

\$1000.00 IT IS AGREED

By successful men that the first thousand dollars that they saved looked larger to them than the many thousands that followed. There are several reasons for this. One of which is, that money saved begets more money. You are practically helpless, as far as business advancement is concerned unless you have some capital. When you have capital, opportunities for sound and profitable investments are always presenting themselves. Start an account with this bank and we will willingly assist you with our advice, when you have enough to swing an investment. Our Certificates of Deposit offer an absolutely safe opportunity to make four and five percent on your idle money. You are always welcome at this bank.

Redmond, Oregon, Dec. 22, 1910

Men Wanted

Men who are not for sale.
Men who are honest to the core.
Men who know their message and tell it.

Men who know their duty and do it.

Men who know their place and fill it.

Men who mind their own business.

Men who never swagger or flinch.

Men too large for certain limits and too strong for sectarian bands.

Men whose consciences are as steady as the needle to the pole.

Men who are not too lazy to work, and too proud to be poor.

Men who will stand for the right, though the heavens totter and the earth reels.

Men who can tell the truth, and look the world and the devil right in the eye.

Men who will condemn wrong in friend or foe—in themselves as well as others.

Men who have courage without whistling for it, and joy without shouting to bring it.

Men through whom the current of everlasting life runs still, and deep, and strong.

These are the men who achieve something worth while and accomplish the grandest and noblest purposes of life.

The merchants of Redmond have never enjoyed such a good trade as they have during the past few weeks, and every day the trade is increasing. The fact of the matter is that the merchants here are selling cheaper than other towns in the county, and the people are fast finding out and coming from miles around to do their trading in Redmond.

This will be the last winter season the people of this section will be handicapped by the bad roads between here and Shaniko. Both the Deschutes Railroad and the Oregon Trunk Line will be in early in the spring and then the choo choo cars will relieve the situation.

Those people who gave it out that the Owls dance and supper last Friday night would be a tough affair, have begun to crawlfish. The affair was as orderly as a pink tea, but with a whole lot more fun and sociability to it.

Come to Redmond, the city of progress where the glad hand of fellowship is extended to all—the city that has shown more

progress the past year than any other city or town in Central Oregon.

Booms may come and go in other localities and cities, but Redmond is a continued boom—a solid, substantial, progressive growth, with a well settled country to back her up.

The year 1910 has been a banner year for Redmond in the building line, but 1911 promises to triple and quadruple the progress made in 1910.

A city water system, electric lights, graded streets and other improvements make Redmond take class with the hustling cosmopolitan cities.

According to promises of the railroad men the rails will reach Redmond early in the spring. That sounds good.

There is never any let up in business or building in Redmond. The city is continually going ahead.

TUMALO

E. H. Edgington has returned from Shaniko where he went to take J. W. Baker and family, who have gone to Roseburg for the winter.

The young folks had a dance in the old Smith building near here, Friday night. While attending the dance Grover Pulliam had the misfortune to lose a valuable horse. The horse in some way slipped on the barn floor and broke its leg between the hoof and the knee. The horse was shot in order to put it out of its misery.

Lewis McAllister of Gist, was here last week. He is getting up a stock company to take over his Mayflower mine on the Ocho-co. He says he has a good mine and wants to secure additional capital for development purposes.

HILLMAN

[Received too late for last week]

A new blacksmith shop has been built here by N. Newburg. The Ladies Pioneer Club of this place is progressing in a very satisfactory manner and much interest is taken in the organization. The last meeting was held at the residence of Mrs. O. Baker.

Hegardt Bros. have the foundation for their new stone building completed. The building will be two story.

Mr. and Mrs. T. W. Taylor went to Prineville last week on business.

Grading on the new road north of the Santiam road has begun. This road will be of much benefit to the people here.

Mrs. W. Moore and her brother, W. McEwing, left last week for Tacoma, called there by news of the serious illness of her daughter.

CULVER

[Received too late for last week]

W. P. Myers and family have arrived here from Portland and will make this their future home.

On Tuesday, Dec. 13th, a meeting was held here for the purpose of organizing a development league. A social feature will be connected with the new organization.

It is proposed to soon develop the town by grading the streets and making other improvements.

A man by the name of J. W. Tignor was here last week looking over the ground with a view to putting in a large store.
