Douglass Mnlarky.
Will Henniger.
Wayne Chase.
Lloyd Farris.
Hila Morse.
Stella Wilson.
Charles Wilson.

A Few Words to Advertisers

It is the persistent, keep at-it-all-the-time advertising that counts in business. Spasmodic, once and a while advertising does not bring the results aimed at. It is keeping everlastingly at it that is the result getter in the advertising field. Keep your name constantly before the public if you are in business, and the public will watch for your announcements each week to see what you have to offer them in the way of bargains and merchandise. There is no telling how far reaching an advertisement is. It works while you sleep and brings results when you least expect it.

The wise advertisers of today are the ones who have kept their name constantly before the public either in newspapers or magazines. Mr. Business Man, think this over. It is to your benefit to use your advertising appropriation judiciously, and The Spokesman can help you do this.

Spokesman ads Bring Results

Advertisements in The Redmond Spokesman, whether large or small bring results. A 25 cent ad recently inserted in the paper brought six answers one day after the paper was issued. If you have anything to sell, or if you want anything, a small outlay in advertising in The Spokesman will do the business for you. Don't cost much, and the results are large. Try it once. It is a winner.

A Progressive Advertiser

C. H. Irvin, the furniture man of this city, is one of the persistent and judicious advertisers of this section of the county. He believes in telling the people what he has for sale in a brief and concise way, and gets the buying public interested in his business. The result is that he is doing a nice trade in the furniture business. He realizes that the only successful way to do business is to talk to the people through the newspaper and let them know you are in business and ready to serve their wants.

Madras' Valuation Is \$164,544

Madras Pioneer: The assessed valuation of all property within the corporate limits of Madras for 1910 was \$164,544. Next year will doubtless show values many times that on account of the rapid growth of the city and the construction of the railroad through the town, none of which was included in last year's assessment.

Another Record by Portland Hens

C. H. Paddison, 1133 East 10th street North Portland, has four hens for which he claims a record in producing eggs. They are Black Minorcas, and crept through the shell June 1, 1910. The first egg from the quartet was on November 8 of that year. During the remainder of that month and December they produced 101 eggs. In January, the owner got 65 eggs, February 77, March 100 and 80 during the first 21 days of April. Ordinary care and feeding has been given them.

Cruelty to Animals

Last Saturday forenoon a man drove into town and hitched his team on a vacant lot across the street from The Spokesman office. During the day the man neither fed nor watered the horses, and the team stood where hitched until early the next morning.

Madras Grants Light Franchise

The Madras city council has granted a 25-year electric light franchise to A. E. Hammond of Portland. The ordinance provides that Hammond must within thirty days after acceptance of the ordinance, begin construction work on the plant. The city is to receive one per cent of the gross receipts for the light and power furnished by the plant, same to be payable the first day of January of each year.

Spokesman for job printing.
