Taft was born in Cincinnati Sept. 15, 1857, and will be but 51 next September.

We had a welcome shower last Wednesday the first for a couple of weeks.

R. F. Pearce is building a small warehouse on the wharf for R. D. Hume.

The boys here expect to have a game of ball with the Dairyville boys on the fourth of July.

The 21 and 22 of June are the longest days in the year, and from now until Dec. 22 the days will grow shorter.

The Enterprise called in at Port Orford Monday morning on her way to Coquille and Coos Bay. Hon. R. D. Hume was on board.

The schooner Ida Schnader went ashore on Tillamook Spit June 17, and will be a total loss. The crew was taken off by the life saving crew.

The report that the Cruiser Colorado was aground in Puget Sound and would be lost, is false, and every loyal American will rejoice that the swiftest Cruiser in our navy is still on guard.

Mr. Ward after spending a week or so at Bandon, returned to Port Orford Thursday. Mr. Ward is half brother to Ames Johnston, and step father to Hon. R. E. L. Beidillon of Bandon.

An unusual number of men looking for work are traveling up and down the coast with packs on their backs. We wonder if they are victims of the Japanese invasion of our mills and logging camps.

Rev. Dr. J. B. N. Bell the eloquent Presbyterian Minister of Corvallis, is just entering the 34th continuous term as Grand Chaplain of the Grand Lodge of Masons of Oregon—a length of service unequalled in the United States.

John Crook and wife of Pistol River passed through Port Orford Friday on their way to Dr. Tyler's with their seven year old son, to have his tonsils examined and probably cut out. John says that his father's health is not very good of late.

Fifty eight students graduated at the State University at Eugene, besides those in Law and Medicine. The Tribune acknowledges the receipt of an invitation to be present at the interesting Commencement exercises June 21 to 24, inclusive—an invitation which we should like to accept, and certainly shall when the railroad comes.

The Radium states that Fish Warden McAllister, and H. O'Malley Supr. of Gov't Fisheries, and the latter's Deputy, H. L. Kelly were at Wedderburn last week, to study Hume's way of propagating and feeding young salmon. They also visited the Marchmont race track, and saw some of the fine thorough breeds. No doubt they had a pleasant visit, and learned some useful things.

Dug Cook of Sixes while sprinting on a bicycle to overtake his companions, hit a rough place with such force that the forward wheel collapsed, hurling him to the ground with such force that he was badly bruised, cracking the femur of his right leg and rendering him unconscious for a while. He will soon be all right again but says there will be no more sprinting for him on a rough road.

George Forty and his son Robert and Walton Miller went out to the reef last Monday, and killed 35 male sea lions, which George says is his record for one day's killing—and he is proud of the fact that he lost none and fired only 34 shots. It was Walton Miller's first trip to sea and he stood it like an old sailor, and says that it was a wonderful experience which he will try again. They were fortunate enough to get towed back by the Enterprise.

Claud Walker, son of ex Sheriff J. G. Walker had a narrow escape from a frightful death last week at Gold Beach. He and Ed Lawrence were standing over a hot fire in the road by the Court house, when Claud was seized with unconsciousness and fell into the fire. Ed Lawrence sprang to his rescue and pulled him out quickly, but not before he was badly burned, especially one side of his face and ear. It was a close call and he may be scarred for life. No serious results are expected.

The Portland baseball team has climbed from the foot to the head of the league, and will surely win the pennant this year as it did two years ago.

The Enterprise came down from Coos Bay Wednesday last on her way to Rogue river having on board Capt. Johnson's wife, also Mr. Brady the Marshfield candy drummer who was soliciting orders.

The entire TRIBUNE family expresses its appreciation of the receipt of a gallon of strawberries—the first we have had this year—from Mrs. Frank P. Cook of Sixes. They tasted, Yum! Yum!

Chicago, June 18.—W. H. Taft was nominated for President on the first ballot by the National Republican Convention. Total delegates 980; Taft 702, Hughes 63, Cannon 61, Fairbanks 40, Knox 68, La Follette 25, Foraker 15, Roosevelt 3, absent 2.

Norman Tyler gave a farewell dance to the people here Saturday night which was a very pleasant affair. He went on down to Gold Beach to prepare for taking charge of the sheriff's office the first Monday in July, and to study up the antics of the office in the meanwhile.

A fourth of July meeting was held in Nielsen's hall last Friday. Committees were appointed; grounds were selected, and all arrangements made for a successful celebration at Port Orford. Owing to the shortness of the notice a program was not prepared for this issue of the TRIBUNE as expected, but some \$40 have already been contributed and a good time is assured.

Caleb Powers, who was secretary of Kentucky when Gov. Goebel was assassinated, and who was arrested as one of the conspirators and has been repeatedly tried and was still in jail, was pardoned by Gov. Wilson lately, because the whole country believes in his innocence. The pardon frees Jim Howard who was tried and sentenced to life imprisonment for the same offence. Gov. Goebel was shot down in the Court House yard eight years ago, when he ranked as one of the best and most brilliant young men America ever produced.

A great convention is to be held at Coos Bay some time in August, to formulate a law to be enacted by our next legislature to prevent Harrimano, or any corporation, from acquiring titles or rights of way for future railroad routes, unless actual and earnest building immediately follows. As it is now he has discouraged other roads by making surveys and plastering the state over with his maps of his so called lines. How far he can legally be kicked into action by the state is problematical, but it is wise move to spear him forward or the reverse. Call your meeting gentlemen, and we will make him believe we are all mad hornets before we are done with him. He shall not be a standstill forever—we'll make him get in or get out.

(COQUILLE HERALD.)  
P. J. Lindberg, of Port Orford, went to the bay Monday to see his son Ed, who is working at Marshfield.

Mr. and Mrs. Thos. Goerlin of Myrtle Point, were in town on Friday, having accompanied a friend, Miss McKenzie, of Port Orford, this far on her way home from a visit with friends at the Point.

**Notice.**  
Bids will be received until next Friday evening for all concessions to operate a stand on the fourth of July grounds at Port Orford, during the coming celebration. Address  
COMMITTEE ON GROUNDS,  
Port Orford, Ore.

**We Hear of More Cures**  
Of troubles originating in impure blood, scrofula, loss of appetite, catarrh, rheumatism, by Hood's Sarsaparilla than by any other medicine. Some of the most obstinate cases cured, and they gladly tell the good news to others.

**Scrofula Sore.**—My wife had a scrofula sore on her leg for years. Many different medicines gave but little benefit. She turned to Hood's Sarsaparilla and the sore quickly healed. It is a good blood medicine.  
J. N. DASH, Crosby, Texas.

**Afflicted 16 Years.**—Hood's Sarsaparilla has cured me of scrofula, with which I have been troubled 16 years, and caused by scrofula swelling on my neck and Hood's Sarsaparilla also cured her. Miss Nora Trotter, Hurley, Tennessee.

Hood's Sarsaparilla is sold everywhere. In the usual liquid, or in tablet form called Sarsaparilla. 100 Doses One Dollar. Prepared only by C. I. Hood Co., Lowell, Mass.

**STATE OF OHIO, CITY OF TOLEDO, Lucas County.**  
I, Frank J. Cheney, declare that I am a resident citizen of the City of Toledo, Ohio, and do hereby certify that the sum of ONE HUNDRED DOLLARS for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.

Fresno, Cal., June 12.—Bob Stafford, an employe of the J. V. Blane ranch near Kerman, lies at the point of death today as the result of having been stung by a swarm of bees that had killed three of the horses of his team.

Stafford was driving a fourhorse team when the horses became frightened and ran away, breaking through a fence and crossing a field used as an apiary. Bees issued from the overturned hives and in a few minutes three of the horses had died from their stings. Stafford himself was badly stung and is not expected to live.

(DEL NORTE RECORD.)  
Wm. T. Bailey and family who have been visiting in Curry county, Oregon returned last Saturday, and proceeded to their home at Regna.

According to Wood and Iron the amount of lumber received at San Francisco from Del Norte county during May was 2,411,000 feet.

Judge Childs, wife and child, returned on Wednesday from the southern and central part of the state, where they have been visiting for the past month.

F. V. Vincent, wife and son, and Miss Minnie McVay, of Smith River, returned yesterday, from several month's visit with relatives in Shelburne Falls, Massachusetts.

James A. McVay, of Curry county, Oregon, arrived here last week to visit friends and relatives. Mr. McVay resides north of Pistol River. He made a pleasant call at this office and incidentally stated that it was his 73d birthday.

Mrs. Wade, mother of Mrs. O. D. Sargent celebrated her 105th birthday on June 4th, at the home of her daughter on Upper Smith River. A number of her neighbors were present and a pleasant time was had. Mrs. Wade's memory is good, she recounting incidents of her early life in Canada, where she was born, her parents being among the first to locate in the then wilderness.

(COOS BAY NEWS)  
Judge Watson is suffering from an attack of illness at his home at Coos City. He had been enjoying good health for some time up to Friday last, when he was taken suddenly ill. His many friends hope for a speedy recovery.

J. H. Cousina, of Crescent City, Cal., is bringing Major B. one of California's most promising trotters, to Roseburg, to train for Oregon speed events. Major B will probably enter the contests at the District Fair at Marshfield.

The Coos bay trade, which was diverted to Portland after the San Francisco disaster, is gradually working back to the city, and shipments from there are constantly increasing, while the Portland shipments are falling off correspondingly. San Francisco has always furnished a market for Coos bay products, and the law of trade rules in business transactions.

Henry H. Baldwin, of Bandon, who left last September for a visit to his old home in Bandon, Ireland, returned yesterday on the Alliance. He enjoyed the trip notwithstanding his advanced age—86 years; but, like all others who have lived in the west for a long time, he soon realized that the old country was no place for him, and he was glad to get back to Coos county, where he first landed in February, 1852, as one of Uncle Sam's troopers, sent from San Francisco to quell the Indian uprising in Curry county.

If the Oregonian does not cease its silly clamor and Senator Fulton and other republican chieftains do not quit advising legislators to break their written pledges to the people, there will be other democrats elected in Oregon.—Ex.

An eminent lord chief justice, who was trying a right-of-way case, had before him a witness—an old farmer—who was proceeding to tell the jury that he had "known the the path for sixty year, and my feyther tauld i as he lered my grandfeyther zay—"

"Stop," said the judge; "we can't have any heresy evidence here!"  
"Not!" exclaimed Farmer Giles; "then how dost know who thy feyther was cept by heresy?"

After the laughter had subsided the judge said: "In courts-of law we can only be guided by what you have seen with your own eyes, and nothing more or less."  
"Oh, that be blowed for a tale!" replied the farmer. "I ha' got a bible on the back of my neck, and I never seed 'em, but I be prepared to swear that he's there, hang 'em!"

This second triumph on the part of the witness let in a torrent of hearsay evidence about the footpath which obtained weight with the jury, albeit the judge told them it was not testimony of any value, and the farmer's party won.

Bellingham, Wash. June 12.—A Vancouver, B. C., dispatch says: The provincial government will take immediate steps to deport 1,000 Hindus who are now with out money and dependent on Vancouver and the surrounding towns.

The orientals are exceedingly unpopular and are said to be poor laborers and cannot get work. They will be proceeded against as paupers with out visible means of support. Legal proceedings will not be necessary with 300 of these men who have applied to the government for transportation to India.

The remainder of the men wish to stay but they will be sent away as soon as legal proceedings against them are brought to a successful termination.

The Canadian Pacific railway, which brought the Hindus to this country, has agreed to carry them back to Hongkong free.

(ROGUE RIVER COURIER.)  
Preparations are being made for planting between 2000 and 3000 acres of grapes in Josephine county the coming season, principally Tokays.

It has been estimated that there are nine billion feet of timber tributary to Grants Pass. Perhaps the greater portion is oak and laurel and the remainder is fir and pine. The laurel is especially valuable for veneering purposes. It is significant in this connection that Muskegan, Mich., with only six billion feet of timber grow to 30,000 population in a very few years, while the land after the timber was planted to peaches and has since supported a city of nearly 50,000 population. Manistee was built to 20,000 on four billion feet of timber but the land when cleared would not grow fruit and the town went back. W. B. Sherman of this city has worked out the plan that 10 acres of land in Josephine county planted to Tokay grapes will bring greater returns during a period of 15 years than 1000 acres of good timber. Don't overlook the Tokay.

**A Square Deal**  
Is assured you when you buy Dr. Pierce's family medicine—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are getting for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests—and this potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much larger amount of these potent ingredients used in them, viz—pure grapefruit pips, ginger, and other natural vegetable essences. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia, heart-burn, full bloating, coated tongue, weak appetite, growing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Resides curing all the above distressing ailments, the Golden Medical Discovery is a specific for all diseases of the mucous membranes of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if it is persevered in. In Chronic Catarrh of the Nasal Passages, it is well while taking the Golden Medical Discovery for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchitis and lung affections, except consumption in its advanced stages, the Golden Medical Discovery is a most efficient remedy, especially in those obstinate "hang-on" coughs caused by irritation and congestion of the bronchial mucous membrane. The "Discovery" is not so good for acute coughs arising from sudden colds nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

**Cause Of It All.**  
Medford Tribune, Rep.—The Oregonian cannot understand the rule of the people. It fumes and frets and fusses continually about Chamberlain's election as United States senator, and one would think that the foundations of the nation were undermined because Oregon voters had determined to send a Democrat to the senate.  
Fool leadership, blindness to popular desires, a mulish obstinacy in clinging to machine methods has forced the election of a democrat senator in a republican state, by republicans as a rebuke to those assuming to command them.

**Chinese Sarcasm.**  
Once in while you meet a common Chinaman who has some of the native wit of his country. One such has a laundry in Lexington avenue not far from twenty-third St. The other day I heard him yell at a recalcitrant customer: "You no pay? Then you 'paper tiger!' I asked him what he meant by 'paper tiger,' and he replied, 'Oh in China a paper tiger is a blackguard who blows much, but is harmless!' He added: 'When a man is very proud of himself, what Americans call 'stuck up' we compare to a rat falling into a scale and weighing itself. When a chinaman overdoes a thing we say he is a hunchback making a bow. The rich son who spends his father's money we call a rocket which goes off at once. We say of our rich Americans who send money to the heathens by missionaries and neglect their family at home, 'They hang their lantern on a pole, which is seen from afar, but gives no light below.'—New York Press.

On June 24th Portland business men will be guests at Eugene. A special train will leave for the University town at seven in the morning and the party will participate in the opening of the new depot there, and will attend the Commencement Exercises at the University and be entertained at a reception tendered by the Eugene Commercial Club.

Few lectures have had as representative audiences,—few lecturers have been accorded the rapt attention, that greeted Mr. R. H. Thomson, city engineer of Seattle for twenty years, when he discussed "good roads and how to make them" at the Empire Theater last Thursday night. He proved that such improvements pay both from the standpoint of sanitation and finance.
