## R. R. MAIL BY FIRST OF JULY

Redmond Mail to Be Routed By the Way of Culver Junct.

BIDS ARE NOW BEING ADVERTISED FOR

Will Be Possible to Receive Mail the Same Day It Leaves Portland

Culver Tribune: Postmaster Colver has received notice from the postoffice department that Culver will be the distributing

point for all mail going to Prineville and Lamonta and to Hillman, Redmond, Bend, and all points south. Notices are now posted calling for sealed bids for the carrying of the mail on two routes. One leaving Culver after the arrival of the evening train at Culver, daily, and carrying the mail to Prineville via Lamonta, arriving at Prineville in six hours. Returning, leaves Prineville at 1: p. m. and arrives at Culver at 7: p. m.

The new schedule on the Oregon Trunk brings the evening train into Culver at 7:00 p. m. so that people on this route may get Portland mail in the evening of the day it leaves there. The other route will be from Culver to Hillman, Redmond and Bend. This route will carry the mail for Cline Falls, Sisters, Laidlaw and all points south. The stage will leave Culver after the arrival of the evening train, every day in the week. The schedule to Bend is 9 hours from the time of departure from Culver. Returning the stage will leave Bend at 1 p. m. and arrive at Culver 9 hours later. This is also to be a daily service. This route will supply a large territory, and will bring the mail to some of the points along the line two days earlier than formerly. Bids for these routes can be made on or before

June 6th, and the service is to be established on July 1st unless sooner established by special permit, which will very likely be done.

## PLANNING TO BUILD A \$3,000 CLUB HOUSE

The Commercial Club of this city is considering the proposition of buying a piece of land in a suitable location and building a \$3,000 home for the club. The plan has not yet taken definite shape, but the proposition has been made in order to get the sentiment of the citizens in the matter.

Messrs. Lynch and Slocum of the Club, have been appointed a committee to raise about \$200 by subscription for improvement of the Cline Falls road. It is understood that the county will assist in making the necessary improvement if part of the amount for the same is raised by Redmond people.

H. F. Jones was elected to represent the Redmond Commercial Club at Prineville when the formation of the Central Oregon Development League is made at that city.

## Reliable Merchandise

It's very poor economy to buy merchandise so inferior in quality that it does not give you complete satisfaction. It is extravagance to pay more than reliability is worth.

There are three classes of merchandise:

The Extravagantly Cheap, the Reliable Standard, and the Extravagantly High Priced.

This store specializes on the merchandise that belongs to this middle class. And we are sure that in doing your purchasing you will serve your own best interests, and secure complete satisfaction in choosing from these reliable goods.

In fact, we guarantee complete satisfaction in every purchase made here.

This week we offer a number of specially priced lots as an added incentive to May business. Read the list—they are Money Savers.

cated. This word was received by the Board of Control today. The decision of the board has been upheld by Judge Bradshaw of The Dalles.

A total of 238 rights to water were involved in the Squaw Creek determination and the decree to be entered will confirm rights to irrigate 16,018.85 acres of land, 6651.35 acres of which are at present under irrigation.

In the Tumalo decree, 150 rights to water were involved, affecting about 30,000 acres of land only 3058 acres of which are under irrigation.

Eight determinations have now been confirmed by the courts, involving in all 660 rights to water. These rights have been thus defined at an average cost to the claimants on the different streams ranging from \$6 to \$10 each and at no expense to the state, as the fees paid to the state more than equaled the appropriations made for such purposes.

Says This Is Good Fruit Section

Tom Vedder, who recently arrived here from Port Orchard, Wn., and homesteaded near this city, stated to The Spokesman last week that he thought this section was a good fruit country, and he would set out a lot of fruit trees on his place. Mr. Vedder is an old and experienced orchardist and his opinion carries weight with it.

## A THREE DAYS' RACE MEET JUNE 14-15-16

Money Being Raised Here to Hang Up Attractive Purses

The dates for the Spring Race Meet to be held here have been made for Wednesday, Thursday and Friday, June 14-15-16. Jas. B. Green, one of the local race horse owners and a prime mover in organizing the meet, has been circulating a subscription paper among the citizens to raise money for the purses that will be hung up.

Enough money has been pledged to ensure the event being a success, and word has been received from race horse owners throughout this section that they will enter their stock. The race meet last fall was a successful affair, but this meet will far surpass it in every particular, and it is expected there will be a large attendance from all parts of the county and even as far as from over in the Willamette Valley.

On account of Tuesday, May 30th, being a legal holiday, the banks here will be closed. State Bank of Redmond, Redmond Bank of Commerce
