed to the people to put their money in the banks and trust institutions, avouching that the same were "sound" and safe; A few days later Mr. Bryan went the President one better by not only asserting that the banks and Trust Companies were safe, sound and sane, but that the act of keeping money out of them bordered on treason to the country but alas for human fallibility, since the date of these outgivings, not less than twenty banks and Trust Companies have bursted, entailing on depositors millions of loss, and leading to a number of sad suicides.

I omitted to note in its proper connection that "Larry" blossomed out as a banker and organized the "Sullivan Trust Company" with himself as President. Later on the concern "burst" leaving his dupes minus their deposits, while "Larry" is probably now no more "rich and respectable" than when he was proprietor of the North End boarding house.

J. H. UPTON,
Langlois, Ore.

Address Your Bowels With Careness. Only Cathartic, cure constipation forever. Get the H. C. C. Ball, druggists refund money.

Most people know that if they have been sick they need **Scott's Emulsion** to bring back health and strength.

But the strongest point about **Scott's Emulsion** is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

And it contains no drugs and no alcohol.

ALL DRUGGISTS, 50c. AND \$1.00.

Political Announcements.

For Judge.
I announce myself as a candidate for nomination on the Republican ticket for the office of County Judge of Curry County at the ensuing primary election.

J. HUNTLEY.

For Sheriff.
I hereby announce my candidacy for the nomination on the Republican ticket for the office of Sheriff of Curry County, Oregon, at the ensuing primary election, to be held April 17, 1908.

ALFRED S. MILLER.

For Sheriff.
To THE VOTERS OF CURRY COUNTY: I hereby announce my candidacy for the office of Sheriff of Curry County, Oregon, and ask that my name be considered at the coming primary election.

If nominated and elected, I promise to discharge the duties of the office faithfully and to the best of my ability.

Very Respectfully,
W. A. BISHEL.

The two foregoing announcements for Sheriff were received after our forms were made up. They are both reliable men—well acquainted with the voters of this county, and familiar with the duties of the office to which they aspire.

Jack London Among the Lepers

On his way around the world for the WOMAN'S HOME COMPANION Jack London visited the Lepers of Mo-lokai, on the island of Hawaii.

"Leprosy is not so contagious as is imagined," writes Mr. London in the January WOMAN'S HOME COMPANION. "I went for a week's visit to the Settlement, and I took my wife along—all of which would have not happened had we had any apprehension of contracting the disease. Nor did we wear long gauntleted gloves and keep apart from the lepers. On the contrary, we mingled freely with them, and before we left knew scores of them by sight and name. The precaution of simple cleanliness seems to be all that is necessary. On returning to their homes, after having been among and handling lepers, the non-lepers, such as the physicians and the superintendent, merely wash their hands and face with a mildly antiseptic soap and change their coats."

TIMBER LAND ACT JUNE 3, 1878.—

Notice for Publication
United States Land Office,
Roseburg, Oregon, Nov. 7th, 1907.

Notice is hereby given, that in compliance with the provisions of the Act of Congress of June 3, 1878, entitled "An Act for the sale of Timber Lands in the States of California, Oregon, Nevada and Washington Territory," as extended to all Public Land States by act of August 4, 1892,

Ora L. Watson
of Satsop, County of Clatsop, State of Washington, filed in this office on December 24, 1906, his sworn statement No. 887 for the purchase of the NE 1/4 of Section No. 32 in Township No. 31 South of Range No. 14 West W. M. Ore., and will offer proof to show that the land sought is more valuable for its timber or stone than for its agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office, at Roseburg, Oregon, on Saturday the 8th day of February, 1908.

He names as witnesses:
Clark D. Smith, Satsop, Wash.
John P. Wood, Roseburg, Ore.
J. W. Kenfro, " "

Any and all persons claiming adversely the above described lands are requested to file their claims in this office on or before said 8th day of February, 1908.

BENJAMIN L. EDDY, Register.

TIMBER LAND ACT, JUNE 3, 1878.—

Notice for Publication
United States Land Office,
Roseburg, Oregon, Nov. 8th, 1907.

Notice is hereby given, that in compliance with the provisions of the Act of Congress of June 3, 1878, entitled "An Act for the sale of timber lands in the States of California, Oregon, Nevada and Washington Territory," as extended to all Public Land States by act of August 4, 1892,

JAMES MOUNCER
of Satsop, County of Clatsop, State of Washington, filed in this office on December 24, 1906, his sworn statement No. 890 for the purchase of the W 1/2 SW 1/4 and S 1/2 NW 1/4 of Sec. 25, in Township No. 31 South of Range 15 West, Willamette Meridian, Oregon, and will offer proof to show that the land is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Roseburg, Oregon, on Monday the 10th day of February, 1908.

He names as witnesses:
Clark D. Smith,
John P. Wood, both of Satsop, Wash.
A. B. Howell, and
J. W. Kenfro, both of Roseburg, Ore.

Any and all persons claiming adversely the above described lands are requested to file their claims in this office on or before said 10th day of Feb.,
