 The election now has come and past. But is it Sherman and Bill Tate? Or after years of anxious toil, did Bryan win and get the spoils?
 You wouldn't have thought a year ago that the Japs were really our dearest friend.
 To prove that his stomach is all right, Mr. Harrison has gobbled up another railway system.
 Consistency.
 The Radium took a little "shy" at the Bandon Record a couple of weeks ago for inconsistency. In speaking of Bryan on its cover page last week the Radium says: "He asks advice of no man and consults none. Everything Democrat must be embraced with Bryan. How can the people expect to rule with such an egotist in the presidential chair. The man in the saddle directs the horse." On the inside page we find the following: "While the people of the southern states allow their leader to misrepresent their sentiments they have and will dominate the party if successful, when the decks are cleared for action."
 How about it Brother Briggs now that the election is over, which did you really mean?
 The Fleet.
 The successful and triumphal trip of the American battleship fleet around the world will do more to weld peace between the United States and European nations than a dozen meetings of the Hague Peace conference. The move was censured by some at first as a warlike action that would be resented by foreign nations, but the reverse has been the result. Instead of precipitating war with Japan it has caused the little brown men to sit up and take notice that they are not the "only pebbles on the shore," and during the fleet's visit to their shores they tumbled over themselves in offering tokens of peace and good will—quite a contrast to their hostile attitude of a few months ago.
 On nearing the land of the Rising Sun the fleet encountered a typhoon, and the manner in which these huge monsters of war rode out the storm, together with the unerring accuracy as shown in target practice of the "man behind the gun," has demonstrated to the world that these ships are the most formidable bunch of destruction ever hell in the hand of any nation, and since time immemorial might has ever been the recipient of respect and homage, and has in its power the remedy for many evils.

Timber Claims
 I will consider the purchase of fir, cedar or pine timber claims, located in Townships 33 to 41 South, Ranges 13 to 15 West of the Willamette Meridian, offered for sale by the original locators.
 ASHES G. MACRAY,
 Port Huron, Michigan.
Predicts a Huge Exodus to Oregon.
 "I look for the greatest movement of tourist and homeseekers' business to the Pacific Northwest from Middle West Points next year in the history of the country," said H. S. Rowe, general agent of the Milwaukee, on his return from a month's visit in the East this morning.
 "I was simply astounded at the number of inquiries of the whole Oregon and Washington country, and the Middle Westers no longer foot it out here on the coast. I can remember only a few years ago—yes only two or three years ago—when people in Iowa, Illinois, Missouri and Kansas looked upon us as real 'woolly Westers,' and on the Oregon country as a God-forsaken land. On this trip I found everything has been changed. Everywhere I went I was told of hundreds of residents in these states who are just crazy to come out here. Many of them are trying to dispose of their farms or city property, as the case may be, and when they have done it they will head for the Pacific Northwest.
 "Several causes have contributed to this change of feeling. We have had a great increase in tourist traffic out this way in the past few years, and the Lewis and Clark Fair, of course, was the real beginning point. The railroads have worked wonders in their unremitting advertising campaigns, for I can safely say that the class of exploitation literature sent out from this territory is of a higher class than any which reaches the great Middle West empire, and the people there freely admit it. I therefore feel confident in saying that the Northwest will receive a wonderful impetus in the movement of tourists, pleasure seekers, colonists and even prospective investors, within the next 12 months."

Fleet to Evacuate the Pacific Ocean.
 Tokio, Oct. 27.—Although the American fleet has left here for Manila and China, the impression created by the attitude of the people of the United States towards the Japanese is still a matter of comment by the Japanese and vernacular press.
 A report from Washington to the effect that President Roosevelt had ordered the Pacific fleet to proceed to the Atlantic ocean to participate in the spring maneuvers, thus temporarily evacuating the Pacific ocean, has created a profound impression here. The newspapers all comment on this action as an indication that the American people have confidence in the sincerity of the protestations of friendship on the part of Japan.
 The proposed conference of the powers interested in the Pacific ocean to discuss the oriental question is gaining in popular favor. Every newspaper in the empire favors the proposed conference and it is likely that some official action will be taken soon.
 The tender Yankton left Yokohama today for Manila. She stayed behind for repairs of damage done by the storm encountered by the fleet on the way here from Manila.
 Roseburg Or., Oct. 28.—On going out to salt his band of 26 sheep, Leander Mathers, who lives near Peet 23 miles east of here, found 17 of them dead in the pasture. On investigation it was discovered that several cougars had made a raid on the band. The tracks showed plainly that it was cougars, but the trails were too cold to be picked up by the dogs. There is an abundance of these animals and also a number of black bear in this section this fall. Several big bear have been killed near this city in the past few days, one within a half mile of the city limits last Sunday.
 We have several parties who are looking for homestead holdings or relinquishments, also some good timber claims. If you know of any good homestead or timber claims, it will pay you to write us. Address—ARXA REALTY CO., 234 Falling Bldg., Portland Oregon.

Deafness Cannot be Cured
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear or "catarrh" of the ear, and when it is entirely closed, you hear nothing, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
 We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 23c.

Criminals and Newspapers.
 Announcement is made of a new departure in newspaperdom. A co-teric of Boston moralists and social reformers has arranged for the publication of a daily newspaper in which there shall appear no criminal news. The new paper is to convey to its readers only the news that is pleasing; that has to do with the better and brighter side of life, without ignoring of everything that is criminal or of the seamy side of existence, or that appertains thereto.
 Financially considered, the outcome of this enterprise is easily foretold. Its promoters will have the pleasure of indulging in a laudable undertaking at their own expense. Laudable, we say, but not altogether so. For we are bound to accept the world as we find it, and in this undertaking, there is an attempt to accept it, not as it is, but as we would have it to be.
 It is the conviction of sociologists that the developed newspaper habit of giving undue and sensational prominence to criminal happenings is harmful and is in a measure responsible for the increase of crime. But there is no remedy in rushing to the other extreme. Criminals themselves, and those who are criminally inclined, would doubtless hail the day when publicity of their exploits should be abandoned. It is frequently the fact that people of this class fear the newspaper more than they do the policemen and the prosecuting officers of the law.
 In the publicity of crime, newspapers have fallen into the error of sensational utterance and display which, in notable instances, has brought to the criminal a certain sort of cheap fame. This is an error which must be corrected, if ever, by and awakened good conscience that will bring about some degree of cooperation in the newspaper world. That the latter will be ultimately brought about, we are prone to believe. But the individual and radical exception, like the proposed Boston publication, will avail nothing.—Telegram.
Famous White Deer Killed.
 Bellingham, Wash., Oct. 26.—The famous white deer of Lake Whatcom, which has defied hunters for years, fell yesterday, the victim of a woman, who picked off the animal from a stand in the woods near the head of the lake. The animal has been hunted by dozens of persons and has been seen by dozens more, but until yesterday it escaped all bullets, and there are those who, believing their aim to be true, were ready to swear that the animal was not of this world, but was a mere shadowy thing that haunted the woods at the head of the lake.
 This idea was punctured yesterday when Mrs. A. Methurst wife of a civil engineer, brought the animal down with a rifle that has spoken death to many another member of the deer family.
 Yesterday hunters from the city started the deer near the head of the lake and were close on its heels for a time. Before they could run it to the open a shot was heard and they arrived just in time to see Mrs. Methurst, with a smoking rifle under her arm, take possession of the game.
 The Bank of Oregon has announced a 50 per cent increase in the capital stock of that institution, this will make \$75,000 fully paid up capital for the bank, an amount that is flattering to a city the age and size of North Bend. A few weeks ago Henry Hewitt, Jr. of Tacoma bought a large interest in the bank and the increase of capital to the amount named has been one of the first acts of the present owners.
 The Bank of Oregon today ranks among the strongest institutions of its class, in south west Oregon, and North Bend is to be congratulated on having men like Henry Hewitt back of them financially.
