Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or smoky appearance indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine, you should have the best. Sold by druggists in 50c and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail.

BLACK-DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. DIAMOND DIES ARE COSTLY

Valuable Mechanism for the Drawing of Fine Wire Is Found Necessary.

A comparatively unknown industrial detail is described by "The Electrical Review." According to that authority, diamonds are used quite extensively as dies for drawing wire of the smallest sizes; for instance, the sizes less than, say, 0.025 inch diameter. The hardest steel dies are not suitable for this work, for the reason that the wear upon them so enlarges the die that the diameter of the wire is not uniform within the required percentage of variation at the beginning and end of a drawing. Sapphires are also used sometimes for this work. Copper, silver and platinum are the metals usually drawn to the very small sizes. With diamond dies it is practicable to draw platinum to a diameter of five ten-thousandths of an inch. An idea of the fineness of a copper wire drawn to only three one-thousandths of an inch in diameter may be gathered from the fact that in one pound of the metal there are over six miles of such wire.

The weight of the diamonds used for this work is from four to five carats, and they are uncut except as to the die. The value of these dies, which, of course, are not of the first water, varies from \$15 to \$20 a carat, and several hundred thousand dollars' worth of diamonds are utilized as dies in the various wire factories of this country alone.

Skilful, however, as must be the artisans who sink these small dies and attenuated as the wires drawn through them may be, yet neither will stand comparison with the output of the spinner of the common spider, which ejects a single thread of silk so fine that 18,000 threads are required to equal in thickness an ordinary strand of sewing silk.

WHY THE WOMEN ARE LATE

A Scene in the Squibbob Household Explains the Sex's Tardiness in a Clear Manner.

"It's just seven o'clock," said Squibbob, "and so you have plenty of time to dress yourself carefully for the theater. With this margin of time, Henrietta, you can surely have no excuse for being unprepared at the last moment, a trait wholly confined to your sex."

"Yes, dear, I'll start dressing right now," said his helpmeet dutifully.

"And I myself will show you a good example in promptness," said Squibbob, kindly. "I'll start right in now myself. By the way, where are my shirts?"

"Here they are."

"Put the shirt studs in it, will you? And—er—by the way, this dress suit is rather rumpled. It must have tossed it around in the drawer. You are rather handy at those things, Henrietta—can't you press it into some sort of shape?"

"All right, dear."

"And, while you are at it, fix the pearls in my shirt front. Gutter! I wish you'd chase up my cuff buttons."

Mrs. Squibbob flew around with deft and willing hands, gathering the masculine apparel together, while Squibbob calmly dressed himself in the intervals of his rapid fire directions. "Got my top hat?" he asked. "Good. Now please fix my necktie and—why—er—"

Squibbob gasped in surprise, relates the New York Sun, looked at the clock hands, which pointed eight, and then surveyed the finished little woman.

"Ginger!" he said, in fine scorn, "aren't you dressed yet? Well, if that isn't just like a woman!"

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by medicinal remedies. Deafness frequently is an inherited condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists. The

HOUSEWORK

Too much housework wrecks women's nerves. And the constant care of children, day and night, is often too trying for even a strong woman. A haggard face tells the story of the overworked housewife and mother. Deranged menses, leucorrhoea and falling of the womb result from overwork. Every housewife needs a remedy to regulate her menses and to keep her sensitive female organs in perfect condition.

WINE OF CARDUI

is doing this for thousands of American women to-day. It cured Mrs. Jones and that is why she writes this frank letter:

Glenshon, Ky., Feb. 10, 1910.

I am so glad that your Wine of Cardui is helping me. I am feeling better than I have felt for years. I am doing my own work without any help, and I washed last week and was not out and tired. That is my luck. The Wine is doing me good. I am getting better and better. Before I began taking Wine of Cardui, I used to have to lay down five or six times every day, but now I do not think of lying down through the day.
