Cooler days and nights are taking of the coming fall.

Nat Deen made a trip to Wedderburn Sunday taking down a number of the Coos county ball players.

John Unican, wife and son are among the Port Orfordites who are taking in the weeks festivities at Wedderburn.

R. F. Pearce has gone down to Echebre creek, to build a house for Will Moore on the latter's place on Cedar Fork.

Miss Emma Stover, who has been in Port Orford for the past year, started for her home in the East last Friday.

Will Nevgren has been spending a week with his Port Orford friends, while on his way to attend the races at Wedderburn.

Ames Johnston has had a new sign painted for his store, which makes quite a noticeable improvement on Front street.

The Enterprise came up from Rogue river Saturday with a cargo of sawdust to be used in the cold storage plant at this place.

Supt. Guerin returned to his home at Langlois Sunday, after conducting one of the most successful Institutes ever held in the county.

Wm. Hurst Sr. was in from Elk river with the first early apples that have been on the market, and the way they sold is evidence that people are apple hungry.

Sheriff Tyler passed down the coast Wednesday on his return from the northern end of the county where he had been summoning jurors for Circuit court which convenes at Gold Beach Monday, the 24th.

Ace Carey was in town a few days ago and reports that a short time back it was rather warm at his place, and all hands turned out to fight the forest fire, but says that they then had it under control.

Mr. West started in last week to build the line fence for Mrs. Tiche nor between her property and E. W. Jensen's but has stopped work awaiting settlement of just where it shall go.

John Proek and family have been living in their new residence for some time, and Mr. Proek is now building a barn. He has put up a good residence and will soon be as comfortably fixed as many of the old town residents.

Paul Peralta and wife—nee Miss Ivy Langworthy, of Marshfield, were in Port Orford Monday night on their way to Wedderburn to take in the Marchmont races and where Mr. Peralta will join the ranks of the Coos county base ball team.

Beecher Jess is now "making the anvil ring" in his new shop just back of the Norberg saloon building. He has a large roomy building and is always on hand to meet his customers with a smile and to swap skill and muscle for the wherewith of life.

W. T. White has purchased nearly all of E. W. Jensen's stock and household furniture and rented his place on the heads, as we understand with the intention of making Port Orford his future home, a change that will be welcomed by our people. As soon as Mr. Jensen can settle up his business he will move his family to San Francisco.

J. A. Turnell, an expert piano tuner from Bandon, was in town last week on his way down the coast as far as Rogue river. Mr. Turnell expects to visit this county regularly each year, and as his work gives satisfaction and he is permanently located in the country he will doubtless meet with much encouragement.

The Tribune acknowledges a complimentary ticket to the Oregon State Fair at Salem September 14 to 19 inclusive. This, the forty-seventh annual fair, promises to be the most successful one ever held in the state. The exhibit of live stock and farm products will demonstrate the great progress being made in Oregon in this line, while the display of grains and agricultural products will compare favorably with that made in any part of the country. The speed program will furnish ample entertainment to those who enjoy seeing the thoroughbreds go, as fast horses from all over the Northwest will be brought together by the liberal purses hung up.

F. Cook made a trip to Bandon last week after a new spring wagon for L. Knapp.

Mrs. Divilbiss returned Monday from a visit with her daughter, Mrs. Ed Haines of Myrtle Point.

C. Kelly, an expert sign painter and engraver, has been spending a few days in town. If you have any painting that ought to be done, or would like to have your name artistically cut on a glass tumbler, give him a call and you will not regret it.

More campers have been camped in Port Orford and vicinity this year than ever before. Many have availed themselves of the opportunity of being near Agate beach and the lake by going over the Woodmen road, west of town, where sheltered and beautiful camping grounds can be found.

We have received only a meager account of the doings at Wedderburn. The first day's ball game was won by a score of 2 to 1 by the Coos county team, while yesterday, Del Norte was victorious 7 to 4. The winning horses in yesterday's races were: Saddle horse race 1 mile—"Blue Diamond," 3 years olds, 1 mile—"Elida," owned by Hume, 2 year olds, 1 mile—"Agness," owned by Hume. All ages, 5 furlongs, "Catosta," owned by Simpson.

Wm. Meek was in town Monday and made this office a pleasant call. He informs us that his house was broken into during the fore part of July and some money and other articles of value were taken. He has been on a still hunt and says that he now has about enough evidence to land the culprit where he belongs, which is to be hoped he will be able to do as to much leniency has been shown in cases of this kind during the past.

We understand that the line between the Jensen and Tichenor property is still under contention and that litigation is sure to follow. There is a difference of some 12 feet in the two lines recently run, and Mr. Jensen will hold by the survey made by Cunniff, at that time County Surveyor, and also contends that there is a street between the two properties and inasmuch as it is under fence he is entitled to one half of it while it is now all enclosed in the Tichenor pasture.

Deputy Game Wardens B. W. Dean and Jas. Lane made a trip up Elk river a few days ago, but failed to find any violators of the law. They report that Mr. Merrill and party are well pleased with the outlook at Mr. Axtell's mine, so much so that they are staking out several claims for themselves and intend to thoroughly test the mineral resources of that region and if it shows up they will expend a large sum in development work.

Ben Schuyler, with his aggregation of fifteen ball players, was in town Saturday night on their way to the Marchmont races where the team is now playing a series of six games with a picked squad of ball tossers from Del Norte. Mr. Schuyler was accompanied by his wife, and says that he has a bunch of boys that will give a good account of themselves when pitted against California's team, a number having recently been connected with the Coos county league.

Santa Cruz, Cal., Aug. 10.—Miss Dorothy Eaton, the 12 year old daughter of Professor Eaton, organist of Trinity church, San Francisco, is hailed today as the champion swimmer of the west. She swam around the whistling buoy yesterday afternoon, a distance of a mile and three eighths. The distance was accomplished in three hours and forty-five minutes, which is declared by Professor Cavill to be a world's record.

Miss Eaton was accompanied by Professor Cavill and Mrs. Rosenbaum of San Francisco and a number of spectators in a launch.

Langlois Items.

There will be a free dance in Bowmans hall Saturday night. Every one cordially invited to attend.

Operations are once more in order at the Oil well, a light shift being added, with a gentleman from Cal. so we understand, as driller.

Mr. Sidwell and several other gentlemen, whose names we did not learn, came down from Bandon on an outing. Mr. Sidwell was formerly driller at the Oil Well.

Supt. Guerin, Miss Julia and Marie Bessen returned Sunday from the Institute at Gold Beach. Owing to recent poor health, Mr. Guerin was greatly fatigued from the trip. He will leave at once for Myrtle Point for Medical treatment.

The other day we overheard Henry and Leland boasting over the great fertility of Curry county's soil. Bill was saying it was a common thing and that everyone knew that if you dropped a match in your field next year you'd have a full grown forest. "Yes," drawled out Hank, "same thing Bill, same thing as how you can plant a brass button in the back yard and next morning you will have a pair of ready made trousers. Great country this; Lets go swimming, Dad told me to haul gravel though."

Quite a large party of Del Norte people came up Friday—among them the base ball team that proposes to walk away with the scalps of our Oregon ball players flustering from their war clubs.

Mrs. Alice Zauwalt has contested Mr. Langworthy's homestead on Grege creek, claiming that it was more valuable for timber. Prof. Wood acted as her attorney before the County Clerk before whom the evidence was taken last Thursday.

Alf Gauntlett's new two story hall, 40 by 80 feet is nearing completion and is a credit to the town. It was dedicated last Wednesday night by the handsome school marm and visitors and the ladies of this vicinity.

Mr. J. Mars and family, of Bandon, are visiting relatives here. Mrs. Mars was formerly Miss Estey Gauntlett and is enjoying her visit at the home of her school-girl days.

West Duly and his daughter and Miss Childs are here and will stay till after the races. Mr. Duly is as jolly as ever.

John McVay and wife passed through here Tuesday on a visit to their son in Coos.

Women Who Wear Well.
It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliant gleam like the bloom from a peach which is rarely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the check of its freshness and the form of its loveliness.

As surely as the general health suffers when there is derangement of the health of the delicate woman's organs, so surely when these organs are established in health the face and form at once witness the fact in renewed complexion. Nearly a million women have found health and happiness in the use of Dr. Pierce's Female Restorative Pills. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers or for those broken down in health by too frequent bearing of children, also for the expectant mother, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating and strengthening medicine, nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Resolutions.
Whereas, we, the teachers of Curry Co., are about to depart to our several fields of labor; and

Whereas, we feel that we have derived many benefits, during this Institute, both social and educational, therefore

Be it resolved, that we extend our sincere thanks to Supt. Guerin for his uniform courtesy throughout the Institute and his untiring efforts in our behalf, and to the people of Gold Beach and vicinity for the interest they have shown and the favors they have extended; and

Be it resolved, that, considering these benefits of which we have been recipients, we extend our sympathy to any teachers who have been prevented by illness or any other cause, from being with us, and we would deprecate the action of any, if such there be, who did not make every possible effort to attend; and

Be it further resolved that we return to our duties, strengthened for their performance by the earnest desire to do all that is in our power for the advance of the pupil, the school, and the cause of Education.

Chamberlain To Attend the Fair.
Secretary Frank G. Micelli, of the Southern Oregon District Fair Association, has received a letter from Governor Chamberlain in which he states that he is now making arrangements to attend the Fair which commences August 26 at Marshfield. Should Mr. Chamberlain attend as expected it is quite probable that he will be requested to deliver an address, this being the present plans of those in charge of the event.

(COQUILLE SENTINEL)
R. D. Hume's new schooner which he is erecting at the Roy place near this city, will be launched the latter part of this week.

Mr. and Mrs. Clyde Gage and Mesdames Nye and Belloni and Miss Ray Collier and Earl Goodman returned Monday from a camping trip in Curry.

Claude and Paul Ford left today for Portland to join the J. H. Heedy's "Devil of Today" company. The Ford Brothers have made many friends while in the city and they have many friends who wish them success.

The Telegram of last Friday announced that lumber had increased to 50 and 72c per M. If the price keeps on increasing it will be good news to the lumber industry of Coos county. The San Francisco market is reported as being very dull without much improvement for the future, though it is expected that it will pick up after election.

Prison Repartee.
Senator Tillman was discussing a recent quarrel among financiers "Those men threw a good deal of mud at each other," he said, smiling, "and most of the mud stuck. It was an interesting squabble. It reminded me of an incident in a Southern jail.

"There were two prisoners in this jail. One was in for stealing a cow. The other was in for stealing a watch.

"Exercising in the courtyard one morning the first prisoner said tauntingly to the other:

"What time is it?"

"Milk time," was the reply."

(COOS BAY NEWS)
A few flocks of sprigs and mallards are noticed on the mudflats and hunters have succeeded in bagging a few.

W. H. Lingo, of Ferndale, was kicked in the chin by a horse, Saturday afternoon. Luckily the horse was not shod, but nevertheless a deep gash was cut, which was stitched and dressed by Dr. Horsfall.

Reports from outside points state that a large number of horses will be here for the District Fair, to contest for the liberal purses offered. These horses will not arrive until a few days before the fair. As one of the owners of a string of gallopers puts it, "we are not going to Marshfield to live, but to race, and we will be there on time."

Bennett Swanton returned yesterday on an enjoyable visit to relatives and friends in Ireland and England. He found times rather dull in the old country cities, with the exception of London, where hundreds of visitors from various parts of the world meet and spend money with a lavish hand. While he was in London it was estimated that 590,000 Americans alone were in the city, and nearly all of them were wealthy people who were there on pleasure not on business.

If you have a friend stick to him rather than stick him.

When you don't know what to do just wait a bit.

When are the epics noisy? When the ginger snaps.
