ADVERTISING RATES REASONABLE.

Two Republican candidates are asking the support of their party at the primaries and yet, in their announcements, are not recognizing the only Republican newspaper in the county. "O consistency, thou art a jewel!"

It is supposed that the fate of the Curry County Land Fraud cases will depend upon the Judicial investigations now going on in Los Angeles. A lot of perjured scoundrels are responsible for many of these indictments. If there were any frauds they were engineered by three or four men, without the knowledge of the others. We are told that the company never acquired but seven timber claims, and some of them were absolutely honest. This is the extent of the much heralded "Curry Co. Land Steal."

Say, how would this strike you? "A macadamised road 100 feet wide with an electric car line in the center, an automobile track on one side and a vehicle track on the other, run on a sea level along the Pacific coast, circumnavigating Humbug mountain on the western side and overcoming all obstacles with neither rise nor fall." Great isn't it? The Panama canal would be an infant in comparison; but its only a pipe dream, not ours, but that of a contemporary who has enlightened ideas as to the kind of good roads this county should have.

Are Timberlands in Curry Under Assessed?

The fact that taxes in Curry are rather high at the present time does not necessarily bring the conclusion that our timber lands are under assessed, as one of our local papers would have us believe. That the owners of the timbered tracts should pay, in proportion to the value of their holdings, their just share of the expenses of the county no reasonable person will deny, but the mere fact that they are mostly nonresident speculators and that a portion of such land will be comparatively worthless after the timber is removed, does not warrant the placing of an exorbitant tax up on their property.

We learn from Assessor Marsh that the large bodies of timber are now being assessed at $15 per acre, and while we believe this is a fair and just valuation at the present time, yet we will venture the assertion, without fear of successful contradiction, that this is considerably more than the average price per acre for which such land has been selling during the past 4 or 5 years. Some five years ago the writer had an excellent timber claim. It was assessed, we believe, at $8 and was sold at $7.50 per acre. What would be the result if some of our wealthiest land owners were taxed for the full value of the land?

While the present system of ascertaining the value of timber land is not entirely satisfactory, yet the one of employing a county cruiser has been tried and found wanting. Coos county paid some several hundred dollars in the experiment and then dropped back to the old way. Columbia county expended in the neighborhood of $8000 having her timber cruised and accomplished nothing, and now, poorer but wiser, has gone back to where she started from.

We noticed in an exchange recently that the Brookings Lumber Company of San Bernardino county was preparing to move the plant to another location in that county and after all timber is cut the works will be taken to Curry county, Oregon, to operate on the large timber holdings the company has there. Then Southern Curry will boom.—Del Norte Record.

Harbor Items.

Beautiful weather prevailed the past week with cold nights.

Farmers are busily engaged in plowing and seeding.

F. Puter took his departure for Eureka to attend a law suit pending there.

Geo. Anderson is engaged in plowing for C. M. Benham in the suburbs of the town.

Johnson Gardner who has been confined to his room for the past month is slowly recovering.

There was a dance at Newberg last Saturday night that was reported to have been well attended.

C. Lauterback, Chess Bravo and Mrs H. M. Williams departed for Crescent City by Thursday's stage.

C. Callahan of Harbor departed per steamer Del Norte last Friday, his destination being Fresno Calif.

Mrs Jas. White of Winchuck accompanied by her son James, paid our burg a business visit last Thursday.

A. F. Gardner of Harbor departed for Roseburg on Wednesday where he was summoned as a witness in a land contest.

Thos Moore, our stage driver, said if the party who entered his bed room and stole a pair of fine gloves, is through with them, he would like to have them returned.

Dr Fine of Crescent City made Chetco a professional visit last week being called to the bedside of Judge Kennedy who has been seriously ill for the past month with but little hope of recovery.

I see by the local papers that the aspirants for the office of sheriff are numerous, there being only seven candidates announced and more that are talking of coming out. If they should all be elected Curry will be well supplied with sheriffs.

A farmer said the other day if all the candidates that had announced themselves for the office of sheriff should be elected, it would be a good idea to abolish all the constables and fill the vacancies with sheriffs.

John White, of Winchuck, who was married at Gold Beach a short time ago, arrived home with his bride on Tuesday, and was received with a rousing charivari. Twenty seven men and boys armed with shot guns, cow bells, tin pans and other noisy instruments constituted the charivari party.

A tramp passed down the coast Thursday, who called himself J. G. Wilson. By his talk and actions he was evidently insane. He was carrying a model of a boat and he stated that he was on his way to Japan where he had been employed to build a large battleship. In speaking of his trip down the coast he said the people north of Rogue River were all fine people, but the people south of Rogue River were lunatics.

(BANDON RECORDER.)

Ben Schuyler got back from his health seeking tramp down the coast Monday evening. He didn't walk quite to San Francisco—only as far as Port Orford, and returned by stage. Ben says he and walking have agreed to disagree.

Geo. H. Baxter and wife came down from Coquille Tuesday to visit with Mrs Baxter's sister, Mrs Chas. Lorenz. Mr Baxter was formerly business manager of the Coquille Sentinel. Mrs Lorenz, who had been on a visit to Coquille returned on the date mentioned with her guests.

Frands Thomsen, who was up last Saturday from his widely known Star dairy below Langlois, tells us that he has ordered and is now installing six milking machines and gas engine and pump on the ranch. These machines will expedite the work of drawing the lacteal from his 150 dairy cows.

(COOS BAY NEWS.)

Curry county has a very limited population, but judging from the "announcements" in the Curry county papers, there is no lack of candidates for the various offices. Nothing like having plenty of good men to select from.

The Pioneer market received twenty-two head of fine, stall fed beef steers from Port Orford last week. These are not union steers, nor will they be killed by union butchers, but they will be dressed by men who fully understand the business, and will be put on the market not only in a style that will attract attention but will tickle the palates of our patrons.

The Socialists met at Coquille on Friday and nominated the following ticket: For Joint Senator, S. L. Curry, of Coquille; Joint Representatives, W. C. Weaver, Marshfield; Representative, M. Brewer, Bandon; Commissioner, S. Danielson, Parkersburg; Sheriff, John Hayden, Marshfield; Clerk, J. E. Quick, Coquille; School Supt., F. F. Wood, Bandon; Surveyor, G. A. Imhoff, North Bend; Treasurer, E. I. Coffelt, Marshfield.

It is safe to say that the District Fair, to be held at Marshfield this fall, will be a grand success in every particular. At the meeting held in the chamber of commerce office, Thursday evening, which was attended by a number of prominent residents, a decided interest was manifested in the matter, and the opening move was taken regarding the improvement of the track and grounds, and everything connected with the fair as a whole was discussed in a spirit that cannot fail to bring a successful conslusion At subsequent meetings committees will be appointed and every detail will receive careful attention.—The following committee was appointed by the president, D. McCormac, to enter on the preliminary preparations for the fair: A H. Powers and F. P. Norton, of Marshfield; L. J. Simpson, North Bend; A. J. Sherwood, Coquille; W. B. Pike, Myrtle Point; Steve Gallier, Bandon; R. D. Hume, Curry county.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*), which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa, suppressed or absent monthly periods, arising from or accompanying an abnormal condition of the digestive organs and Anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

The Spirit of Winter.

The Spirit of Winter is with us, making its presence known in many different ways—sometimes by cheery sunshine and glistening snows, and sometimes by driving winds and blinding storms. To many people it seems to take a delight in making bad things worse, for rheumatism twists harder, twinges sharper, catarrh becomes more annoying, and the many symptoms of scrofula are developed and aggravated. There is not much poetry in this, but there is TRUTH, and it is a wonder that more people don't get rid of these ailments. The medicine that cures them—Hood's Sarsaparilla—is easily obtained and there is abundant proof that its cures are radical and permanent.
