Filings and Final Proofs Made on Homesteads and Pre-emptions.  
GENERAL CONVEYANCING.

**Town and County.**  
Born, to the wife of Than Huntley on Rogue river, May 22nd, a daughter.

Miss Ethel Jamieson has been visiting relatives in Bandon during the past week.

Sheriff Marsters came up last Wednesday distributing election supplies to the various precincts.

Ex President Cleveland is said to be slowly dying of some incurable disease and cannot live much longer.

Judge Bailey spent some days last week in the northern end of the county, looking after business and political interests.

Jack Zumwalt was in town Saturday and Sunday shaking hands with old friends, having come down from Bandon where he spent the winter.

Quite a number of the boys who work at the Elk and Sixes mills were in town Saturday night, and of course that means that there was a dance at Nielson's hall.

A crate of Douglas county straw berries went into the Portland market this year on May 1st. For several years Douglas county has led Oregon in early strawberries.

One of R. D. Hume's thoroughbred two year old fillies, lately shipped up from San Francisco to be trained for the Marchmont races, died of colic last week at his Wedderburn farm.

J. T. Purdy, accompanied by E. L. Moulton and C. E. Gatke of Courdellain, Idaho, spent Sunday in Port Orford on a tour through the county and will go out by way of Rogue river and West Fork.

John Kronenberg, President of the Directors of the Bandon Bank, arrived in Port Orford Friday on a visit to his uncle L. Knapp, and to greet his old friends here. He left by Monday's stage on his return.

With five horses Oscar Mather is hauling 2,000 feet of cedar lumber at a load from Jamieson's mill on Sixes to the Port Orford wharf, and makes a trip and a half each day. It makes him hustle to do it, but Oscar is a hustler.

Last Wednesday the Nann Smith, the big lumber steamer of Coos Bay, saluted our town as she passed just outside the Heads, and continued on up to Coos Bay very close to the shore as though she wanted a good look at the land.

The TRIBUNE received several communications from Portland and Salem too late to appear in our last issue before election, and of no use afterward. People of the interior do not seem to realize that it takes two days over a "Star Route" for our mail to get here from the railroad.

The steamer Elizabeth lay in Port Orford harbor Friday afternoon on her way to Coquille river. She left San Francisco Tuesday evening and had strong head wind all the way up. She landed two passengers here, one being a Swiss butter-maker for Mr. Tompson of Langlois.

Marshfield, Or., May 27.—The discovery of a strong flow of gas within one mile of Marshfield by C. N. Sherman, oil expert, yesterday, adds to the interest in oil in the Coos Bay country. A number of oil men are on the bay and options are being quietly taken while investigations are being vigorously prosecuted.

Mr. and Mrs. A. M. Barcus arrived in Port Orford Sunday on their way to their homestead near the Asa Carey place. Mr. Barcus is an expert wheelwright and has resided for a few years in North Bend, where the family is held in high esteem. They are intelligent, industrious people, and will be gladly welcomed as citizens of Curry county.

We have received a program of the races at Wedderburn August 17 to 22—six days—during which there will be four races each day—all running races. Purse aggregating \$1475 are hung up in amounts ranging from 25 to 100 dollars. No horses barred on account of locality. The grounds are slightly, the water unsurpassed, and every thing is ideal for an outing for those who may desire it, while the hotels at Gold Beach and Wedderburn are easily accessible.

That Green was in town yesterday from his homestead on Sixes and made this office a pleasant call.

Prohibition has won in Curry. Floras Creek voted 63 to 15 in favor of it, beating Port Orford's high percentage.

North Carolina went prohibition in her late election 40,000 majority, and will not allow the sale or manufacture of whiskey in the State.

The armored cruiser Maryland was trophy winner at the recent target practice at Magdalena Bay. The trophy is now in the possession of the Illinois and will be transferred to the Maryland.

Vicksburg, Miss., May 28. General Stephen D. Lee, commander-in-chief of the United Confederate Veterans, and the last surviving general of the Confederates, died at his home here today.

We have received from our general friend Ed Phelps of Seattle a copy of the Seattle Daily Times giving many fine illustrations of Battleships and their reception and entertainment in that wonderful city.

The front page of the Crescent City News of May 21st, contains a very beautiful picture of Judge John L. Childs' little daughter Bertha and her dog Shep lying at her feet. The picture is appreciated highly by his many Curry county friends.

Mr. Kelsey, manager of the Red river gold mining development company, operating on Rogue river at Mule creek, dropped dead at the Mine May 29, of heart failure. He was a civil engineer and expert. His body was carried out to the railroad and shipped to his home for burial.

John Kronenberg says that their mill on the Coquille lately shipped to New York one of the most valuable cargoes of lumber that ever went out of Coos county,—being clear Port Orford cedar. The mill delivers the lumber at Oakland, whence it goes overland to its destination.

Sunday evening the torpedo fleet of four vessels steamed in close to Port Orford, giving us a fine opportunity to see them as they moved slowly by. They were evidently hugging the shore to avoid the heavy north wind which was blowing outside. Three other vessels of the coasting trade passed by a little behind them.

When the steamer Nann Smith arrived first at Coos Bay she received a loyal welcome from the people of that rich section. And while these honors were being received, it is said that she had concealed in her hold 150 Japanese who came up to crowd out that number of laborers from the woods and mills of Coos county.

**Election Notes.**  
The election passed off quietly at Port Orford, although a great deal of interest was shown in some of the county ticket, and prohibition carried 44 to 17—a vote to be proud of.

As a rule the vote on the referendum measure showed thought and intelligence, proving that the judgment of the masses of the people is to be trusted in making their own laws. The vote on changing the date of our election carried by 43 to 5 and statement No. 1 carried by 44 to 9. Woman Suffrage had but one majority. Hawley had 46 to 14 for Whitney. Jake 37 to 23 for Chamberlain. Hume 37 to 12 for Chase and 9 for McLain. Doyle 37 to 21 for Mancy. Dean 36 to 31 for Tyler. Guerin 43 to 22 for Rowan. Bailey 52 Canfield 14. Cunniff 34 to Wilson's 29; Ismert 40, Dodge 21. Walter Sutton was elected Justice of Peace. Socialists polled 7 votes, prohibition 5 on the State ticket.

The latest returns of this county as we go to press show the election of the entire Republican ticket with the exception of School Supt. Mule Creek precinct has not been heard from but cannot change the above results. Chamberlain is reported to have carried the state by about 1500. A phone from Coos states that that county went "wet" by about 80, and that Chase and Mancy each have safe majorities, while Gage and Thrift were elected sheriff and treasurer respectively.

Prohibition has carried by more than two to one in this county.

**Keep the Balance Up.**  
It has been truthfully said that any disturbance of the even balance of health causes serious trouble. Nobody can be too careful to keep this balance up. When people begin to lose appetite, or to get tired easily, the least indisposition brings on sickness, weakness, or debility. The system needs a tonic, craves it and should not be denied it, and the best tonic of which we have any knowledge is Hood's Sarsaparilla. What this medicine has done in keeping healthy people healthy, in keeping up the even balance of health, gives it the same distinction as a preventive that it enjoys as a cure. Its early use has illustrated the wisdom of the old saying that a stitch in time saves nine. Take Hood's for appetite, strength and endurance.

The Myrtle Point Enterprise says: Joe Knight, Jr., and his steer attracted some attention in town last Monday. He has the steer thoroughly broken; and had him fitted out with saddle and bridle and managed the critter readily as he would a pony. The steer is especially valuable at leading a herd. Joe rules on ahead and the herd follows over any kind of a trail.

**Langlois Items.**  
Roy Holman of Bandon, spent several days in town this week.

There will be a dance here Saturday night. Everyone is invited to attend.

Mr. Button went to Bandon Saturday in order to be at that place on election.

Mrs. Mann and Misses McNair and Roberts, spent Saturday and Sunday in Bandon.

Miss Clara Counts of Bandon, who is attending school in the Hare district, spent a few days with her friends at Langlois the past week.

Mrs. Holopeter, who resides at Bandon, passed through town last week enroute to Sixes river where she will join her husband.

Rev. Roach spent part of last week in town, using his influence in favor of Local Option. Services were held at the church Sunday morning and evening.

While returning from the cemetery Saturday, the team driven by Mrs. Martin and Mrs. Thomson became frightened and ran away. Mrs. Martin escaped without injury while Mrs. Thomson suffered a broken ankle.

The new residence of James Chenoweth will be completed very soon. Mr. Chenoweth has shown excellent taste in the location as well as in the construction of the building, and it will be a valuable addition to Langlois.

Dr. Chas. Bennette who has been doing dental work at Langlois during the past week, will leave for Southern Curry Friday. Dr. Bennette may decide to locate in Curry county, and as his work is of a superior quality we hope he will do so.

**ELECTRICAL WORKERS WANTED.**  
We can fit you for a good, well paid position as an electrician, or electric railway, lighting, or dynamo station foreman or superintendent, or telephone manager. We can teach you by mail, in your spare time and at small cost. The only qualification needed is ability to read and write and the determination to succeed. Write today, stating the subject which interests you. I. C. S., Box 414, Marshfield, Ore.

**How to Keep Juice in a Pie.**  
Any one who has ever had the juice from an apple, rhubarb or other pie run all out into the oven while baking knows just how annoying it is. I have overcome the difficulty by taking a strip of clean white cloth, about an inch wide and long enough to lap when put around the edge of the pie plate, wringing it out of hot water, doubling together lengthwise, and pinning tight around the edge of the plate. When the pie is baked, take off this rim, and you will find the juice in the pie instead of in the oven.—From Woman's Home Companion for June.

Washington, May 27.—Senator Fulton's amendment to the agricultural bill giving the counties 25 per cent instead of 10 per cent of the receipts from the forest reserves has been accepted by both houses. Congressman Hawley induced Scott, the chairman of the house committee to withdraw his objections. The house then passed the bill and the senate had already accepted it. This gives several thousand dollars additional to many counties each year.

Battle Rock Circle will meet every first and third Saturdays of each month in the evening.

All members of Battle Rock Circle are requested to be present Saturday evening June 6th, at the Semi-annual election of officers.

Myrtle Point, Ore. May 25.—The Enterprise says: Ross B. Deyoe brings in the news of a rich strike on Sucker creek. He has uncovered a ledge, samples which assay \$1,400 in gold per ton. Mr. Deyoe says it is one of the "ledge in place" mines that has been discovered in this section. He discovered the ledge quite by accident and secured some fine samples from the surface. His friends sincerely hope he has discovered his fortune. He filed on the property as soon as he arrived in town. Sucker creek is a branch of Johnson creek in Coos County.

Washington, May 8.—According to a ruling by the Commissioner of Pensions, it will not be necessary for soldiers' widows now on the pension rolls at rate less than \$12 per month to make any formal application to the department to obtain the increased rate provided for the widows' pension bill signed by the President April 19 last.

Widows not on the rolls who were not married to veterans prior to June 27, 1890, are required to make application, but have to prove dependence, as before, or that soldier died as result of his war service. Application blanks for this purpose can be obtained from United States senators or representatives.

Grants Pass, Or., May 16.—Another bag of gold was brought in today from Williams Creek by Harrison Bros., the two prospectors who uncovered a bonanza in that district recently. These men have cleaned up \$30,000 in the past two weeks and \$75,000 in sight. Most of this is pure gold as taken from shallow deposits. Harrison says that himself and brother have taken out from \$200 to \$2,000 every day since the strike was made.

This discovery was made on the hillside near Williams postoffice and in a district that has been mined for the past 60 years. Harrison Bros. are expert prospectors and have been in the Williams district only since February.

The strike has caused a considerable rush to Williams and many claims are being located. Abandoned properties are being taken up. Miners are now on the ground from all parts of the west.

H. B. Cooper of Colorado made a strike a few days ago and took out \$1,200 in less than twelve hours. It is believed that several rich mines will develop out of the strikes.

The find is the richest made here since the famous Briggs discovery three years ago.—Journal.

**Bad Symptoms.**  
The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weakness and derangements that should have early attention. Not all bad symptoms are likely to be present in any case at once.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and successful record of curing such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong and reliable record of curing such cases as Dr. Pierce's Favorite Prescription. The very best ingredients from the medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath in any official of the female system. Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system, and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles, will not cure tumors—no medicine will. It will, often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing are invited to consult Doctor Pierce by letter, free. All correspondence is held as strictly private and secretly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

**Notice.**  
The Port Orford Post Office will be open on Sundays from 9 to 11 A. M. No money orders will be issued on that day nor after 6 P. M. during the week. No deviation from this rule. We are human and feel that we ought to have half a day of the week at least, in which to breathe the out door air and enjoy the sunshine.

AMES S. JOHNSTON, P. M.

**Consumption is less deadly than it used to be.**  
Certain relief and usually complete recovery will result from the following treatment:  
Hope, rest, fresh air, and—**Scott's Emulsion.**  
ALL DRUGGISTS, 50c. AND \$1.00.

**The Belle of the Town.**  
They say that the Belles of the city are fair,  
But I never would take it for granted,  
Until I saw Minnie, with beauty so rare,  
That I fell neath her glances enchanted.  
There's Kitty and Peggy and dear Mary Jane,  
And a host of our sweet country lasses,  
Whose smiles made all of the rustics insane,  
But Minnie their beauty surpasses.  
I never could trust her like Peggy and Kate,  
I found her so full of deception,  
Some dozens could tell of a similar fate,  
For all had a kindred reception.  
But I fled from sweet Minnie, the Belle of the Town;  
Some twenty or more shared her kisses!  
And the smooch of her lips had a sulphurous sound,  
Unknown in our sweet country misses.  
Ah! give me the girl that is honest and true,  
Whose eyes ever speak her devotion,  
Whose lips are as pure as the morn's early dew,  
When kissed by the breezes of ocean.

The Telegram has been for some days inviting expressions from Republican readers on their first and second choice for President. It is really remarkable the unanimity with which these voters have picked out President Roosevelt for their first choice. The next in popularity to him as first choice is Taft, although the vote cast for him is just 14 per cent of that cast for Roosevelt. But as second choice to Roosevelt and simple second choice he is in a class by himself with which there is no reasonable comparison. As first choice, too, leaving Roosevelt aside, he leads all others by 300 per cent.

La Follette comes next as first choice, by the barest margin over Hughes. 2nd choice Hughes leads La Follette two to one. In one case Bryan was first choice, and as second choice he received within 50 per cent of number of indorsements of La Follette.

There can be no doubt of the sentiment of the people of the state reference to Roosevelt. He is their choice, but with Roosevelt eliminated Taft is the man with a great deal of emphasis.—Telegram.

**Notice for Publication.**  
DEPARTMENT OF THE INTERIOR,  
Land Office at Roseburg, Ore.,  
April 21st, 1908.
