## PREDICT 20,000 HERE IN 5 YEARS

### C. S. Jackson of the Oregon Journal, on Recent Visit Predicted a Prosperous Future for the City of Redmond

While here last week Wednesday with the Northern Pacific railroad officials who were touring the central part of the state, C. S. Jackson, publisher of the Oregon Journal at Portland, was much impressed with Redmond and the agricultural land surrounding the city. He said that any man between the age of 20 and 40 who wanted to better his condition should locate on some

of the irrigated land in this district—that there was a fortune in it for him. He compared this section with the Yakima country and said what happened there would be repeated here.

"Ten years ago," said Mr. Jackson, "a lot of us fellows gave the locators on Yakima land the laugh and predicted they would starve to death. Those fellows stuck to the land and today are on Easy street, and are giving us fellows the laugh."

"You have the same conditions here that obtain in the Yakima Valley, and with your irrigation and possibilities for fruit growing there is no possible chance to lose out, but every opportunity to win out. For that reason I say that the Redmond District presents the chance of a lifetime."

When asked what he thought about the future prospects of Redmond Mr. Jackson predicted we would have a city of 20,000 inside of ten years. "You have the land surrounding you to make a prosperous city, and Redmond is bound to grow into an important commercial center," he said.

Other members of the railroad party were equally as enthusiastic as Mr. Jackson regarding the future of Redmond and this section.

#### Bend Team Beats Redmond Boys

The ball game at Bend last Saturday afternoon between the Bend team and the Redmond team was won by the former club by a score of 8 to 5. It was a good game throughout.

#### Prineville 12, Sisters 3

The Sisters team played ball Sunday afternoon at Prineville with the result that the county seat nine came out winner by a score of 12 to 3. The Sisters team, it is said, did not play their usual fast game of ball.

#### New Plats Filed at Prineville

The Oregon Trunk Development Co. has filed the following plats with the county court: Pioneer Addition to Opal City, Grandview Addition to Bend, Terminal Addition to Culver, Warehouse Addition to Madras, Waterway Addition to Redmond.

At the ball game played here last Thursday afternoon at the driving park between the locals and the Bend team, the score stood 7 to 7 when the Redmond team went to bat in the last half of the 9th. McCauley singled and Catcher Foote, who was next up, picked out a good one and swatted it on the nose for a three bagger, sending Mac in with the winning run.

Then the balloon went up and if there had been any cushions in the grand stand they would be sailing in the air yet.

Rodman was in the box for the locals and pitched a good game.
