Town and County.

Born, at North Bend Sept. 6th 1908, to Mr. and Mrs. T. L. Carey, a daughter.

Dr. Elgin was up to Coquille during the past week to attend the pioneers reunion.

W. O. Corbin was in from his Sixes river home Monday with a wagon load of fine tomatoes.

Irving Miller and wife were in Port Orford Monday on their way to visit relatives in Coos.

It is reported that A. A. Jamieson is about to sell his saw mill on Sixes to parties that will enlarge it.

Rev. Geo. W. Roach will hold service at the church in Port Orford on the morning and evening of September 13th.

C. A. Jamieson and wife of Bandon, came down the first of the week, attending business matters and visiting relatives.

Misses Masterson and Meagher were in Langlois Monday on their way to Portland to resume studies for another school year.

The cold storage building was initiated Saturday night by a most enjoyable dance. Quite a crowd was in attendance and a good time was reported by all.

Dr. Mann was called to Port Orford Thursday to treat an elderly man at the Knapp hotel who is suffering with gastritus and other complications.

Mrs. Emma Blakeley of Lodi, Cal, is visiting her relatives here. She is the eldest daughter of John Kronenberg Sr., of Coquille, and a sister of Mrs. Marsh and niece of L. Knapp.

Mr. Davenport of Myrtle Point started up the coast Monday with a fine drove of beef cattle for the butchers at that place, having bought most of them from Joel Boud and the McKenzies.

J. C. Laird and his brother Walter and some of the latters children have been on an outing down the coast. They passed through Port Orford Saturday on their return home, and made us a pleasant call.

Prof J. C. Logan and wife have been visiting their old friends in this vicinity during the past week The Prof. has taught in various schools in this county, and is highly esteemed both as a man and an educator.

D. L. Moore passed through Port Orford Monday on his way to Myrtle Point for further treatment by a Osteopath doctor at that place. Frank Moore and wife went along to look after him and Willis Moore went along to drive the team back.

W. A. Wood has bought out J. N. True's set of abstract books at Gold Beach, and will open a law office and make the county seat his future home. Mr. Wood is a scholarly, genial man and his many friends in this section wish him unlimited success.

The Crescent City News states that Dr. Tyler contemplates moving to Smith River to practice medicene. We have heard no such report up here, and while we wish the Doctor unlimited success such as his great ability merits, and are sure that he will find a congenial field in Del Norte, yet we hope the report is unfounded, for we cannot spare him either as a Doctor or a man.

Commissioner Sypher returned from attending County Court last week at Gold Beach. The business down at the session was perfunctory. He expects that the new road from Denmark to Sixes will be completed in three weeks, and believes that good work has been done. The question of immediately graveling as much of the road as possible this fall should be actively discussed, and the work done.

Frank Cook's dogs treed a bear in town last week about two hundred yards west of the TRIBUNE office. One of the small boys climbed up into the bushy-topped tree to see what the dogs were after. He got so close to the bear before he could see it, that it got scared and dropped to the ground and escaped. The boy got so scared that he got to the ground—but will never know how he got there. The bear was no doubt after the first huckle berries, but soon the woods will be full of women after the berries and that will protect the rest of us from the bears.

WANTED—A cook at the Knapp Hotel. One that is homely or unaware that it is leap-year preferred. Address
L. KNAPP,
Port Orford, Ore.

Mrs. F. A. Stewart left Sunday by private conveyance for a visit to her daughter Mrs. T. L. Carey of North Bend.

Mrs. Linnie Jensen, her daughter Bessie and son Charles were in Port Orford Monday night on their way to their home at Bandon.

The Enterprise came up from Rogue river yesterday, and proceeded on to Coos Bay after freight for this place and Wedderburn.

Walton Miller was in town Wednesday and is now baching on his homestead. While in town he dropped in the TRIBUNE office for a friendly talk.

The new road from Denmark to Sixes is nearly completed. It should not be traveled this winter unless it is graveled, but we hear of no efforts being made to do so. Why not get busy talking it up!

H. T. Stewart and wife got back from the Marshfield fair Friday, having visited all the towns in Coos, and gone to Brewster Valley to visit Mrs. Walter Laird who is Mrs. Stewart's sister.

Taft and Foraker met on the same platform, and shook hands with a "hello! Bill, hello! Jo"—but they do say that it was a cold handshake, but a mighty one that will shake Ohio back to G. O. P.

David A. Wright and Miss Kellog were married September 2nd at the home of N. B. Huntley on Rogue river. The TRIBUNE tenders congratulations and best wishes, and is glad that they are both Wright!

Hume's string of runners passed through Port Orford Wednesday on their way to Wedderburn from the races at Marshfield. We understand that he has been offered three thousand dollars for Lutitia, Elida and Agnes his undefeated two-year-old, but the offer has been declined. There are many who believe that Elida is the fleetest three year old in the state up to one mile, and that Agnes may be just as good in another year—and may be better.

Oscar Humes and the colored trainer and the jockey have departed for San Francisco, and it is likely that R. D. Hume's racers will run no more this year, but they have shown their high quality against the best horses in the state. As a breeder he has made a fine showing, and we believe that if he keeps it up that his horses raised and developed in the fine climate of Wedderburn will soon be famous for their health beauty and endurance.

Miss Reese the evangelist returned from Rogue river Friday and preached at the church here at night. She left by stage next morning on her way north. We are satisfied that those papers of this section who have published Miss Reese as a "Holy Roller" have done her a great injustice, which would warrant her in bringing suits for libel against the careless editors, and thus teach them a needed lesson. She claims not to be a Holy Roller and that her work is Christian Evangelism in harmony with the apostles of old, and their modern imitators, the Salvation Army. She is a sencere woman, trying to do good as taught by the scriptures, and is entitled to respectful treatment by every true lady and gentleman.

Card of Thanks.

We desire, through the columns of the TRIBUNE, to express our sincere thanks and appreciation to the people of Port Orford for their kindness and assistance to us during the death and sickness of our infant daughter.
Mr. and Mrs. B. JESS.

Explanatory.

Last week we received a letter from Mrs. J. M. Bowen of S. F, announcing the death of her husband J. M. Bowen. We supposed it was our old-time friend Jimmy Bowen the barber, and commented accordingly. We have learned since that it was the husband of Mrs. Anna Bowen, formerly Miss Anna Jergensen of Elk river., who died. The friends of our old friend "Jimmy Bowen" will be pleased with this explanation, and Jimmy will know that it was not him as soon as he reads the announcement.

We have several parties who are looking for homestead locations or relinquishments, also some good timber claims. If you know of any good homestead or timber claims, it will pay you to write us. Address:—AETNA REALTY CO., 226 Failing Bldg., Portland, Oregon.

Fred Morgan of Jackson county while stopping at a creek to let his horse drink was bitten in the hand by a rattlesnake, which he killed. It was as thick as a man's arm, 5½ feet long and had five rattles. It took five hours for Walker to get to Ashland, but he had tightly bandaged his arm. His finger was cut to let the poisoned blood drop out, and three pints of whisky in his stomach and one pint injected fail to make him drunk, and strychnine was administered all night. Exactly a week before he had fallen 35 feet down a well, and escaped barely in time to miss a blast of dynamite. People up there are wondering what is going to happen to Morgan next.

Gold Beach Items.

About a month ago, Mr. Byng of of Aberdeen, Washington, was in our vicinity and filed on a timber claim and home stead which are situated near Col. I. N. Muncey's mine. Last week he returned from Aberdeen, this time accompanied by his wife and children. Mr. Byng appears to be a hustler and we wish him unlimited success in his new venture.

Mr. W. A. Wood is now located permanetly in Gold Beach, having purchased the business of Mr. J. N. True, and will henceforth represent the Curry county Land and Abstract Company. Mr. True and wife, we are informed, will soon depart for Palo Alto, California, where Mr. True hopes to regain his health by the change.

School begins in Gold Beach, September 21, with Miss Mildred Kelsey as teacher. The school board, if possible, will employ two teachers this term and provided a sufficient number of pupils from outside districts attend, the ninth grade will be taught. This is a step in the right direction and it is earnestly to be hoped that their plans will be realized.
ROBIN HOOD.

Easy Bread-Making.

After trying different ways of making bread, I find this way the easiest and best: Save the water in which the potatoes are boiled at dinner time. When getting supper make a sponge of the potato water and as much more as required (two small cupfuls to a loaf). In cold weather have the water lukewarm, add the yeast a small spoonful of salt and a large one of sugar. About nine o'clock mix it hard. In the morning knead it down to the pan. After breakfast divide it, and form into loaves, using lard instead of flour on the hands. I do not use the kneading-board. The bread is always light, white and sweet. It keeps moist and the crust is not hard. I. G. M.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa suppressed or absent monthly period), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine to use about which there is such general unanimity of opinion.* It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

RACING SUNDAY.

An impromptu racing program was pulled off at the fair ground track Sunday and was witnessed by quite a number.

Warrior Gordon took two straight heats in a half mile trot from Belle McKinnie.

A three eighth mile dash ended with Headlight in the lead, Flavora second and Baby Reed third.

O. J. Seeley drove F. P. Norton's mare, Nellie' to a victory in the carriage horse race, defeating Messrs Travers and Marsden.

(CRESCENT CITY NEWS)

Miss Clio Tyler, daughter of Dr. and Mrs. J. A. Tyler, of Denmark, Curry county, Or., is attending high school in this city. Her parents will arrive at Smith river in the near future, to make their home there.

Hon. T. J. Berry, while out Gasquet-way a few days ago with a team, was thrown from the wagon, sustaining a bruised nose and two badly lacerated legs. He is not able to attend to duties at the stable but is around and doing nicely. Though not very swift he will be able to hold his own in the race for supervisor.

Two young men, who gave their names as Geo. Miella and W. A. Jackson, coming from Oregon, broke into Otta Anderson's house at Patrick's creek and stole two revolvers together with other articles, on August 26th. On Monday last they were brought before Superior Judge Childs who gave them seven months each to make up their minds that Way of the Transgressor is hard.

(COOS BAY NEWS)

Game Warden Cal. W. Wright gives notice that he will enforce the law against killing swallows and native song birds. There is $5 fine for each offense.

The prize for the prettiest baby girl at the baby show was won by Mrs. James Shilling's daughter, and Mrs. Edgar Mauzey's son won the prize for the prettiest boy.

Two trotting races and a three eights mile dash were run at the track on Sunday afternoon. Head light won the dash and the harness races were won by Warrior Gordon and Nellie.

Assessor Thrift has about completed the assessment roll for 1908. The assessment totals nearly $14,000,000. Last year it was $13,000 000, and in 1906 it was $10,000,000.

It is very probable that Coos and Curry counties will hold an annual fair of their own, irrespective of the Second Southern Oregon District Association. Steps are already being taken with this object in view, and there is no doubt whatever of the success of the enterprise.

H. J. Crippen, who had been Editor of the Coquille Sentinel for the past year, stepped down and out on the 1st. Bro. Crippen made enemies but so will anybody who has a mind of his own and who takes a stand on certain question and stays with it. We don't know who the new editor of the Sentinel will be, but he will have to rustle if he keeps up the reputation of the Sentinel for local news.

A Minnesota View.

There is very little to divide the parties and the people in this campaign. For four years Roosevelt has been merging the Democratic party with the Republican party. In all this time there was built up a Roosevelt party and a Bryan party so near alike that one could not tell except by the brand with which he was associated. The old Republican organization with Taft as the nominee, rails at the old Democratic organization with Bryan as the nominee. The Democratic party rails back but after all what is the difference? No matter which party wins, the form of the government will not change. There will be written on the statute books no laws of any material difference. Both are pledged to about the same in that regard. Both are radical and the Democrats are more radical than the Republicans. And do politicans expect the people to get excited over a condition like this? If so they are fooled.—Brainerd Arena.

Of Interest to Women.

Mrs. M. O. Burgin of Woodward, Oklahoma, has a lucrative law practice in her town. She is one of the few women lawers of the southwest.

All of the skyscrapers of the country are cleaned by women, who get down on their knees and clean the floors. Women through all the world have done their share of the work of the world.

Mrs. Taft believes in Woman suffrage,—she has always believed in it. She says that except in rare instances the influence of women on politics is for their elevation. Mr. and Mrs. Taft are examples of true comradeship in married life.

The Independent party of the state of Illinois adopted a woman suffrage plank in its state platform and nominated two women for the board of trustees of the University of Illinois, Mrs. Eliza Kirkpatrick of Chicago and Mrs. Winifred Fay Godley of Joliet.

Chimes to the memory of Alice Freeman Palmer have been placed in Mitchell Tower of Chicago University. They consist of ten bells, the largest weighing 2,234 pounds. Mrs. Palmer for several years was connected with the University and these chimes will be a sweet reminder of this great woman.

Out of 1700 children examined lately in the District of Columbia under the new child labor law, seventy boys and two girls were rejected because of their physical disability. The increase of physical strength among girls and the decrease among boys has for sometime attracted the attention of educators. If this condition continues for another generation, women will be the strong sex physically as well as morally.
