Town and County.

Work has been suspended in the Port Orford cemetery lot owing to shortage of funds.

The dairies in this vicinity expect to start up operations about the 15th of this month.

Walton Miller went to Gold Beach the first of the week to act as a witness in a land contest at that place.

Mrs. Alice Zumwalt started Saturday, via Coos Bay, on a visit to her mother who resides at Berkeley, California.

A friend sends the TRIBUNE a correct statement of Taxes levied in Curry county for 1908, which appears in another column.

Rev. Geo. H. Rosch will again be with us next Sunday, holding services in the church at the usual morning and evening hours.

Miss Myrtle Hodge of Coquille, was in town Friday night on her way down the coast to teach a term of school in the Brushes creek district.

Blue Prints of Township maps showing all vacant lands, 50 cents each. For reliable information concerning Government land, write to Frank E. Alley, Abstracter, Roseburg Oregon.

Al Marsh, E. W. Jensen and A. Adolphsen made a trip to Rogue river last week, but were called home by subpoenas to the Los Angeles trial.

Mr. Wright, traveling representative for Murphy Grant & Co., passed down the coast last week, a Bandon livery rig taking him as far as Rogue river.

J. M. Woodworth of Wedderburn, spent Friday in Port Orford, attending to business. Johnny says he will soon have his gasoline boat in operation on Rogue river.

Mr. Ames, the Bandon butcher, passed up the coast last week with some 12 or 15 head of beef cattle, which he had purchased at Euchre creek from Delos Woodruff.

Nat Dean came down from Langlois Sunday, bringing with him the horses that his father and Walter Sutton rode to Bandon Friday on their way to Los Angeles.

Pearl Sydnam, who has been cooking at the Knapp hotel during the winter, has resigned her position and returned to her home at Denmark. The vacancy caused is being temporarily filled by Miss Maud Cook.

As will be noticed among our Langlois items, Dr. Mann was recently married to Miss Yeager of Marshfield. The TRIBUNE extends congratulations and joins with the Dr's. many friends in wishing the young couple bon-voyage through life.

We note by the Radium that A. Adolphsen has secured the contract from R. D. Hume to erect a cold storage plant at this place. It is to be hoped that the statement is correct, and that the plant will be built during the summer, not on paper as has been the case with the Life Saving Station, but in reality, as it would mean much for our little town.

Frank Cook returned with a team Monday from a trip to Bandon, to which place he drove several of the Los Angeles witnesses. He reports the Coos county end of the road worse than that in Curry, which goes to show that even though the fact that one or two persons are responsible for rain making, a few mud holes in this county, there are others in the same fix.

During the past week we have had some genuine March weather—cold and blustery—the kind that makes the old cow hunt for a soft spot in which to lay her bones. The adjacent mountains have a deeper covering of snow than at any time this winter, but while the ground has been whitened with hail and sleet, no snow has as yet fallen in Port Orford, which speaks much for equable coast climate.

Among the announcements in this week's TRIBUNE are those of I. N. Muncy for Joint Representative, and Abe Hardenbrook for Commissioner. Col. Muncy is a fluent speaker, and believes that he could do much good for Curry were he designated to represent her in the Legislative hall. Mr. Hardenbrook has also long been a resident of Curry, and is competent to fill with credit the position to which he aspires.

Two miners were recently killed by the premature explosion of a blast of powder in the Libby coal mine on Coos bay.

The young ladies of Langlois are going to give a Leap Year ball on the 14th. Get ready to go, and watch for their ad in our next.

Tom Lane, Otto Neumann, B. W. Dean and Merton Miller, four of the witnesses subpoenaed to Los Angeles, were dismissed at Marshfield and are returning home. The others expected to leave the bay today on the Alliance for Portland, where they will take the train.

We are sending out statements to all TRIBUNE subscribers who are in arrears, which is made necessary by a recent ruling of the postoffice department. So if you are behind, do not be surprised on receiving a gentle reminder that your editor too must live, and your remittance, be it large or small, will be gratefully received.

U. S. Deputy Marshall, Griffith, dropped into our little burg one day last week and proceeded at once to astonish the "natives" by subpoenaing fifteen witnesses to Los Angeles to testify at the trial of the men at that place who were connected with the defunct P. F. & L. Co., in its supposed, and much advertised, Land Steal in Curry county.

As the witnesses were required to be at Los Angeles on Mar. 2nd, or as near thereafter as possible, they lost no time in starting on their journey, going to Bandon Friday and Saturday, where they expected to catch a steamer for San Francisco.

The following is a list of those who were subpoenaed, some being for the prosecution and some for the defense: A. Adolphsen, Al Marsh, S. E. Marsters, Geo Curry, Mrs. L. Knapp, Mrs. P. J. Lindberg, Wm. Hurst Sr., E. W. Jensen, W. Sutton, B. W. Dean, A. A. Jamieson, Merton Miller, Tom Lane, George Rickman and Otto Neumann.

Rogue River Notes.

Geo. Rickman, who went to Los Angeles as a witness, arrived here from below Friday and left next morning for his home on Elk river.

Mrs. Eva Crockett was quite ill last week with incipient pneumonia, but timely remedies checked it.

Dennis Cunniff, our efficient Co. Surveyor, was up Cedar Fork last week, surveying for the estate of Fred D. Stewart.

W. S. Winsor, who has been wrestling with the grip for some time, has won the struggle and is now on the highway of recovery.

The contest brought by Mr. Stites against the homestead entry of the late Fred D. Stewart, was heard before County Clerk Smith, Monday March 2nd.

Otto Ismert spent a few days in Gold Beach last week on business. Otto is both popular and capable, and will probably be one of our Commissioners after the election—and he will make a good one.

It is a rare treat to one who never saw a Cold Storage salmon plant in operation to visit the one at Wedderburn, and see the process in every stage of operation. The Rogue river Steelheads now being put up are very fat and the most beautiful fish in our coast waters. Some argue that they are different from those which enter the smaller coast streams, just as the spring salmon here are different and superior to other salmon.

Gold Beach Items.

The blizzards of the last few days stopped putting in early gardens.

Registration of voters proceeds slowly, but the candidates have all signed up.

If Clerk Smith were a smoker, he has been so busy of late that he would not have had time to light his pipe.

Ben Martin of Smith river came up with a four horse team last week and took a drummer down the coast.

Will Crook of Pistol river was in town last Saturday shaking hands with his friends. Will declared that he was not a candidate for any office.

Ed Marsters, one of the government's witnesses in the land fraud cases, who received the immunity bath, left for Los Angeles to testify in proceedings pending there, presumably to save his own bacon.

E. W. Jensen, candidate for joint representative, came down from Port Orford last week, but did not circulate amongst the boys or declare his stand on Statement No. 1. "Col." Muncy was out of town, so we don't know which to vote for—at present.

St. Petersburg, Feb. 25th.—Lieutenant General Stoessel who, on February 20, was condemned to death for the surrender of the Port Arthur fortress to the Japanese, has petitioned Emperor Nicholas for a full pardon. The court recommended that the death sentence be commuted to 10 years' imprisonment in a fortress, and that the General be excluded from the service.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhea), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is often successful in affecting cures.

"Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful, yet gently acting invigorating tonic and nervine. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

Geo. Nichols was found dead in his berth on board his gasoline launch Fish, near the entrance to the bay, last Wednesday morning. He had prepared for a fishing cruise off shore, and intended, in company with others, to cross the bar that morning; but not appearing at breakfast, which had been waiting for him in an adjoining inn, a friend went to call him and was horrified to find him dead. The news was a great shock to his relatives and friends, notwithstanding that his health had been impaired for some time and it was feared that he was suffering from heart disease, which was responsible for the death of his father and oldest brother.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucious lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for Circulars free.
