## TO CELEBRATE THE 4TH OF JULY

### Redmond to Have a Monster of a Celebration

### ARE WORKING OUT THE DETAILS NOW

### Redmond Invites the Whole State to Come Here and Celebrate

Redmond will have a 4th of July celebration this year that will eclipse anything ever given in the state outside of the large cities. The Oregon Trunk Line road and the Deschutes Railroad will have reached Redmond by that time and the celebration will be to commemorate the release of the vast interior of Oregon from isolation.

All interests in this section are combined for a monster celebration, and when Redmond starts out to do things she never does by halves, but goes the whole

route, and this celebration will be the grandest event ever held in the state.

Already plans are being perfected and committees appointed to take hold of the matter and get the affair well under way so that there will be no hitch in the proceedings. Portland people have signified their intention of lending a hand, and other cities in the Willamette Valley will do their share.

It has not yet been definitely settled whether it is advisable to have a two or three days' celebration—that will be decided on later. But one thing is assured, and that is that all who come to Redmond, the Hub City, on Independence Day will be royally entertained and will get the best there is in the house.

### Opening of the Oregon Cafe

The opening of Geo. L. Wheeler's Oregon Cafe, formerly the Banquet Cafe, last Thursday night, was attended by a large number of Redmond people, and many from adjoining towns. A free dance was given by Mr. Wheeler to properly celebrate the occasion, and there was a good time enjoyed by all from 9 until 1:30. Everyone went to have a good time, and they had it. Mine host Mr. Wheeler served lunch during the evening and did everything to make the occasion one to be remembered by those who attended.

## TO BOOST FOR YEAR OF 1911

### Commercial Club is Making Extensive Plans

### THIS SECTION TO BE WELL ADVERTISED

### Widespread Publicity Campaign to Interest Homeseekers

At a recent meeting of the Redmond Commercial Club it was decided to inaugurate for the year 1911 a widespread campaign of publicity to reach nearly every part of the United States. The Club has made arrangements for advertising in several magazines of wide circulation, and the results obtained from these scores are expected to be large.

Last year the club expended in the neighborhood of \$4,000 for publicity work, and issued some excellent publications treating on Redmond and the Redmond Dis-

trict. These publications were sent broadcast over the United States, and results have been obtained that can be traced directly to the above advertising.

This year it is the intention to more than double the publicity work of the organization, and it is not a question of money with the executive committee of the club, but how to get the best results, and they have decided on the magazine idea of publicity. The New West and The Sunset Magazine, the Coast publications of large circulation, are two of the mediums through which the advantages and attractions of this section of the state will be set forth.

The Redmond Commercial Club has, since its organization, been progressive and pushing, and interest among the members has not lagged. The club is composed of live wire business men of Redmond and the surrounding country, and they all pull for one end—the upbuilding of Redmond and the Redmond District.

### Organize a Band At Hillman

The town of Hillman is working toward the end to become metropolitan as fast as possible. The latest from that town is that a brass band has been organized there, and a full set of instruments received. It is understood there are several good musicians living in and around Hillman who are desirous of getting up a good musical organization.

## VALENTINE BALL BY THE BAND

### Big Time Promised for Night of Feb. 14th

### SOMEONE WILL GET PRIZE VALENTINE

### Excellent Music Has Been Provided for This Holiday Occasion

Posters are out announcing a Valentine Ball to be given by the Redmond Concert Band at Ehret's hall on the night of Tuesday, February 14th. The band is making preparations to make this dance one of the most pleasant dancing parties of the season and those who attend will be assured of having a royal good time.

A "Valentine Postoffice" and valentine booth will be in the hall. At the "postoffice" all kinds of valentines will be on sale, and at the booth the prize valentine will be on exhibition. The purpose is to give the elegant prize valentine to the young lady in the hall receiving the highest number of votes. Between the buying and selling of valentines, the selling of chances on the prize valentine and the dancing there will be something doing the whole evening.

The music for the occasion will be furnished by the full band of sixteen pieces and a large orchestra made up from the band. Everything will be done to make visitors welcome at the dance.

Supper will be served at midnight at the Oregon Cafe, which has been remodeled and enlarged and Mr. Wheeler, the proprietor of the restaurant promises a spread that has not been equaled in Redmond. Dance tickets are one dollar, and supper extra.

The whole country side is invited to come to Redmond and have a good time at the Valentine Dance. Do not forget the date—Feb. 14th.

### Now is the Time To Prepare

In time of peace prepare for war, an ounce of prevention is better than a pound of cure. These axioms are applicable to the sanitary conditions of any city, and before the season arrives when flies abound and impure matter is deposited on the ground, thereby risking disease and epidemic, is the time to take measures for the cleanliness of the city. This can be done by putting in Septic Tanks to carry off the water from sinks, toilets, etc. By the use of a septic tank the water comes out about 90 per cent pure, and there is no stagnant and impure water to attract flies. Several of these septic tanks are now contracted for to be put in early this spring. The cost is reasonable, and the healthful conditions that will obtain with their installation are incalculable.

### House and Contents Are Destroyed

At an early hour Monday morning the house of Frank Hensley, four miles south of the city was burned to the ground, and all the contents except a few clothes and a trunk were destroyed. No insurance. The origin of the fire, it is stated, was caused by some kindling wood back of a stove catching on fire.

## IMPROVEMENTS AT THE HOTEL REDMOND

### Proposed to Make This the Best Hostelry In Central Oregon

The Jones Land Co., owners of the Hotel Redmond, contemplate a number of improvements in that popular hostelry. They have already placed an order for immediate shipment of the plumbing supplies necessary to equip the house with bath rooms and inside toilets, and as soon as the material arrives the work of installation will be begun. It is the intention to have inside bath rooms all over the house, and toilets on every floor of the main building and annex. Manager Jones stated that no expense would be spared to make the Hotel Redmond the best hotel in Central Oregon.

### To Enlarge Wyatt's Billiard Hall

A. E. Wyatt, proprietor of Wyatt's Annex Billiard Hall, stated to a Spokesman representative that plans are being made to enlarge the room he now occupies by building on a 30-foot addition in the rear. This will give him the room necessary for his increasing business. He intends to put in another pool and billiard table and rearrange the interior of the place to make it more convenient for patrons. When the new equipment is placed in position Mr. Wyatt will have 4 pool and 2 billiard tables.
