## THREE-CENT FARE ON THE NEW RAILROADS

This Will Make the Fare From Madras to Portland Only \$6.10

A passenger rate of 3 cents a mile will be established on both The Oregon Trunk line and the Deschutes road of the O.-W. R. & N. Co., when they start operation in Central Oregon over their new lines that are now nearing completion. Fares between intermediate stations will also be 3 cents a mile. By establishing a 3-cent-a-mile fare both roads break many precedents in opening new lines into a sparsely settled and partially mountainous country. Usually such rates are at least 4 cents a mile and in some instances they have been 6 cents.

This rate will make the fare between Portland and Madras, the first town of present importance south of the Columbia river, \$6.10, a saving of about \$10 in the present rate between those two points. Now it is necessary to travel from Madras to Shaniko by stage or automobile, the fare varying from \$6 to \$10, dependent upon the condition of the roads. The fare between Shaniko and Portland is \$5.95.

A great saving in time also will be effected, and this also

saves the passenger considerable money. Under the present conditions it was necessary to remain in Shaniko one night and buy five meals on the way, but when the new service is established only one meal need be taken on the train.

Reduction from 4 to 3 cents a mile is also announced on the Shaniko and Condon branches, effective March 1.
