SHERWOOD-CAST NUPITALS

Fred Sherwood and Miss Elinor Alta Cast Are Married the 12th

CEREMONY TAKES AT M. E. CHURCH

Elaborate Wedding Breakfast Is Served at the Oregon Cafe

Mr. Fred Sherwood and Miss Elinor Alta Cast, both of this city, were married at 9 o'clock Friday morning, May 12th, at

the M. E. church here, by Rev. W. L. Wilson, in the presence of a number of invited guests. The date of the wedding was Mr. Sherwood's birthday.

The beautiful and impressive ring ceremony was used, and after the services an elaborate wedding breakfast was served at the Oregon Cafe, at which sixteen partook of the good cheer.

While the bridal party waited in the vestry Mrs. W. H. Hobbs sang a solo, "Oh, Promise Me". At the conclusion of the singing the wedding party marched to the altar to the strains of the wedding march, played by Mrs. W. H. Anderson. E. A. Cast, father of the bride, gave the bride away. The bride wore albatross and white satin and a bridal veil.

The bridesmaids were Miss Nettie Cast, sister of the bride, and Miss Pauline Weist of Bend. Miss Cast was dressed in white lawn trimmed with pink, and Miss Weist wore pale blue chiffon over pink. The groomsmen were Ben Gotter and C. W. Kemper, both being dressed in conventional black.

Mr. and Mrs. Sherwood are "At Home" on their ranch southwest of the city.

PLATTING 80 ACRES INTO 5-ACRE TRACTS

Eastern Company Will Help to Settle Up This Part of County

The Northwest Townsite Co. of Philadelphia, has a crew of men platting 80 acres of their land adjoining Melrose Park on the west, into 5-acre tracts. It is expected that the company will have the property ready to put on the market some time this summer, at which time it will be extensively advertised in the newspapers and magazines. The company this week bought the F. T. Redmond 40-acre tract adjoining the city on the northwest.

It is stated that the company will soon plat this property into acreage tracts or town lots.

The activity the above company is exhibiting in getting their land on the market and inducing settlement here shows they have unbounded faith in the future of Redmond and this section.

Gave a Trout Banquet

E. A. Tudor, who has the contract for grading the first ten miles of the Oregon Trunk railroad south from Redmond, gave a trout banquet at the Oregon Cafe last Friday night to Malcom McFee, H. H. Hall and Mr. Monahan, who are connected with the construction of the above road.

"Children's Day" Next Sunday

Next Sunday, May 21st, is "Children's Day" at the M. E. church. An interesting program appropriate for the occasion has been prepared, and the public is invited to attend the ceremonies.

WE HAVE BANISHED THE NEED OF EXPERIENCE IN SHOPPING

We have banished it for all time in Redmond. Even a little child can trade here now as safely and surely as the shrewdest shopper of them all.

Our guaranty of quality and dependableness and style, and satisfactoriness in every other detail, is a surety to you that the goods are right. All that you need to consider is, "Do the goods please me?" "Do they become me?" "Is this what I want?"

Our plainly marked one-price system shows to you at first glance our very lowest and only price, so that all you need to consider is "Can I afford to pay that much?"

The value of the merchandise and the fairness of the price for that merchandise and the satisfaction that the merchandise will give after the purchase need not be considered by you at all when trading here. For our guaranty insures you against all loss, against all dissatisfaction. If that kind of a store appeals to you as a good trading place, we'll appreciate the honor of your presence at our store.

WORKING ON THE BIG BRIDGE

All Material for Crooked River Bridge In Now On the Way

BRIDGE CREWS ARE NOW AT THE RIVER

Rush Orders Given to Hasten the Building to Completion

The Spokesman has received information from an authentic source that work on the building of the big Oregon Trunk Line bridge over Crooked river, near this city, has commenced and will be pushed forward at a rapid rate so the track layers can get

the rails to this city at as early a date as possible.

Forty-seven carloads of steel for the bridge have been shipped from the factory at Pittsburg. The last shipment from the factory was made April 26th, and by next week it is expected all of the bridge material will have reached Crooked River. Ten cars of material were in the railroad yard at Metolius last Friday ready to go to the river. The boarding cars for the bridge crews were sent to the river last week. It is stated that the steel arrived at the bridge site yesterday in sufficient quantity for work to commence. In about a week a large crew of men will be put on.

The Missouri Valley Bridge & Iron Co. has the contract for building the bridge. Work on the bridge, which will be 350 feet high from the river, will be prosecuted from each side of the stream, and connection made in the center of the span.

No definite date has been set for the completion of the bridge, but the assurance is given that all possible speed will be made.

The Redmond ball team played at Prineville Sunday and were defeated 19 to 2. Redmond was weak in her pitching staff and lacked team work.
