ANY FARMER OR GROWER MAY WIN THIS VALUABLE CUP

James J. Hill Offers \$1,000 Silver Trophy Cup for Best Wheat Raised in United States in 1911—Exhibited at American Land and Irrigation Exposition.

Last month this paper published an account of the great Land Show to be held in New York City on November 3 to 11, to get the most industrious New Yorkers—both Native Americans and foreigners—out to the broad acres of the country, away from the overcrowded, unhealthy cities, where work is scarce and hard to find. Much has been done since then. The farmers all over the country are going to try and get that James J. Hill cup away from the Northwest. We must prevent this by raising better wheat and must have a big exhibit from this section—so that we will not only have the best chance to win this valuable \$1,000 Cup, but that many of the New Yorkers will come to our section and buy land. We need more good neighbors and must help boost this locality and also the Great Northwest.

What You Must Do to Win This Cup.

The conditions are very simple and easy and any farmer or grower in the United States can easily compete for this cup.

The trophy cup offered by James J. Hill—Chairman of the Board of Directors of the Great Northern Railway—is of silver and is valued at \$1,000. It is over five feet high and is elaborately engraved. It will be presented—yours to have and hold always—to the farmer or grower in the United States who exhibits the best 100 pounds of wheat at the American Land and Irrigation Exposition, which will be held at Madison Square Garden, New York City, November 3 to 11, 1911.

The wheat must be accompanied by an affidavit, witnessed by two other persons, stating these facts: That wheat is exhibited only by actual grower. Total yield per acre. Method of preparation of land. Date and method of sowing seed. Date of harvesting. What crops were grown on land for three (3) years previous.

\$1,000 PRIZE CUP.

Special Points.

The general appearance and weight of the wheat—the trueness to variety and type—will also govern the judges in giving this great prize.

Farmers Get Busy.

It will be a great honor to you if you can win this valuable cup. The value of your farm will be greatly increased—you can sell all your wheat at fancy prices for seed. Then, too, your neighbors will be proud of you—for the winning of this cup will advertise this county—this state and our Great Northwest. Don't let Canada or the Southwest win this cup and get the honor and advertising, which should belong to this community and the Northwest for raising the finest wheat in the world. Do your part. Start now. If you haven't received one of the handsome leaflets issued by the Great Northern Railway—which tells all about this prize cup and also several other valuable cups and cash prizes—which you can win, write to-day to E. C. Leedy, General Immigration Agent of the Great Northern Railway, at Room No. 115, Great Northern Building, St. Paul, Minnesota. He will send you this leaflet and also tell you how to pack and where to ship your grain. Write to-day. It may mean a \$1,000 prize cup or a \$1,000 cash prize for you.
