Portland claims to have more inhabitants than Seattle and is, of course, immensely tickled.

Heney is now in Portland to try Ex Dist. Attorney Hall, and probably a few others of the "Land Sharks."

If Congress dilly-dallies much longer in controlling the trusts, the Kentucky method of dealing with the Tobacco trust may suddenly become the fashion everywhere. Men that are worthy to be free will fight, but they ought not to be vandals.

The latest from Washington indicate that Bourne's man Schuebel may not be confirmed. We believe the rest of Oregon's delegation will be justified in resenting the indignity heaped upon them by Schuebel's appointment, not because of the man but because of the manner of his appointment.

It seems to us that the Globe editor grows unduly exuberant over the fact that his sheet has been awarded the County printing for the current year. To us it has no sting, coming as it does so soon after the black wing of death hovered o'er the TRIBUNE and bore a loved one away. It is but a trifle; but the hilarious expressions uttered by the Globe writer at this inopportune moment prove the writer to be entirely devoid of even the faintest instincts of a gentleman.

Senator Fulton and Representatives Hawley and Ellis recommended Bingham of Salem to succeed Bristol as U. S. District Attorney. Senator Bourne recommended Chris Schuebel of Oregon City, and the latter won. This shows that Sen Bourne's influence with Roosevelt is greater than all the rest of our Congressmen. How meekly this slap willbe borne, time will tell; but it shows strained relations that may snap with a bang at any time. We have faith in Fulton; we have none at all in his enemies. The temporary eclipse caused by Heney's insinuations will roll away; but we hope he will not lose heart but live up to his reputation as a fighter, for the American people love a fighter, and there are more "Big Sticks" than one.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

The Spirit of Winter.

The Spirit of Winter is with us, making its presence known in many different ways—sometimes by cheery sunshine and glistening snows, and sometimes by driving winds and blinding storms. To many people it seems to take a delight in making bad things worse, for rheumatism twists harder, twinges sharper, catarrh becomes more annoying, and the many symptoms of scrofula are developed and aggravated. There is not much poetry in this, but there is TRUTH, and it is a wonder that more people don't get rid of these ailments. The medicine that cures them—Hood's Sarsaparilla—is easily obtained and there is abundant proof that its cures are radical and permanent.
